BRYAN FIGHTS PLAN

OPPOSES WILSON ON NATIONAL DEFENSE

Former Secretary of State Comes Out Flatly Against the President's Program on Preparedness.

Washington, Nov. 5.—Former Secretary Bryan came out squarely against President Wilson's national defense plan today in a formal statement in which he took issue with the president's views as expressed last night before the Manhattan club in New York.

"A departure from our traditions; a reversal of our national policy, a menace to our peace and safety, and a challenge to the spirit of Christianity which teaches us to influence others by example rather than by exciting fear," is Mr. Bryan's view of the national defense plans.

The former secretary of state's statement, which reiterates views he has previously expressed on the subject of preparedness for war was regarded as the opening gun in the fight which administration leaders expect in congress against adoption of the plan.

Mr. Bryan's Statement.

Mr. Bryan's statement says:

"I have read the president's speech at New York with sorrow and concern. He is doing what he believes to be his duty, and so long as a man follows his conscience, and judgment, we cannot criticize his motives, but we may be compelled to dissent from his conclusions. I feel it my duty to dissent and, as he has given his views with clearness and emphasis, those who differ from him are under a like obligation to express themselves with equal clearness.

"He says that his position is different from that of the private individual. In that the individual is free to speak his own thoughts and risk his own opinion. This sentence is a little obscure. Insofar as he expresses his own opinion, he does not differ from the private citizen except that he speaks under a sense of official responsibility but where a nation's fate is involved in a policy every private citizen who loves his country and tries to serve it is conscious of responsibility.

Never Adopted or Endorsed.

"He has announced a policy which has never been adopted in this country and never endorsed by any party in the country and he has no way of knowing, until he hears from the people whether he has correctly interpreted the will of the public. His appeal is not to any party, but as he says, to men of 'all shades of opinion,' he asks for the hearty support of the country, meaning of course, that he wants the support, provided the people favor the policy which he has outlined. He could not, of course, ask them to support a policy which they did not endorse, and especially if they considered the policy dangerous to the country.

"From my view of the subject the plan which he proposes is not only a departure from our traditions but a reversal of our national policy. It is not only a menace to our peace and safety, but a challenge to the spirit of Christianity which teaches to influence others by example rather than by exciting fear.

"The president says that we should be prepared 'not for aggression but for defense.' That is the ground upon which all preparation for war is made. What nation has ever prepared for war on the theory that it was preparing for aggression? It is only fair to assume that the European rulers who are involved in the present war thought that they were contributing toward the maintenance of peace when they were making elaborate preparations for defense. It is a false philosophy and, being false, it inevitably leads into difficulties. The spirit that makes the individual carry a revolver—and whoever carries a revolver except for defense?—leads him not only to use it on slight provocation, but to use language which provokes trouble.

Winning National Respect.

"If there is any truth in our religion, a nation must win respect as an individual does, not by carrying arms, but by an upright, honorable course that invites confidence and insures good will. This nation has won its position in the world without resorting to the habit of toting a pistol or carrying a club. Why reverse our

FATHER MAKES GOOD FORGERIES BY SON

Grant County Farmer Reimburses Banks for Loss in Hodgison Case.

Frankfort, Ind., Nov. 5—John Hodgison, a well-to-do Grant county farmer, made good the forgeries committed by his son, Orville Hodgison, by which the young man obtained $3,595 from the First National and American National banks of this city, on Aug. 12, 1912, by means of forged checks.

Young Hodgison's flight from state to state and across the country to California, his marriage to a Kentuck girl of a prominent family and his capture in Pittsburg, following his attempt to rob a jewelry store, after he had been unsuccessful in trying to pass forged checks at Indianapolis and Louisville, followed in quick succession. He was sentenced from the court here to the reformatory for two to fourteen years. Following the arrest of young Hodgison the banks took judgment against him and the amount paid into court represents the amount of the judgment, the costs not being included.

ROBBERS CLEAN UP TWO INDIANA TOWNS

Lafayette, Ind., Nov. 5.—Six business establishments at Boswell, the small town in Benton county west of here, were entered by safe crackers last night. Attempts were made to loot safes at the W. P. Simpkins' drug store and the O'Hair & Son dry goods store, but were unsuccessful. The robbers secured but about $50 for their night's work. They escaped in an automobile.

Four residences were burglarized at Delphi last night and thieves also entered the Pearson garage. About $75 in money and jewelry were taken from the homes and a small amount of money and some clothing were stolen from the garage.

LAST MINUTE NEWS

RUMOR OF KITCHNER'S RESIGNATION DENIED.

London, Nov. 5.—(5:29 p. m.)—Official denial was made today of a report that Lord Kitchner, secretary for war, had resigned. The announcement follows: "During Lord Kitchner's temporary absence on public duty the prime minister is carrying on the work at the war office. There is no truth in the statement that Lord Kitchner has resigned."

FUSE GOES OFF; PLOT TO WRECK PLANT FAILS.

Cleveland, Ohio, Nov. 5.—A sensation was created today when a teamster for the Forest City Foundary company found near the plant of that concern nineteen sticks of dynamite with a fuse attached, which had been lighted and gone out. The dynamite was only a short distance from several buildings of the plant of the Theodore Kundtz company, which has been manufacturing bodies for automobiles for war orders and where a strikc is in progress.

Four Americans, Reported Slain, Prisoners Instead

Douglas, Ariz., Nov. 5.—The four Americans, Dr. R. H. Thighen, Dr. James Wilson, J. D. Pylant and A. L. Wilson reported yesterday by Gen. Villa as having been killed in the battle of Agua Prieta, are prisoners at Verde, according to George Snow, driver of an automobile truck, who arrived at Naco, Arizona, today.

Snow said he saw the four men at Verde last night, but could not learn the nature of the charges upon which they were held by Villa authorities.

According to the Villa report yesterday the two physicians and their chauffeurs, Pylant and Wilson, were killed by gun fire from Gen. Calles forces while doing first aid work between the lines. Villa reported the four men "dead and buried." He declined to say where they were buried or to consent to the exhumation of the bodies.

Below the business staff consists of Clarence Stillwell, J. Kinner Blitz and Robert Edmunds. The play is to be "The Arrival of Kitty."

WARREN MAY BE BIGAMIST

Check Artsit Believed to Be Escaped Convict of Kansas Prison.

WAS DOING TIME AS B. J. GIFFORD

Man Sent from Leavenworth Has Wife Residing in That City.

That Charles L. Warren, also known as Commodore Perry Hull, the poppy Midas and check operator, whose spectacular performances in Fort Wayne and elopement and marriage with Miss Beulah Youse, three weeks ago, have been a persistent sensation here ever since, is an escaped convict from the Kansas penitentiary, and is a bigamist besides, is believed by the police on information just received here.

As B. J. Gifford, a man thought to be Warren, or Hull, was sent up from the city of Leavenworth in 1911 for obtaining money under false pretenses. He was later paroled. Violating his parole he was sent back to the Kansas state prison at Lansing, an descaped from that institution last July. Since that time the Lansing prison authorities had been able to gain no trace of him until photographs and finger prints taken since

BULLETIN.

New York, Nov. 5.—President Wilson's automobile struck and injured a small boy here late today, while the president was motoring to the Pennsylvania station to catch his train for Washington. The boy was apparently more frightened than hurt. After stopping his car and ascertaining that the accident was trivial, the president continued to the station and boarded the 3:30 train for Washington.

LITTLE BOY SHOWS MARKED IMPROVEMENT

Little four year old Robert Robbins, son of Mr. and Mrs. Fred Robbins, of 1121 Broadway, who was seriously injured Thursday when a heavy shelving fell on him and who was taken to St. Joseph hospital, where it was thought he would not recover, showed marked improvement Friday.

His condition is yet very critical, but physicians are of the opinion that he has a slight chance for recovery. Indications pointed to the fact Friday morning that the belief of yesterday that the little fellows neck was broken is not true and that his injuries are confined to a badly fractured skull.

The accident occurred at 12:15 o'clock Thursday when a heavy shelving taken out of the Buck grocery was found lying across the prostrate form of the unfortunate little fellow. He regained consciousness Thursday evening.

MUNCIE MAN SUDDENLY INSANE ATTACKS TWO

Muncie, Ind., Nov. 5.—Jacob Longmeyer, 55, becoming insane suddenly today after a year's sickness, leaped from his bed and with a pocket knife slashed Thoren Kendrick, 70, across the throat, the blade of the knife missing the jugular vein.

Mrs. Dennis Hennessey, 65, attracted by the noise, attempted to quiet the crazed man and was attacked. She was stabbed about the face and one ear was partly severed. Her condition is not serious.

Kendrick is in a serious condition from loss of blood but the physicians think he will recover unless his age operates against him. He is a civil war veteran and is well known. Longmeyer was arrested.

JOBS FOR SIXTY-ONE.

Jobs were secured for sixty-one persons during the past week through the Fort Wayne branch of the state free employment bureau. Fifty of these were men and eleven women. The men were given employment as follows: Farm hands 16, laborers 32, painter 1, and plumbers 1.

HEARING IS CALLED OFF

Witnesses Who Refused to Appear Must Answer to Judge Anderson.

DEPOSITION OF MAYOR IS TAKEN

Conciliatory Committee Confers With Local Labor Leaders.

The taking of depositions before Robert B. Garmire, notary public, to be used in the application for an injunction asked for in a petition filed in the federal court at Indianapolis by the United States Mortgage and Trust company, bondholders for the Fort Wayne and Northern Indiana Traction company, against Mayor William J. Hosey and other city officials, labor leaders and fifty-five car men, came to an abrupt ending Friday morning when the principal witnesses refused to appear.

The names of twenty of these witnesses who had ben subpoenaed were called and receiving no response the notary public was instructed to certify them to the federal court at Indianapolis. Those whose names were called were: Joseph C. Colgan, Clayton Johnson, Joseph D. Shaw, J. J. Perry, Thomas Cross, Charles Randall, George Feauster, Walter Felger, Oscar Huber, L. L. Mont, Frank Weigman, Ben Stock, Chris Wenghoff, A. M. Reuter, J. D. Anderson, Milo George, William A. Bachman, Don Wildo, Joseph Haffner and Leslic Laible.

Governor's Committee Acts.

The most important move to be made by the conciliatory committee appointed by Governor Samuel M. Ralston, of which Samuel M. Foster is chairman, was a conference at 3 o'clock Friday afternoon with a committee of three representing the Federation of Labor and a committee of three representing the street car men. The conference was held at the German-American National bank and was arranged for through the efforts of the chairman.

"The first thing that we've got to do is to find out what we're talking about," Mr. Foster stated Friday. The chairman said that as soon as anything had been accomplished the public would be notified through the newspapers.

Campaign Pledge Recalled.

At the hearing before the notary public Friday morning an effort was made by Attorney Latta, representing the mortgage and trust company, to show that Mayor Hosey had promised before his election as mayor of Fort Wayne to put the lighting department of the Fort Wayne and Northern Indiana Traction company out of business. When Mr. Hosey took the stand he was shown the following statement appearing in a pamphlet during the last campaign setting forth what he would do if elected:

"He will continue the policy of commercial lighting. In doing this it will be his endeavor to procure all the light

VOTE ABOUT AS WE PURCHASE A SUIT

Do Not Give Ballot Forethought, Says Daughter of President.

Milwaukee, Nov. 5.—Miss Margaret Wilson, daughter of President Wilson, told the Wisconsin state teachers' convention here today that the majority of voters cast their ballots with "as little forethought as they give to buying a suit," and proposed as a remedy the use of school buildings as meeting places for citizens and as voting booths and the employment of school principals as election clerks. She said the people should be organized according to the voting precincts with the school buildings as their centers.

"Let us make the vote mean something—all of us, men and women together," said Miss Wilson. "It is disgraceful the way the majority of men vote. I am told when he gets a suit he gets what the tailor ells him to wear. That is what most voters do in the primary. They vote for the man who 'they' say is the man—'they' being in this case the political bosses. We know this, but have done little so far except talk about it." Miss Wilson said it "surely is America's opportunity to prove the ideal of democracy is more than a dream, that it is a principle that works." She added that self-government is nothing more nor less than a process of education. Miss Wilson said that her proposals to use school principals as election clerks and secretaries of community social centers were not impracticable, most of them having been tried successfully in Wisconsin. She said she realized democracy could not be obtained through a machine, but that "we must have the means of expressing ourselves as citizens in a more vital way."

AWAITING OFFICIAL COUNT IN KENTUCKY

Everybody Clings Fast to Claims in Governorship Contest.

Louisville, Ky., Nov. 5.—Kentucky's gubernatorial election situation marked time today pending official canvass of Tuesday's vote in the 120 counties of the state. It was expected the canvass in the smaller precincts would be completed by night but in the cities and towns the long ballot and the heavy vote possibly would delay compilation of the count until tomorrow.

Campaign managers today abated none of their previous claims. Republican leaders declared they were abiding by the formal statement issued late yesterday which gave Edwin P. Morrow a majority of 1,476. At democratic headquarters it was stated there had been no change in the claim of A. O. Stanley that his majority, with two precincts missing, was 3,598. The vote in the missing precincts, it was stated, would not affect the result.

Meanwhile revised unofficial and apparently reliable returns today from every precinct in the state gave Stanley a majority of 1,243 as against 2,081 the unofficial figures yesterday.

QUEST CLUB HEARS TALK ON ACCURACY

"Thoroughness and Accuracy and How to Obtain It," was the subject of an interesting address by Herbert Grosvenor, factory manager of S. F. Bowser & Co., at the regular weekly noon-day meeting of the Quest club, Friday. The three principal points brought out by the speaker in how to obtain thoroughness and accuracy were: Appeal to a man's pride; encourage him to think and be just as ready to commend him for doing well as to condemn him when he does wrong. W. A. Hobson led the discussion.

TEUTONIC ARMIES GAIN IN SERBIA

Big British Force is Now Nearing Fighting Line of Bulgarians.

Today's War News Given in Summary

A general advance by the Teutonic trmies engaged in the Serbian campaign is announced by the Berlin war office. During their forward movement the Austro-German forces captured 2,700 more Serbians.

From the extreme western front the Montenegrins report the capture of Troglav from the Austrians, whom they claim to be holding on the border.

The Germans, continuing their successes in the Champagne region, claim to have recaptured a trench northeast of Lemesnil, which the French had held for nearly a fortnight. Likewise they repulsed with heavy losses to the French an attack on positions recently taken by the Germans north of Massiges.

Paris claims a repulse for the new German attacks in the Champagne and reports an air raid on buildings at Dornach, used for the manufacture of suffocating gases.

In the Dvinsk district the Russians remain on the offensive, but their attacks have been fruitless and have resulted in very heavy losses for them, Berlin claims. In Volhynia, Gen. von Linsingen has driven the Russians back northwest of Czartosk. The German success at Sienikowce also is reported.

Geneva reports that snows in the Carnac Alps have brought the Austrians and Italians to a virtual standstill in their operations in that sector.

Leaders of all the Greek parties have been summoned by King Constantine for a conference on the situation created by the overthrow of the Zaimis cabinet. A speedy ending of the ministerial crisis is expected, an Athens dispatch states.

London, Nov. 5.—(12:17 p. m.)—The all-night meeting of the Greek chamber, the new attack of former Premier Venizelos on the policy of the government and his criticism of King Constantine's interference with "constitutional liberties" of the Greek people are recent stages of the new political crisis which, for the time being, has overshadowed the military situation in the Balkans. According to latest information from Athens the king is expected to continue the Zaimis cabinet and dissolve parliament rather than accept the other alternative of permitting M. Venizelos to return to power.

King Constantine is said to be in thorough sympathy with the conduct in the chamber of Gen. Yanakitas, war

CAN OF FLOOR WAX AND A GAS STOVE

A can of floor wax is alright in its place, but its place isn't the top of a gas stove with both burners lighted. Thereby hangs the tale of a fire department run made by companies 2, 3 and 8 and the police squad wagon to 340 East Woodland avenue at one o'clock Friday afternoon. A strip of wall paper the wax, and a fern suffered to the extent of five dollars and there was no other loss. The residence is owned and occupied by A. P. Smith.

Fall from a Window Will Cause Little Tot's Death

Suffering a fractured skull and other injuries of a serious nature when she fell from the second story window at her home to the cement pavement below, little Louise O'Connell, aged three years, daughter of Mr. and Mrs. J. D. O'Connell, of 419 East Lewis street, is lying at St. Joseph hospital where doctors have given up hope of her recovery.

The sad accident happened at 10 o'clock Friday morning while the mother was busy with her household duties. The little girl had gone into the bedroom facing the street and was playing on the bed, which stood next to an open window. In some unknown manner she fell from the bed, headlong to the pavement below, a distance of fifteen feet.

She was found a few moments later by a man who happened to be passing. The little girl was rushed to the hospital where Dr. E. E. Morgan attended her. He states that her injuries are of such a nature that she can not recover and that death is only a few hours distant.

The Store That Does Things

KING CALLS COUNCIL ON THE NEW CRISIS

Constantine Summons Leaders as Power of Venizelos, Ally Sympathizer, Again Looms in Greece.

Athens, Nov. 4.—(Via London, Nov. 5.)—King Constantine has summoned leaders of all parties to confer on the situation resulting from the overthrow of the Zaimis cabinet and it is expected the ministerial crisis will end within 24 hours.

One of the statements of M. Venizelos, which attracted special attention in the chamber of deputies today, was that Great Britain's offer to cede the island of Cyprus to Greece was independent of result of the war while other promises of concessions were conditional on the success of the allies. Greece, he said, was to acquire part of the Vilayet of Brusa and Bulgarian Thrace while Bulgaria was to be shorn of the territory she gained as a result of the Balkan war. All this he declared, would be obtained by Greece at small cost since the proposals of the entente powers required only the assistance of smaller units of the Greek fleet.

Referring to the allegation that Serbia had failed to send against the Bulgarians 150,000 men in accordance with the provision of the treaty of alliance, M. Venziseloos said she actually had 130,000 troops opposed to the Bulgarians. If Greece had taken the field, the former premier asserted, her army today would have been within a short distance of Sofia and Serbia could not have devoted her energies to holding back the Austro-Germans whose numbers were less than had been reported.

BERLIN SEES CRISIS.

Berlin, Nov. 5.—(Via London.)—The press of Berlin makes no attempt to minimize the victory of former Premier Venizelos, of Greece, over the Zaimis ministry, and asserts it brings a sharp crisis in the affairs of Greece. An exception is the Vossiche Zeitung, which declares the Grecian cabinet crisis "is of no significance in connection with the foreign policy." The Tageblatt devotes a column to comment on this situation, although news of the defeat of Premier Zaimis was not received until late last evening. It says a new and grave political crisis has been created by the vote of the chamber of deputies and believes financial difficulties or the chicanery practiced by the British may have been the cause.

"But the fact cannot be denied that a majority of the chamber has taken the standpoint that it is better to go through thick and thin with the entente, as its true vassal and with its financial support, according to the wishes of Venizelos and to entrust the nation's future to a daring adventure, rather than to assume the burden of temporary sacrifices and hardships which the country's persistence in its neutrality would entail."

The Tageblatt points out, however, that the decision as to the nation's future course is dependent not on secret treaties of the opposition leader, but on the provisions of the constitution which give King Constantine free rein to appeal to the people. The king can adjourn the chamber for some time and then order new elections, following which there would be a delay of several weeks before the assembling of the new chamber. During this long period the king would be able to place the nation's affairs in the hands of men of his own choice. There is no present reason, the Tageblatt concludes, to expect an immediate reversal of the policy of Greece.

WILSON AND FIANCEE GUESTS AT LUNCHEON

President Puts in Busy Day in New York After the Banquet Speech.

New York, Nov. 5.—President Wilson planned to spend the better part of today with Mrs. Norman Galt, his fiancee, and relatives who are now in New York. Despite the late hour at which the president left the Manhattan club banquet, he arose early today at the home of Col. E. M. House, where he spent the night, and called upon Mrs. Galt at her hotel about 9 o'clock. A few minutes later they left for a long automobile drive, after which they were to attend a luncheon given in their honor by Cleveland H. Dodge.

President Wilson had planned to leave for Washington at 10 o'clock, but deferred his departure until late this afternoon in order to attend Mr. Dodge's luncheon. Among the guests were Miss Helen Woodrow Bones, the president's cousin, who accompanied Mrs. Galt on her shopping tour here; Miss Gertrude Gordon, of Washington, and Dr. Cary T. Grayson, the president's naval aide and physician. The president has taken advantage of his visit to New York to talk informally with several democratic leaders. Wm. F. McCombs, chairman of the democratic national committee, who is reported to have differences with the president, had a long talk with him late last night.

FORMER RESIDENT DEAD.

Mrs. Lisette J. Geiger, 98 years old, a former resident of Fort Wayne, is dead at her home in Logansport, where she had resided for the past sixty years. Mrs. Geiger moved to this city from Defiance, Ohio, and later to Logansport. She was born in Muenchberg, Bavaria.

Minnesotans and North Dakotans Get Most of New Homesteads.

Minot, N. D., Nov. 5.—More than 85 per cent. of the 110,000 acres of Fort Berthold reservation lands will be divided among residents of North Dakota and Minnesota when they are opened to entry next May.

At the drawing here, conducted by government land officials, Charles R. Porter, of Anoka, Minn., won the privilege of making first selection of one of the 700 homesteads of 160 acres each.

A crowd that began gathering shortly after dawn packed a local theater to overflowing and waited impatiently until Julius Halvorson, 10 years old, son of a former Minot mayor, laughingly poked a chubby hand into the large wooden box on the stage and drew forth the envelope containing the name of "lucky No. 1."

ESCORT GOES AFTER OLD LIBETY BELL

Councilmanic Committee of Philadelphia Leaves for West Coast.

Philadelphia, Pa., Nov. 5.—The councilmanic committee which will escort the liberty bell home from the Panama exposition left here today in a special train for San Francisco where it is due to arrive next Tuesday. United States Senator Penrose is a member of the party and will be one of the orators of the delegation where addresses are made at the many stops on the return journey.

According to present plans next Wednesday will be Liberty Bell Farewell day at the exposition as the relic is due to leave San Francisco the next day. The bell will arrive at the Panama-California exposition at San Diego Friday morning and will remain there until midnight, Sunday. It is due in Los Angeles Monday morning November 15, for a seven-hour stop.

On the journey east the special train will make many stops in Arizona, New Mexico, Texas, Louisiana, Mississippi, Tennessee, Kentucky, Missouri, Illinois, Indiana, Ohio, New York, New Jersey and in Pennsylvania. The bell will arrive in Philadelphia on Thanksgiving day. There will be a fitting welcome home celebration. The journey to and from the Pacific exposition will cost the city about $75,000.

WOMAN BATTLES DOGS TO SAVE LITTLE SON

Chicago, Nov. 5.— In a thrilling fight with two bull dogs, the prize specimens of her husband's kennels, yesterday, Mrs. C. T. Dunkle probably saved the life of her two year old son, Jack, but was herself badly bitten. Physicians said the little boy was in a precarious condition but might recover.

Jack was playing in the back yard when attacked by the dogs. His screams attracted Mrs. Dunkle who, when she ran to his rescue was also attacked by the animals. Fighting them off as best she could the mother dragged her baby step by step to the kitchen door, where her maid helped her get the boy inside and close the door. The maid also was bitten. The physician summoned found the dogs on guard at the front door and was forced to enter the house by means of a ladder stretched from the front sidewalk to a second story window.

The services of six policemen were required to corner and kill the dogs.

On a peace footing the Portuguese army consists of 32,000 men. When fully mobilized the army should have 105,000 first line troops and 145,000 of the second to put in the field.

INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SELLERS, Acting Director of the Sunday School Course, the Moody Bible Institute, Chicago.)

LESSON FOR NOVEMBER 7

JOASH REPAIRS THE TEMPLE.

LESSON TEXT—II Kings 12:4-15.

GOLDEN TEXT—God loveth a cheerful giver.—II Cor. 9:7.

The time of this lesson was about 878 B. C., and it follows within a few years last Sunday's lesson. Inaugurated as king and instructed by a faithful priest, yet Joash discovered great lethargy on the part of the priestly class with regard to the house of God. He set himself to arouse great liberality and to repair the temple.

I. Lethargy, v. 4, 8. (1) Its cause. We should read in this connection II Chron. 24. From the two accounts and the previous history of the nation we conclude that the condition of the temple was due, (a) to the weak and frequently vicious characters of the rulers of the nation; (b) to the evil companions of both princes and priests and (c) to the cupidity of court and curate. (2) The result of this lethargy regarding God's cause was evidenced (a) upon the temple, and (b) upon the lives of the people of the kingdom. (3) The cure. Joash instituted great reforms in Judah and in these Jehoiada the priest (v. 2) had no small part. In this particular lesson the prince (v. 7) seems to lead the priest. Unfortunately the godly priest did not long survive the crowning of Joash and hence when he came under other influences he soon went back to the evil practices of his predecessors and his reign ended in an eclipse of evil (II Chron. 24:15-26).

In this lesson we have, however, a suggestion of what is needed to cure religious lethargy. (a) A vision of the real condition of affairs (v. 7; also II Chron. 24:7). Joash saw the resultant ruin of the temple after 15 years of misrule; he also saw the misconduct of the priests and did not hesitate to call them to account. 'Tis no easy task to undertake a reformation and restoration such as this; witness Moses, Luther, Wesley and Cary. These priests had aided him to gain his throne and doubtless had had a part in his boyhood training. Joash had inaugurated certain reforms before he began this task which suggests the second need of (b) persistence (see 1 Chron. 24:5, 6). Such work also demands (c) systematic effort and giving. Joash placed himself among Israel's best kings by undertaking the restoration of the temple and won a place alongside of Hezekiah and Josiah. Modern churches are not, strictly speaking, "a house of the Lord" such as the Jewish temple, yet the condition of many of our churches would indicate great indifference to the cause of the kingdom. Our bodies are indeed a "temple" I Cor. 3:16; 6:19) and both the body and church buildings alike should be kept in proper condition.

II. Liberality, vs. 9-15. The plan to have the priests gather funds for the repairs was Scriptural. (Exod. 25:2-8) God does not look upon the measure but upon the motive of our gifts (II Cor. 8:12). The priests did not "hasten the matter" so the king took it into his own hands (v. 9). In this remissness Jehoiada, as the chief priest, is held accountable for all (v. 7).

We have in this story a rich suggestion as to God's plan of Christian giving. (1) The object. It was distinctly for the glory of God and not to outbid others or to wastefully use the money for selfish purposes. (2) All were to participate voluntarily, out of their abundance (II Chron. 24:10), systematically and faithfully. (3) The results were a house repaired (II Chron. 24:12), beautiful (II Chron. 24:13) with the worship restored (II Chron. 24:14). Joash seems to have laid great emphasis upon the "tabernacle of witness" (24:6) and we need to recall that each and every part of that temple was a testimony to the truth of God and had in it a spiritual suggestion and prophecy. As a whole, it suggested that God dwelt in the midst of his people. The sons of Athaliah (Joash's grandmother) had so conducted themselves as to cause it to need repairing (II Chron. 24:7). When we turn to II Chron. 24:8-14 and read the record of the restoration of the temple, we discover: (1) Each had its part in the work. (2) Each did a "perfect" work, e. g., did his task faithfully, fully and to a finish. (3) Each did an orderly work, "in his state." None sought to supplant or defraud others in the work assigned. (4) Each did a strong work, it was "strengthened" and not a trifling work as men-pleasers or for the moment.

Try more prayer and like Joash, give the people a chance and there will be no lack.

Again, note that they dealt "faithfully." We need to exercise faithfulness in our relations to God and in the use of that which he intrusts to our stewardship.

Man and God alike will have confidence in us according to the method whereby we receive and expend money.

These funds were expended in a businesslike way (v. 11, 12. II Chron. 24:11), and this doubtless added much to the size of the gifts

TALKS ON SCIENCE OF CHRISTIAN HEALING

Prof. Herman S. Hering is Heard in Address at the Majestic.

The Science of Christian Healing was the theme of Prof. Hermann S. Hering, C. S. B., of the board of lectureship of the Christian Scientist church, in a lecture given Thursday evening, before a large audience at the Majestic theatre. Miss Edith Geake, one of the directors of the local church, introduced the speaker, and in presenting Prof. Herring Miss Geake said:

"One of the most vital, and perhaps most important statements made by Jesus, was when he said, "Ye shall know the truth and the truth shall make you free.'

Christian Science comes with a proclamation of freedom from the bondage of sin, disease, sorrow, and all the ills that the flesh is heir to.

"In Science and Health, with key to the scriptures, Mrs. Eddy voices the Mission of a Christian Science lecturer when she says, 'Millions of unprejudiced minds—simple seekers for truth, weary wanderers, athirst in the desert—are waiting and watching for rest and drink. Give them a cup of cold water in Christ's name, and never fear the consequences.'

"We have with us this evening, one who is qualified to present this truth as taught in Christian Science, and I take pleasure in introducing to you, Prof. Herman S. Hering, C. S. B., of Concord, New Hampshire, a member of the Board of Lectureship of the First Church of Christ Scientist of Boston, Mass.

Prof. Hering's Address.

In the course of his address, Prof. Hering said:

"Christ Jesus, the great physician, the divine healer, has for all times set the standard of perfect healing before humanity, and that many do not yet believe in his gospel results from a lack of understanding of the true nature and philosophy of the so-called miracles which he performed. His ethical teachings are very generally accepted even by agnostics; although the spiritual records of the healing work as a part of his divine mission, meet with dissent from many of the cultured people of today.

"The gospels record many instances of the healing of physical disease by Christ Jesus and his disciples; he restored a withered hand, he healed an impotent man and a man born blind; he healed paralysis, dropsy, hemorrhage, leprosy, epilepsy and violent insanity, and he raised the dead.

"Furthermore he specifically commanded his disciples that they should continue his healing work.

"Peter, John, Philip, Paul and other followers healed paralysis, deformity, insanity, lameness, and also raised the dead, in connection with their missionary work; in fact healing was practiced quite generally among the early Christians.

"All those who admit that Christian healing is even desirable can but welcome a consideration of what it would involve, what it would depend upon. Let us consider, therefore, whether there is a Science, a principle, and law which can be applied, and how this application can be made.

"The fact that Christian Science heals can readily be determined by any sincere investigator, and the supporting evidence reveals its coincidence with spiritual healing. Thus proving this healing to be true and possible today and establishing the fact that Christian Science is Messianic.

"According to the scriptural accounts, the healing wrought by the Master and mental or spiritual means alone, thus through some action of thought. Christian Science healing is brought about in the same way. In both, the healing principle and law are mental, and we are thus led to examine into the nature of mind and mind action.

"Christian Science teaches that mind is that which thinks, that which expresses itself in ideas, intelligence, consciousness. Thus it is the basis of all manifestation, the principle and intelligence of the universe.

"This divine actuality is the scientific basis on which all christian healing is demonstrated, the divine principle whose unlimited power is utilized in the overcoming of sin and sickness.

"This then is one of the initial and essential steps in the Science of Christian healing—the recognition of the unreality of all that which is unlike God, that it has but a seeming and not an actual existence

"The order of scientific christian healing therefore is expressed first, in the knowing of perfect God and perfect man, followed by the recognition of the erroneous nature of disease, sin, and all that is unlike God; then in the application of absolute truth to the elimination of error, so that right, harmonious conditions may be established.

"The love and gratitude which Christian Scientists feel toward Mrs. Eddy is not to be wondered at when one takes into account the great good which has come into their lives as the result of her teachings.

"The whole world is indebted to her for her scientific and spiritual interpretation of the bible, especially the words and works of the Master, and for her demonstration of the truth of his teachings. In the face of the so-called higher criticism and the doubt respecting the correctness of much scientific teaching and the possibility of obeying Christ Jesus' commands. Mrs. Eddy's proof that the bible is true stands out as the greatest, most significant achievement of this age, for hereby the truth of christianity and the rightness of its basis is scientifically established.

"Mrs. Eddy early learned that the bible is the word of God the spiritual teacher of the ages. She turned to it for light and leading when human ways and means failed to give health and hope. In its inspired pages she found Christian Science, and spiritual fulfilment of Jesus's teachings and practice and she thus rediscovered the Science of Christianity.

"To Christian Scientists Mrs. Eddy is a living example of the triumph of faith in God, a faith deep and vital because rooted in spiritual experience. She knew God aright. She looked to divine intelligence and proved that God is mind. She was governed by spiritual law and proved that God is principle. She looked to God for health, and proved Him to be life. She loved all mankind and proved that God is love. She gave all for the "pearl of great price," the knowledge of God, and offered it to all the world.

"Christian Science is the renaissance of christianity, the re-birth and re-establishment on a scientific, demonstrable basis, of the christianity which Christ Jesus taught and practiced. It is the fulfillment of his mission of bringing to the world of salvation from sin, sickness and death. Its modest achievements of today prove the truth of its principle and rule and enable any sincere seeker to begin to live it. It is a clarion call to every aspiring heart, to awaken to the present privilege of freedom and spiritual authority over human ills, and to demonstrate that the day of human redemption is at hand."

Exodus 33:12-23.

12 And Moses said unto the Lord, See, thou sayest unto me, Bring up this people; and thou hast not let me know whom thou will send with me. Yet thou hast said, I know thee by name, and thou hast also found grace in my sight.

13 Now therefore, I pray thee, if I have found grace in thy sight, shew me now thy way, that I may know thee, that I may find grace in thy sight: and consider that this nation is thy people.

14 And he said, My presence shall go with thee, and I will give thee rest.

15 And he said unto him, If thy presence go not with me, carry us not up hence.

16 For wherein shall it be known here that I and thy people have found grace in thy sight? is it not in that thou goest with us? so shall we be separated, I and thy people, from all the people that are upon the face of the earth.

17 And the Lord said unto Moses, I will do this thing also that thou hast spoken: for thou hast found grace in my sight, and I know thee by name.

18 And he said, I beseech thee, shew me thy glory.

19 And he said, I will make all my goodness pass before thee, and I will proclaim the name of the Lord before thee; and will be gracious, to whom I will be gracious, and will shew mercy on whom I will shew mercy.

20 And he sad, Thou canst not see my face: for there shall no man see me, and live.

21 And the Lord said, Behold, there is a place by me, and thou shalt stand upon a rock:

22 And it shall come to pass, while my glory passeth by, that I will put thee in a clift of the rock, and will cover thee with my hand while I pass by:

23 And I will take away mine hand, and thou shalt see my back parts: but my face shall not be seen.

Wilson on National Duty.

In an address delivered before the Manhattan club in New York Thursday night, President Wilson gave voice to another utterance that deserves the closest reading and the deepest thought of every citizen of the country. It was a remarkable address, breathing the loftiest Americanism in every syllable, and it discussed in plain terms the perils that confront the United States and the national duty respecting them.

It was announced as an exposition of the president's military plans and his program for national defense, but it was more than that. The president set forth his belief that there should be an increase in the army and the navy, and outlined the plans he believes should be followed in bringing this about. He would vastly increase both branches of the military service, but it must be solely with the view of protection and not conquest, the president reiterating the declaration that America would never take another foot of territory by conquest, and that its desire was for peace and not for conflict.

"The only thing within our borders that has given us grave concern in recent months," said the president, "has been that voices have been raised in America professing to be the voices of Americans which were not indeed and in truth American, but which spoke alien sympathies, which came from men who loved other countries better than they loved America; men who were partisans of other causes than that of America and had forgotten that their chief and only allegiance was to the great government under which they lived. These voices have not been many, but they have been very loud and very clamorous. They have proceded from a few who were bitter and who were grievously misled."

The president would rebuke not only these manifestations of racial feeling, but those of religious and sectarian antagonism as well. Surely there will be generous and enthusiastic response to his appeal to "renew our allegiance to America, conserve her strength in its purity, make her chief among those who serve mankind, self reverenced, self commanded, mistress of all forces of quiet counsel, strong above all others in good will and the might of invincible justice and right."

Germany has issued a denial of the rumor that Prince Von Buelow is empowered to discuss peace terms. Great Britain insists that she has no thought of seeking peace. France declares the war must go on until "enduring peace" is secured, and Italy asserts that she isn't giving attention to anything but a succesful prosecution of the war. The unanimity of the utterances by the various belligerents constitutes after all the most hopeful indication we have yet seen that, despite their pronouncements, each believes peace is really nearer than it appears.

Discussing the Indiana workmen's compensation act, Samuel R. Artman, a member of the Indiana industrial board, declared in a recent address that the new law would prove an immense success largely because the manufacturers of the state are cheerfully and enthusiastically enlisting in the campaign for accident prevention. Therein Judge Artman emphasized the really big and important purpose of the new statute. Prevention of accident is infinitely to be preferred to compensation for it, however generous the latter may be. The new law is a conservation act as well as a compensation act.

True, the outpouring of progressives who rallied to the call for a conference with State Chairman Lee in Fort Wayne Thursday afternoon was not numerically imposing, and it did not make the welkin ring with demonstrative enthusiasm, but it appears to have been earnest and business-like for all of that. In all probability it will be discovered a little later that the bull moose organization in the Twelfth district has been merely playing 'possum, and that it is by no means as dead as indicated by the finding of the republican political coroners who "sat" on its remains.

The Delphi Journal is another Indiana republican newspaper which has recently been amusing itself by taking a straw vote of its readers regarding their senatorial preferenceces. In the result Hugh Th. Miller is credited with leading the field with 113 votes, while Watson received 109, A. R. Robinson, of Indianapolis, 100, William L. Taylor, 48, and Judge Walter Olds, 5. The reader is invited to appraise the showing as either portentious or inconsequential, precisely as he feels about it.

Two years ago the city of Noblesville voted "dry" by a majority of 10 votes. In an election just held the temperance forces swelled their majority to 237 votes. Having tried a dry city for two years, Noblesville rather likes that sort of thing, and the big increase in the dry majority should spell something definite to those gentlemen of wet proclivities who profess to believe that the rebellion against booze is merely a transitory spasm that is soon to disappear.

WHO PAYS?—NOT THESE FOLK.

(Pittsburg Dispatch).

The American abroad hereafter is not likely to find his path any pleasanter in the respect entertained for him by the people of foreign countries following the disclosure of the numbers who have cheated the government, which came to their rescue when they were caught far from home and without funds by the breaking out of the European war. The charge has been made many a time that the citizen of the United States sheds little luster on his country when he toured in foreign lands. The sneers at his Americanism can now be uttered with more warrant. His own government has been compelled to advertise quite a number of its citizens as deadbeats.

Of course, the failed-to-remit column, happily, is not representative of the majority of Americans, but there should be no such column possible. Least of all should there be possible what the government announcement has disclosed—that fictitious names and addresses were given by some of those helped. it seems hard to believe that supposedly reputable Americans, succored in a time of serious and unique distress, should stoop to the trickery which a professional crook would despise. There may be legitimate explanations here and there for the failure to return the money the government advanced, but in the most cases, after more than a year has elapsed, it is pretty apparent that those involved do not intend to pay and never had any intention of doing so. It is a pretty tough commentary on some people's interpretation of gratitude and honor.

SHOWING THE GOODS.

(Indiana Times).

Marion, Ind., is giving this week to the celebration of the city's industrial and business greatness. An industrial exposition is being held. As an educational movement, as an eye-opener to Marion citizens as well as to outsiders, an industrial exposition, wisely conducted, is sure to be a large success and a beneficial and helpful enterprise. It is evident the exposition is all and more than its promoters had hoped for. Reports from Marion indicate that the showing made by the industries of that widely famed city is far better and greater and more significant of progress and home possibilities until it has been brought face to face with a concrete demonstration of the facts in an exposition such as is now being held at Marion. It is a fortunate thing for Marion that it is being presented in its most favorable aspect by organized citizens of efficiency, foresight and energetic loyalty. Marion had its gas boom, its oil boom, and its ups and downs following those busy periods, but today a substantial, permanent, live and pushing Marion survives in greater vigor and solider growth than ever before, and the industrial exposition is a present evidence of that stamina, enduring quality and positive expansion.

Chips from the Pine Block

GRANDMA IS A DEBUTANTE—she wears the sprightly smile, her gowns are growing flimsier and shorter all the while. Grandma trots the foxes, and her heels are very high, she wears her hair in colors, and there's sparkle in her eye. I am lost in retrospection as I gaze across the floor where Grandma whirls mid giddy girls. She's granny now no more! Grandma's swiped the powder puff, the rouge, the vision sock; she's rushing back to 17, she's turning back the clock! Her fingers gleam with shining glass, she wears an ankle watch, and when the morning pales the east she'll take a swig of Scotch. The sleeves have left her long ago, her gown is open-faced; she wears no bulky petticoats, no end-gate in her waist! The rocking chair variety of grandmama is missed by those who recollect the kind we always kissed, but let us hide our sentiments and catch the newer step. Hurrah for Dancing Grandmama, the kind that has the pep! Goodby to Grandma of the Chair, who looked so worn and old, who used to sing so sadly, "Silver Threads Among the Gold."—Charles B. Driscoll.

AT THE TEMPLE.

BEAUTIFUL STAGE SETTING.

Third Act of "Mary Jane's Pa" Lavishly Produced.

No more lavish stage setting ever has been included in the properties of a road company than the one the Temple players are using in the third act of the comedy drama, "Mary Jane's Pa," this week. The scene depicts the front lawn of the home of Portia Perkins, with its porticoed house, white paling fence, splendid big oak tree and a beautiful landscape stretching away as far as the eye can see. It cost considerably more than the Temple management cares to contemplate to produce this setting, and it is used but twelve minutes each performance. Its life is but a week, as in common with all the settings used, the scene must be scraped and new ones painted for the next production. "Mary Jane's Pa" is an interesting arresting little comedy drama of life in a small village, life fraught with the petty annoyances, the gossip, and the big triumphs that are part and parcel of the activities of the Hoosier village of a generation ago.

Next week the Temple players will present "The Divorce Question," a play of commanding interest, one that has been given a rating by critics above even the enviable position occupied by "The Rosary."

AT THE EMPRESS.

Snappiness is one of the most characteristic features of the presentation of "Broadway Jones" by the Empress stock. There is not a single, solitary dragging moment in the production from start to finish. Everything goes with a vim and a dash that makes the performance pass all too quickly. It is this snappiness which is one of the most pleasing features of the presentation, as audiences like things to move quickly.

The final matinee performance of "Broadway Jones" at the Empress will occur tomorrow afternoon. Already a great many tickets have been sold for this performance and those who are contemplating going to the show tomorrow afternoon should lose no time in securing their seats. Many of the people who saw the sow earlier in the week, are planning to return tomorrow afternoon to see it again.

Next week's production by the Empress stock will be "Within the Law," one of the most famous and most successful dramatic successes of the day. The production will be made in a most elaborate style.

AT KEITH PALACE

COMICAL JAPS.

New Palace Has Trio of Slant Eyes That Have Funny Streaks.

To the average occidental mind a Jap has the sense of humor of a sawbuck and a bucksaw after the first half cord is stacked. A lot of things grow in Japan, but no one ever accused an American type of fun being indigenous to the Flowery kingdom, until the three Mori brothers began their tour of this country, which has brought them to the New Palace this week. These acrobatic marvels possess funny streaks that are funny to even an American. After some unusually difficult acrobatic tricks are disposed of two of the Japs indulge in a bit of play with a huge barrel and not only do they keep an audience in their seats until the final curtain but they earn gales of applause.

This week's Keith bill is one of unusual strength. Not only is it specially augmented by the addition of Miss Jennet Adair but it also is composed of a list of stars that is unusual, to put it mildly. Miss Augusta Glose is presenting a group of character songs with the aid of a piano; George and May LeFevre head the Metropolitan dancing girls in an exquisitely graceful dancing act; Felix Adler very distinctly is there in his own comedy creations; Freeman and Dunham are doing their syncopated melodies; the Rexos have an amazingly graceful and daring skating act, and James Thompson and company are presenting the laughable farce comedy, "The Burglar's Union."

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidney and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

AT THE ORPHEUM.

ORPHEUM "CARMEN" TRIUMPHS.

Theda Bara Astounds With Fiery Acting in Film Classic Here Today and Tomorrow.

In one of the most pronounced hits ever registered by a photo production exhibited in this city, Theda Bara, long acclaimed as the most fascinating personality in the screen world, invested her uncanny dramatic art in the historied role of Prosper Merimee's immortal "Carmen," and gave such a vivid passionately realistic depiction of the part that those who witnessed her performance are still agitatedly discussing the bizarre, sensational interpretation. Her fight in the cigarette factory and her death scene are triumphs of dramatic skill. She displays throughout the wonderful facial control that has made her famous in the moving picture world.

The Fox "Carmen" as it is shown at the Orpheum theater today and tomorrow, departs radically from conventional presentations of the cigarette girl's romance. The recitation of the story is spiced with thrills that fairly take the breath away, as for instance, the awful death dive of Jose from a high cliff into the sea on horseback, or the sanguinary bull fight in the El Toro arena at Seville, a masterpiece of authenic photography. Bizet's entire operatic score given by the Orpheum orchestra, will enliven the picture musically. The hours of performance this evening are 6:15—7:25—8:35—9:50.

AT THE JEFFERSON.

"The Magic Skin" that delightful French romance by Honore de Balzac, has been filmed by the Edison company and will be seen at the Jefferson today. It is a startling and original bit of film making, very unique in theme and execution, and possessed of more sensational situations and refreshing diversion than any five-part feature of the present season.

Lovers of Balzac will remember the enchanting story of "The Magic Skin." Ralph Valentine, a musician, fascinated by a dissolute countess of questionable morals, is jilted. He determines upon suicide but sees in the waters of the Seine a vision of the beautiful woman stretching out her arms toward him. He hurries to a neighboring antique shop to purchase a pretty necklace which he knows she covets, and, while waiting in an ante-room for the aged dealer, accidentally presses a secret spring which reveals a figure of the Christ. Instantly his mood is softened by a strange influence. The figure disappears and when he turns the aged antique dealer, in the form of Satan, points to a skin lying upon the table. He bids him take it, saying that his every wish shall be granted, but the skin shall shrink in proportion to each wish gratified until it is no more, when Ralph's soul shall be given up to him for eternity. The bargain is made and Ralph departs upon a life of ephemeral pleasures in which there is much of wine, women and song, until the ghastly day of reckoning. Dorsey Travels completes the bill. Next week will be a banner one. Hazel Dawn, Marguerite Clark and Trilby are coming.

Chemically pure iron, produced in Germany by electrolysis, when heated compares in hardness with aluminum, but can be toughened by cold rolling.

PRESIDENT OUTLINES DEFENSE PLANS IN MANHATTAN CLUB ADDRESS.

New York, Nov. 5.—President Wilson's address before the Manhattan club last night, in which he outlined his plans for the building up of national defense, was as follows:

"Mr. Toastmaster and Gentlemen:—I warmly felicitate the club upon the completion of fifty years of successful and interesting life. Club life may be made to mean a great deal to those who know how to use it. I have no doubt that to a great many of you has come genuine stimulation in the associations of this place and that as the years have multiplied you have seen more and more of the useful ends which may be observed by organizations of this sort.

"But I have not come to speak wholly of that, for there are others of your own members who can speak of the club with a knowledge and an intelligence which no one can have who has not been intimately associated with it. Men band themselves together for the sake of association no doubt, but also for something greater and deeper than that,—because they are conscious of common interests lying outside their business occupations, because they are members of the same community and in frequent intercourse find mutual stimulation and a real maximum of vitality and power. I shall assume that here around the dinner table on this memorial occasion our talk should properly turn to the wide and common interests which are most in our thoughts, whether they be the interests of the community or of the nation.

"A year and a half ago our thought would have been almost altogether of great domestic questions. They are many and of vital consequence. We must and shall address ourselves to their solution with diligence, firmness, and self-possession, notwithstanding we find ourselves in the midst of a world disturbed by great disaster and ablaze with terrible war; but our thought is now inevitably of new things about which formerly we gave ourselves little concern. We are thinking now chiefly of our relations with the rest of the world,—not our commercial relations,—about those we have thought and planned always—but about our political relations, our duties as an individual and independent force in the world to ourselves, our neighbors and the world itself.

Principle Well Known.

"Our principles are well known. It is not necessary to avow them again. We believe in political liberty and founded our great government to obtain it, the liberty of men and of peoples—of men to choose their own lives and of peoples to choose their own allegiance. Our ambition, also, all the world has knowledge of. It is not only to be free and prosperous ourselves, but also to be the friend and thoughtful partisan of those who are free or who desire freedom the world over. If we have had aggressive purposes and covetous ambitions, they were the fruit of our thoughtless youth as a nation and we have put them aside. We shall, I confidently believe, never again take another foot of territory by conquest. We shall never in any circumstances seek to make an independent people subject to our dominion; because we believe, we passionately believe, in the right of every people to choose their own allegiance and be free of masters altogether. For ourselves we wish nothing but the full liberty of self-development; and with ourselves in this great matter we associate all the peoples of our own hemisphere. We wish not only for the United States but for them the fullest freedom of independent growth and of action, for we know that throughout this hemisphere the same aspirations are everywhere being worked out, under diverse conditions but with the same impulse and ultimate object.

"All this is very clear to us and will, I confidently predict, become more and more clear to the whole world as the great processes of the future unfold themselves. It is with a full consciousness of such principles and such ambitions that we are asking ourselves at the present time what our duty is with regard to the armed force of the nation. Within a year we have witnessed what we did not believe possible, a great European conflict involving many of the greatest nations of the world. The influences of a great war are everywhere in the air. All Europe is embattled. Force everywhere speaks out with a loud and imperious voice in a titanic struggle of governments, and from one end of our own dear country to the other men are asking one another what our own force is, how far we are prepared to maintain ourselves against any interference with our national action or development.

No Wilful Use of Force.

"In no man's mind, I am sure, is there even raised the question of the wilful use of force on our part against any nation or any people. No matter what military or naval force the United States might develop, statesmen throughout the whole world might rest assured that we were gathering that force, not for attack in any quarter, not for aggression of any kind, not for the satisfaction of any political or international ambition, but merely to make sure of our own security. We have it in mind to be prepared, but not for war, but only for defense; and with the thought constantly in our minds that the principles we hold most dear can be achieved by the slow process of history only in the kindly and wholesome atmosphere of peace, and not by the use of hostile force. The mission of America in the world is essentially a mission of peace and good will among men. She has become the home and asylum of men of all creeds and races. Within her hospitable borders they have found homes and congenial associations and freedom and a wide and cordial welcome, and they have become part of the bone and sinew and spirit of America itself. America has been made up out of the nations of the world and is the friend of the nations of the world.

"But we feel justified in preparing ourselves to vindicate our right to independent and unmolested action by making the force that is in us ready for assertion.

"And we know that we can do this in a way that will be itself an illustration of the American spirit. In accordance with our American traditions we wtnt and shall work for only an army adequate to the constant and legitimate uses of times of international peace. But we do want to feel that there is a great body of citizens who have received at least the most rudimentary and necessary forms of military training; that they will be ready to form themselves into a fighting force at the call of the nation; and that the nation has the munitions and supplies with which to equip them without delay should it be necessary to call them into action. We wish to supply them with the training they need, and we think we can do so without calling them at any time too long away from their civilian pursuits.

Outlines His Plans.

"It is with this idea, with this conception, in mind that the plans have been made which it will be my privilege to lay before congress at its next session. That plan calls for only such an increase in the regular army of the United States as experience has proved to be required for the performance of the necessary duties of the army in the Philippines, in Hawaii, in Porto Rico, upon the borders of the United States, at the coast fortifications, and at the military posts of the interior. For the rest, it calls for the training within the next three years of a force of 400,000 citizen soldiers to be raised in annual contingents of 133,000, who would be asked to enlist for three years with the colors and three years on furlough, but who during their three years of enlistment with the colors would not be organized as a standing force but would be expected merely to undergo intensive training for a very brief period of each year. Their training would take place in immediate association with the organized units of the regular army. It would have no touch of the amateur about it, neither would it exact of the volunteers more than they could give in any one year from their civilian pursuits.

"And none of this would be done in such a way as in the slightest degree to supersede or subordinate our present serviceable and efficient National Guard. On the contrary, the National Guard itself would be used as part of the instrumentality by which training would be given the citizens who enlisted under the new conditions, and I should hope and expect that the legislation by which all this would be accomplished would put the National Guard itself upon a better and more permanent footing than is has ever been before, giving it not only the recognition which it deserves, but a more definite support from the national government and a more definite connection with the military organization of the nation.

What We Seek.

"What we all wish to accomplish is that the forces of the nation should indeed be part of the nation and not a separate professional force, and the chief cost of the system would not be in the enlistment or in the training of the men, but in the providing of ample equipment in case it should be necessary to call all forces into the field.

"Moreover, it has been American policy time out of mind to look to the navy as the first and chief line of defense. The navy of the United States is already a very great and efficient force. Not rapidly, but slowly, with careful attention, our naval force has been developed until the navy of the United States stands recognized as one of the most efficient and notable of the modern time. All that is needed in order to bring it to a point of extraordinary force and efficiency as compared with the other navies of the world is that we should hasten our pace in the policy we have long been pursuing, and that chief of all we should have a definite policy of development, not made from year to year but looking well into the future and planning for a definite consummation. We can and should profit in all that we do by the experience and example that have been made obvious to us by the military and naval events of the actual present. It is not merely a matter of building battleships and cruisers and submarines, but also a matter of making sure that we shall have the adequate equipment of men and munitions and supplies for the vessels we build and intend to build. Part of our problem is the problem of what I may call the mobilization of the resources of the nation at the proper time if it should ever be necessary to mobilize them for national defense. We shall study efficiency and adequate equipment as carefully as we shall study the number and size of our ships, and I believe that the plans already in part made public by the navy department are plans which the whole nation can approve with rational enthusiasm.

No Panic Haste.

"No thoughtful man feels any panic haste in this matter. The country is not threatened from any quarter. She stands in friendly relations with all the world. Her resources are known and her self-respect and her capacity to care for her own citizens and her own rights. There is no fear amongst us. Under the new-world conditions we have become thoughtful of the things which all reasonable men consider necessary for security and self-defense on the part of every nation confronted with the great enterprise of human liberty and independence. That is all.

"Is the plan we propose sane and reasonable and suited to the needs of the hour? Does it not conform to the ancient traditions of America? Has any better plan been proposed that this programme that we now place before the country? If it there is no pride of opinion. It represents the best professional and expert judgment of the country. But I am not so much interested in programmes as I am in safeguarding at every cost the good faith and honor of the country. If men differ with me in this vital matter, I shall ask them to make it clear how far and in what way they are interested in making the permanent interests of the country safe against disturbance.

Asks Country's Support.

"In the fulfillment of the programme I propose I shall ask for the hearty support of the country, of the rank and file of America, of men of all shades of political opinion. For my position in this important matter is different from that of the private individual who is free to speak his own thoughts and to risk his own opinions in this matter. We are here dealing with things that are vital to the life of America itself. In doing this I have tried to purge my heart of all personal and selfish motives. For the time being, I speak as the trustee and guardian of a nation's rights, charged with the duty of speaking for that nation in matters involving her sovereignty—a nation too big and generous to be exacting and yet courageous enough to defend its rights and the liberties of its people wherever assailed or invaded. I would not feel that I was discharging the solemn obligation I owe the country were I not to speak in terms of the deepest solemnity of the urgency and necessity of preparing ourselves to guard and protect the rights and privileges of our people, our sacred heritage of the fathers who struggled to make us an independent nation.

"The only thing within our own borders that has given us grave concern in recent months has been that voices have been raised in America professing to be the voices of Americans which were not indeed and in truth American, but which spoke alien sympathies, which came from men who loved other countries better than they loved America, men who were partisans of other causes than that of America, and had forgotten that their chief and only allegiance was to the great government under which they live. These voices have not been many, but they have been very loud and very clamorous. They have proceeded from a few who were bitter and who were grievously misled. America has not opened its doors in vain to men and women out of other nations. The vast majority of those who have come to take advantage of her hospitality have united their spirits with hers as well as their fortunes. These men who speak alien sympathies are not their spokesmen but are the spokesmen of small groups whom it is high time that the nation should call to a reckoning. The chief thing necessary in America in order that she should let all the world know that she is prepared to maintain her own great position is that the real voice of the nation should sound forth unmistakably and in majestic volume, in the deep unison of a common, unhesitating national feeling. I do not doubt that upon the first occasion, upon the first opportunity, upon the first definite challenge, that voice will speak forth in tones which no man can doubt and with commands which no man dare gainsay or resist.

Another Danger.

"May I not say, while I am speaking of this, that there is another danger that we should guard against? We should rebuke not only manifestations of racial feeling here in America where there should be none, but also every manifestation of religious and sectarian antagonism. It does not become America that within her borders, where every man is free to follow the dictates of his conscience and worship God as he pleases, men should raise the cry of church against church. To do that is to strike at the very spirit and heart of America. We are a God-fearing people. We agree to differ about methods of worship, but we are united in believing in Divine Providence and in worshiping the God of Nations. We are the champions of religious right here and everywhere that it may be our privilege to give it our countenance and support. The government is conscious of the obligation and the nation is conscious of the obligation. Let no man create divisions where there are none.

"Here is the nation God has builded by our hands. What shall we do with it? Who is there who does not stand ready at all times to act in her behalf in a spirit of devoted and disinterested patriotism? We are yet only in the youth and first consciousness of our power. The day of our country's life is still but in its fresh morning. Let us lift our eyes to the great tracts of life yet to be conquered in the interests of righteous peace. Come, let us renew our allegiance to America, conserve her strength in its purity, make her chief among those who serve mankind, self-reverenced, self-commanded, mistress of all forces of quiet counsel, strong above all others in good will and the might of invincible justice and right."

Curative Value In Food?

"Recalling that 90% of disease results from errors in diet, then foods properly prescribed by the physician can justly be said to have curative value."

—Dr. Henry B. Hollen, in The Medical Standard.

One of the errors in the diet of many people is the use of foods robbed of the vital mineral salts (phosphate of potash, etc.) which are absolutely necessary for proper balance of body, brain and nerves. The result is a long list of ills, including nervous prostration, kidney trouble, constipaton, rickets in children, and so on.

Twenty years ago a whole wheat and barley food, containing all the nutriment of the grain, including the priceless mineral elements, was devised especially to correct errors in diet. That food s

It fulfills its mission admirably.

Another physician says:

"Nearly half the year my breakfast consists of a dish of Grape-Nuts, one or two eggs, or fruit. I RECOMMEND IT TO MY PATIENTS CONSTANTLY, and invariably with good results."

Society

The open meeting of the Woman's league on Saturday afternoon in the ball room of the Anthony hotel is to be a social event of importance, as well as a program of entertainment fitting the honor due to a prominent member, Mrs. Clark Fairbank, whose recent election to the highest office the state affords in women's club work, is familiar to all members of the numerous organizations affiliated with the league. The league meeting proper is in charge of the art and music departments, of which Miss Lavon Sperry and Mrs. Fairbank are the respective chairmen. The hostesses of the afternoon are the Morning Musical society, the Nineteenth Century club and the Needlework guild. Miss Sperry announces that there willl be on display and for sale many Japanese prints from a Chicago collection that are really old and some of them rare, and some pictures of mural painting by American artists. On the musical program are Miss Helen Loos, soprano; Mrs. Kraus, soprano; Miss Christine Pepe, violinist; Miss Constance Bogart, pianist, and Miss Leah Gardner, of Wabash, pianist. The president of the league, Mrs. A. E. Fauve, extends a cordial invitation to Mrs. Fairbank's friends to be present, whether members of the Woman's league or not. The meeting is at 2:30 o'clock in the ball room of the hotel.

Rev. and Mrs. Claude Travis were given a most cordial reception last evening in the parlors of the Wayne Street M. E. church and made to feel that the welcome of the bride, Mrs. Travis, was genuine and appreciative of her fine character and personal charm. In the reception line were Mrs. Mary Travis and Rev. and Mrs. J. A. Beatty, besides the heads of the several organizations of the church. Very elaborate and beautiful decorations had been made of the foliage and flowers of the season Music was furnished by Mrs. Clara Zollars-Bond, Miss Ethel Doud, Mr. Earl Thompson, Mesdames Horton, Skinner and Malay. Refreshments were served in the diningroom by Margaret Gross, Lillian Blackstone, Ruth Lane, Margaret Byroade, Helen Bryson, Catherine Lewis and Maxine Edmunds.

Mr. and Mrs. Frank Harkins, of Fox avenue, are making a trip to the Atlantic coast for ten days.

Mr. and Mrs. John Cobb of Wilkes Barre, Pa., arrived in the city on Friday to visit Mr. and Mrs. E. T. Wood.

Mrs. Bernard Stroh, of Detroit, Mich., is at the Anthony hotel for a few days and is being entertained at small parties by friends here.

Mrs. H. U. Byrer, of Cresent avenue, entertained the Sunshine club on Thursday afternoon, and Mrs. Miller, of Hanna street, will be the next hostess.

Mr. and Mrs. Thomas Sinclair of 409 West DeWald street, will celebrate the fifty-fifth anniversary of their marriage Saturday by having a family dinner party.

Joseph Karn, of Washington boulevard, west, went to New York City on Friday to join Mrs. Karn who is visiting her daughter and her husband, Mr. and Mrs. I. Finkenberg.

Dr. and Mrs. Charles R. Dryer are again at home at Oak Knoll, Spy Run avenue, after a visit in New York City. Dr. and Mrs. Dryer expect to spend the winter in Washington, D. C.

Miss Virginia Tutt and Miss Miller, of South Bend, librarians in that city's public library, are here for a few days inspecting the work in the children's department and the extension work in public schools.

A club of ladies whose husbands are Purdue graduates, spent a pleasant afternoon Thursday at the home of Mrs. S. B. Kerlin, of Nuttman avenue. Miss Grace Kerlin, of Logansport, was the guest of honor.

Miss Gertrude Holland and Miss Juliette Lange gave a theater party on Thursday evening in honor of Mrs. Martin Greven. The company went to the Empress and then had a luncheon at the confectioner's, Vazenios Brothers.

Marian Rose, the tiny daughter of Mr. and Mrs. Joseph Freiburger, of West Berry street, celebrated her birth anniversary on Wednesday afternoon by entertaining a few playmates at a romp and served birthday cake afterwards.

The Opportunity circle of King's Daughters is planning a grand charity festival to be held in the Majestic theater on Dec. 8, 9, 10 and 11, for the benefit of the day nursery. The sacred opera, "Joseph," will be given under the direction of its writer, William Dodd Chenery.

When entertaining a party of friends at the Y. W. C. A. Tuesday evening, Miss Maude Kinsey announced that her approaching marriage to Mr. Clyde Poss, of Washington, D. C., would take place December 15. Those in the party were Misses Esther Eauerwein, Hazel Gidley, Marie Steury, Zoe Miller, Zelma Kutsch, Ruth Miller, Florence Stapleton, Flossie Dietrich, Mildred Sauerwein.

BENEFIT DANCE A SUCCESS.

How much over $150 the Children's Ward association is to benefit from the bridge-dance given at the Anthony hotel last evening under the management of the association can not be determined at once as there are always some dues to hear from. There was a large attendance both of married and unmarried young people and in point of decorations, good music and varied entertainment in special features there was nothing left to desire. Everything was donated from the use of the hotel by Manager Keenan and of chairs by D. N. Foster and Fox Brothers' stores, to the many chrysanthemums, roses and carnations which were donated by all down town florists. In the reception committee were Mesdames G. W. McCaskey, Charles G. Beall, John A. Thieme, A. L. Johns and Jules Simon. Miss Murial Larimore did several fancy dances in costume, one of which was patterned after one of Mlle. Pavlowa's who gave Miss Larimore permission to copy both the dance and the dress. Miss Larimore's dancing was very charming and expressive as well as skillful. Little Rosalie Pollak, a most promising child, danced two numbers beautifully. The music to the little girl's numbers were MacDowell's "To a Wild Rose" and the pizzicati polka from the ballet of "Sylvia," by Delibes. A decorative feature was odd shaped lanterns in orange and black coloring that were suspended from the electroliers. Mrs. W. M. Griffin, Mrs. A. W. Stultz, Mrs. Simon, Mrs. Quinlan and Miss Pixley were the decorative commitee.

KATHLEEN COMAN WITH BISPHAM.

Supporting David Bispham in the eminent baritone's tour as Beethoven in the one act play "Adelaide," and who will also appear in the "The Rehearsal," with which Mr. Bispham and his company will precede the presentation of "Adelaide," at the Majestic on Nov. 15, will be Miss Kathleen Coman, pianist. Miss Coman is an Australian who early started her career. At the age of fourteen she won a scholarship against one thousand Australian competitors, entitling her to three years tuition at the Royal Academy of Music, London, and she is now a gold medallist of that institution. Following her three years at the academy as a student, the board of directors, in recognition of her attainments, gave her an extra year as an exhibitor. Miss Coman has frequently played in London at the famous Queen's Hall concerts, and has enjoyed successful tours in Australia and this country. During the past year she has been studying with her celebrated compatriot, the eminent pianist, Percy Grainger. Mr. Bispham and company appear in Fort Wayne under auspices of the Morning Musical society.

FORMULATING PLANS FOR BIG CELEBRATION

Y. W. C. A. Golden Jubilee Anniversary Discussed by Committees.

The month of February, 1916, promises to be one of the greatest months of the year for the local Young Women's Christian association, as well as all associations over the entire world. During this, the shortest month of the year, the young women will give one of the lengthiest celebrations that has ever been attempted. All the committees of the local Y. W. C. A. are already discussing and formulating plans for this event. The finance committee, which met Saturday morning, considered this question in its session and the same subject will consume a portion of the time at the executive board meeting next Wednesday morning. The cause of all this acivity is the fact that next March 3 will be the fiftieth anniversary since the organization of the Young Women's Christian association.

The class in Spanish, taught by Miss Ruth Wheelock has become so large that a movement is now on foot to divide the class into two sections. Registrations are still open and any one desiring to take Spanish can register in the second class. More members are also wanted for the class in French.

The extension committee at a recent meeting divided its work into various branches, which are assigned to members of the committee as follows: Social service, Mrs. G. W. McCaskey; education, Mrs. O. E. Mohler; library, Mrs. Clinton R. Willson; physical, Mrs. L. T. Rawles; entertainment, Mrs. Ralph Sperry; legislation, Mrs. Edward Wilson; bulletin and magazines, Mrs. J. S. McCurdy; printing and publicity, Mrs. C. F Mize; savings, Mrs. Robert Meyer.

BUT FEW CHANGES ARE MADE.

Many Officers of Sunday School Association Are Re-Elected.

At the annual meeting of the Allen County Sunday School association the reports of the nominating committee was accepted. The officers for the coming year, with but few exceptions, are the same as last year. C. F. True was re-elected president and the other officers follow: Dr. M. A. Mason, first vice president; E. A. K. Hackett, second vice president; Mr. Youst, of Marion township, third vice president; Mrs. Etta McLaughlin, secretary; Mrs. Flora Pool, treasurer; superintendent of elementary department, Miss Bertha Shafter; assistant, Mrs. Dr. M. A. Mason; of secondary department, Miss Christina Zollinger; of adult, Rev. M. L. Buckley; of teachers' training, Dr. Charles Manchester; of missionary, Mrs. Nellie Hubler; of home, Mrs. J. E. Quince; of temperance, Mrs. B. F. Hostetler, and of the press, Harry Hiler.

Rev. O. E. Tomes, pastor of West Jefferson street Church of Christ, spoke at the evening session on "The Community Training School." "The Promotion and Graduation in Sunday School Work" was the subject on which Miss Emma Lemen spoke, while Dr. G. N. Burnie gave a brief address on "Graded Lessons."

OFFICERS ARE CHOSEN.

East Creighton Avenue Sunday School Elects Heads for Year.

The Sunday school of the East Creighton Avenue Church of Christ, Rev. E. H. Clifford, pastor, elected officers for the coming year as follows:

Superintendent, Miss Ethyl Astry; assistant, Miss Avon Lipps; secretary, Miss Helen Swaim; treasurer, Miss Winnie Astry; librarian, Harry Keller; chorister, Miss Inez Swank; pianist, Miss Lucille Miller; assistant, Miss Frances Brey.

A special evangelistic program will be given Friday evening at 8 o'clock at the church. A musical program, including numbers by the Pennsylvania quartet, has also been arranged. Frank Simonton will speak.

BIBLE CLASS ELECTS.

Young Men of Plymouth Church Hear Address by E. W. Puckett.

At the annual meeting of the Young Men's Bible class of Plymouth Congregational church the members elected officers for the coming year and also listened with interest to an address given by E. W. Puckett, of the Fort Wayne Oil and Supply company on the subject, "The Elements of a Business Success."

The election results follow: President, Fred Cheer; vice president, Victor Rea; secretary-treasurer, G. E. Lewis; instructor, A. G. Burry.

Several musical selections were rendered by members of the class and refreshments were served, following the business session.

MEET IN ANNUAL SESSION.

First Presbyterian Business Men's Bible Class Elects Officers.

The Business Men's Bible class of the First Presbyterian church held its annual election of officers at a dinner given Thursday evening at the church by the young ladies of the congregation. E. J. Little presided with gracefulness and addressed some earnest words of appeal to all the members to become active in building up the membership, which is now nearly eighty. The study of the bible was urged because, through many centuries, it has been the foundation of all the real elements that have been made enduring.

The class adopted the new constitution and elected the following officers: President, E. J. Little; vice president, Stuart K. King; secretary, D. D. Mungen; assistant secretary, A. Beaber; treasurer, T. L. Staples. During the evening responses to calls for remarks were made by Rev. T. P. Potts, teacher of the class; Rev. H. B. Master, pastor of the church; Rev. J. A. Nipper, a guest, and E. F. Yarnelle.

FORTY HOURS' DEVOTION OPENS.

Devotion of the forty hours at the Precious Blood Catholic church opened at 8 o'clock Friday morning with impressive services. Mass was celebrated by the rector, Rev. Chrysostom Hummer, C. PP. S., assisted by Rev. Didicus Brackmann, C. PP. S., and Rev. John Backer, C. PP. S. Father Brackmann is a member of the faculty of St. Charles seminary at Carthagena, Ohio, and has been engaged to conduct the service. He delivered an eloquent sermon at the opening services and will again speak this evening. The solemn closing of the services will occur Sunday evening.

NEWS OF FORT WAYNE'S NEIGHBORS

WIFE STANDS BY MARTZ.

Man Who Deceived Portland Miss With Marriage Prospect Gets Leniency.

Hartford City, Ind., Nov. 5.—The fact that he had a respectable wife and two little children needing his care saved Jesse Martz, baseball player, from a sentence to the penitentiary when he faced Judge Eichhorn for the fourth time in the circuit court Thursday morning, and again made his plea one of guilty to the charge of child desertion. Judge Eichhorn showed leniency but made it very explicit that he was lenient because of Martz's family and not because the prisoner on his own merits deserved any leniency. Mrs. Martz stood by her husband throughout the trouble, and largely for the sake of the children, agreed to take him back. Martz has attracted considerable attention in the court this week, due to some extent to the fact that he could not make up his mind what he wanted to do. The case was made rather sensational because of the fact that eighteen-year-old Selma McLaughlin, of Portland, the girl to whom Martz is said to have posed as a single man while making love to her, was present in court throughout the proceedings. Martz, who is a well known baseball player, and the girl fled together from Portland a week ago, the girl supposing she was to become Martz's wife. They were pursued by Miss McLaughlin's father and an officer and traced to Portland. Then Mrs. Martz had her husband arrested on a charge of child neglect and after appearing four or five times in court during three days, once pleading guilty and withdrawing the plea and starting a war against the prosecutor on the ground that he had been brought to plead guilty under duress.

TO TAKE CARE OF INSANE.

Huntington County Orders Plans for Scientific Quarters.

Huntington, Ind., Nov. 5.—First official steps in the movement to provide more scientific quarters for the care of insane patients in Huntington county were taken by the commissioners, after they had spent several hours at the county farm inspecting a building which will be converted into a hospital for the demented wards of the county. On their return the board ordered Architect Samuel Craig to submit plans for the proposed building to them at their meeting Saturday and announced that they will proceed with the preliminary work. This action followed their work to the county farm with H. M. Purviance, who has made the care of insane patients a study for years and who won statewide fame when his bill in the state legislature a few years ago resulted in the construction of a state epileptic institution at Greencastle. The building which it is proposed to use, was formerly a jail for the confinement of violent inmates of the farm, but was abandoned several years ago when the new prison was constructed.

BABE DIES OF MALNUTRITION.

Huntington, Ind., Nov. 5.—Although evidence that the infant daughter of Mabel Fisher, of Joe street, died of malnutrition was found at the inquest conducted by Coroner R. S. Galbreath and Prosecutor A. H. Sapp, no verdict was filed by the coroner. Further investigation will be made, but in the meantime the burial will be allowed to proceed. The inquest showed that the child did not suffer from inherited disease, but that neglect probably caused its death. According to the officials the father, Howard Arnold, who is now in the United States army, will soon return and marry the girl whom he betrayed. The officials refuse to state whether any action will be taken or not.

MUNICIPAL CHRISTMAS TREE.

Columbia City, Ind., Nov. 25.—Columbia City will have a Municipal Christmas tree. That was decided at a meeting of the Commercial club members at the regular monthly meeting. A committee composed of F. F. Morsches, chairman; Archie C. Smith and Lloyd T. Bailey was appointed to thoroughly investigate the proposition, and they were given power to act. They will very likely solicit the support of the Civic league or other ladies' organizations here, and the combined efforts of all should make it as great a success locally as it has prove in hundreds of other towns and cities in the United States.

FOUND DEAD IN HIS BED.

Bluffton, Ind., Nov. 5.—Robert W. Davis, a well known citizen of this place, was found dead in his bed at home. Death was caused by dropsy and heart trouble from which he had been suffering for more than a year. The body was found by Miss Elsie Davis, a daughter, when she went to call her father. The deceased was born in Ohio in 1857 and came to Indiana early in life. With his family he moved to Bluffton eleven years ago. His wife died more than two years ago and he is survived by his daughter and a son, Charles W. Davis, of Centerville, O.

GARRETT HAS ENOUGH SALOONS.

Garrett, Ind., Nov. 5.—County Commissioners Wallace Abel and E. A. Bordner and County Attorney E. W. Atkinson say Garrett cannot have a fifth saloon. Commissioner Edward Kelham was the only one of the officials having authority to grant the license who believed another license should be allowed. The decision against the applicants was made Wednesday afternoon. According to the officials the fifth license cannot be granted before the municipal election in 1917 proves whether or not the population is 5,000 or more.

HIS DYNAMITE BEHAVED WELL.

Portland, Ind., Nov. 5.—Joshua Dye, an aged Dunkirk resident, is in jail here to lay out a fine and costs, totaling $15, assessed against him by Mayor Martin. Dye was working on a highway improvement near Eaton and returned to Dunkirk intoxicated. He fell on the streets, where he was found by officers. When searched, a half-pound stick of dynamite was found in his pocket that had been crushed by his fall, but fortunately did not explode. He says the explosive was used in blowing out stumps on the highway.

WHITLEY COUNTY PAIR WED.

Columbia, City, Ind., Nov. 5.—A very pretty home wedding was solemnized Thursday noon when Miss Edna Ponsler, daughter of Mr. and Mrs. Walter Ponsler, of Union township, was united in marriage to Mr. Alba Glassley, of South Whitley. The wedding occurred at the beautiful country home of the bride's parents at high noon in the presence of only immediate relatives. Rev. Fetro, of South Whitley, performed the ceremony which was very impressive. The simple ring ceremony was used.

MISSING MAN RETURNS.

Van Wert, Ohio, Nov. 5.—James Schoonover, the man who disappeared from his home in the west part of the city, has returned. He left home early in the morning, not telling anyone where he had gone and remained away all night. It is not known yet where he spent the night, his only account of his whereabouts being that he was somewhere southwest of the city and had spent the night at a farm house.

NEW LAW FIRM IN AUBURN.

Auburn, Ind., Nov. 5.—Attorney P. V. Hoffman has formed a partnership with Attorney Fred Shearer and they will occupy the offices of P. V. Hoffman in the Hebel block. Mr. Hoffman has been practicing law in the DeKalb county court for many years and his business has grown and he has been looking for some able man to join with him in the work. Mr. Shearer has been practicing only a short time.

OFFICIALS GET CLEAN BILLS.

Hartford City, Ind., Nov. 5.—The city officials, Mayor Secrest, City Clerk Edwin McEldowney and Treasurer D. H. Hollingshead, have been given clean bills by the state board of accounts, which examined the officials' books last spring. The books were found correct in the most minute detail.

WELLS TAX COLLECTIONS.

Bluffton, Ind., Nov. 5.—County Treasurer J. A. McBride's office force has totals on the fall installment collections of taxes, totaled in an approximate amount, and Deputy Treasurer O. E. Lesh says that the total will run, in round figures, about $230,000. He is sending an advance payment today to the state treasurer of $17,000, which is the approximate amount that is figured due the state.

RELIGIOUS MEET IN AUBURN.

Auburn, Ind., Nov. 5.—Auburn will entertain the Rural Church Workers' conference of the Twelfth district, December 7 and 8. The men's personal workers' league is back of this conference. At their meeting this week in the Y. M. C. A. parlors they had no lesson, but the time was taken up mostly in discussing this coming conference.

STRICKEN WITH PARALYSIS.

Bluffton, Ind., Nov. 5.—Adam Hatfield, residing south of Ossian, near Greenwood, is critically ill, suffering from a stroke of paralysis. Harold Hatfield, a son, who resides with Mr. Hatfield, was aroused early Tuesday morning by what seemed to be a heavy thud, in a few minutes he heard the farm hand go down stairs and thinking it was him arising he proceeded to dress. Upon hearing the farm hand calling he rushed down stairs and found his father lying helpless on the floor.

NO WORD OF MONTPELIER MAN.

Hartford City, Ind., Nov. 3.—Recalling the mysterious disappearance of John Van Gorden, of Montpelier, some time ago, the Citizens' State Bank filed a suit in the circuit court here, Wednesday, against Van Gorden and John Clamme on a note in the sum of $700. Van Gorden disappeared some time ago and as he can not be found, the charge has been filed against both men. Clamme was on Van Gorden's note.

SPEAKS AT INDIANAPOLIS.

T. F. Thieme Will Tell of "Indiana's Bad City Government."

Theodore F. Thieme, general manager of the Wayne Knitting mills, will be the principal speaker, Saturday, before the Saturday Lunch club at Indianapolis. He will speak on "Indiana's Bad City Government."

DISSOLVES, DOES NOT BURN AWAY SUPERFLUOUS HAIR

It is no longer necessary, in removing superfluous hair, to burn it off with any of the present day depilatory pastes, powders and liquids. The new way is simply to dissolve away the hair. This is done in a very remarkable and easy manner by applying some of the wonderful toilet preparation, known as the new Sulfo Solution to the hair. Immediately it begins to dissolve and disappear and in a few minutes can be completely wiped off with a cloth, leaving the skin as clear and clean as though there had never been a superfluous hair. The wonderful feature about Sulfo Solution is that it is as harmless as water, leaving no burn, redness or irritation such as is inevitably the case when other depilatories are used. It is soothing to the skin, never fails and cannot harm the most delicate skin. It is used in a moment. Any drug store can supply you with the Sulfo Solution. It is made by the Cooper Pharmacal Co., of Chicago, costs $1.00 for a large bottle, and is sold in Fort Wayne by Meyer Bros. Co. and Dreier Drug Co. —Advertisement.

COMMON SENSE AND "SUMMER BASEBALL"

The Ruling is Dying Because It Has No Right to Live.

(By Jack Murphy).

The fact that a number of the leading colleges of the middle west have given the "summer baseball" ruling a jolt seems to spell the beginning of its end. And it's a good riddance, too, that rule, for it was a constant worker against democracy in sport and it fell far short of accomplishing what it aimed at.

Of course there was a good and sensible reason for making the rule when it was made. But it was seen from the beginning that it did not prevent professionalism, and that it did work a hardship on college athletes.

The ruling simply stated, is as follows: "To be permitted to take part in any sports of athletics in the official teams of colleges in the conference, a player must prove that at no time he has been paid for taking part in any athletic contest."

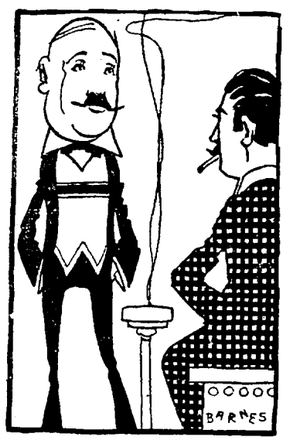
But it is easy to see that the clause is superfluous. Another ruling requires players on college teams to be at least one year residents and to hold a certain standard in scholarship. These rulings bar professionalism.

But the summer ball rule certainly hindered many a good athlete and true, and prevented more than one young fellow from continuing his college athletics.

Take as an example a boy who is in college and who has no parent showering him with the coin of the realm. And he is a good athlete, and the manager of a summer resort nearby offers him $10 a game for a set of exhibition contests to be pulled off on the hotel grounds. If he accepts he is barred and banned, forbidden ever again to associate in the athletic sports of this college.

The ruling is founded on a principle that is as far from democracy as the east is from the west. It is a breeder of snobbery on the diamond and the gridiron, and it is well that it is passing out. Indiana, Illinois and Wisconsin yesterday voted against it. Keep it up, go to it with a vim, get rid of this classic bit of nonsense and get rid of it quick.

UNSATISFACTORY.



"I don't know of anything any more unsatisfactory than having a good cigar and not having a match."

"Wrong. Did you ever try to kiss a pretty girl by wireless?"

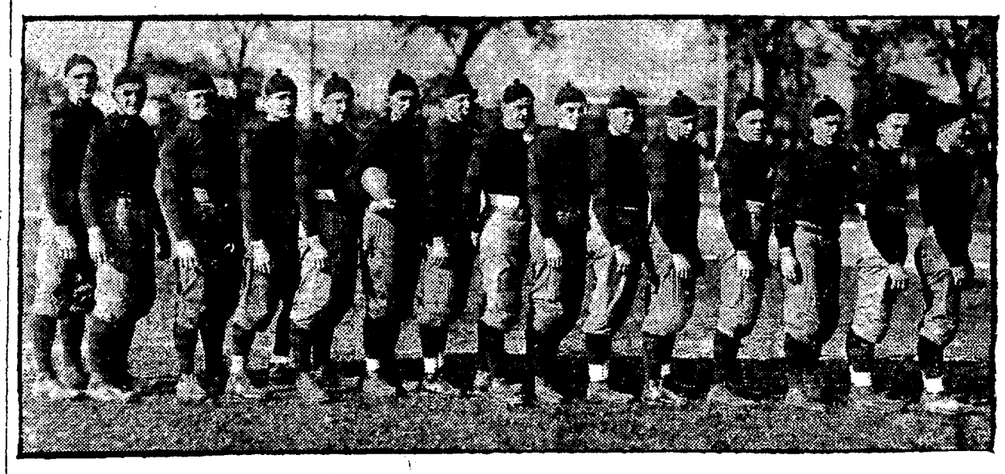
If one of the combatants in a prize fight in Great Britain kills the other, not only is he guilty of manslaughter, but so are the seconds, promoters and everybody present and approving.

NEW RIVERS IN RING; NOT RELATED TO MEXICAN JOE.

There is a new Rivers in the boxing game. His first name is Ray. He is a Mexican, and was raised in Los Angeles, but despite all these things is not related to Joe Rivers, who was a candidate for the featherweight and lightweight titles.

It is said of the new Rivers that he not only fights with both hands, but with his head. He is in the east looking for trouble among the featherweights.

HERE ARE THE NORTH-ENDS WHO MEET THE FRIARS SUNDAY.



The Friars will go into their hardest game of the season Sunday when they run into the Evanston North Ends, Chicago's champ aggregation. The Friars are out for revenge after the awful happenings of former seasons, and it will be a game mighty full of pep, and interest from the first break.

BIRCHARD TELLS OF CENTRAL MESS

(By Birchard, Grand Rapids News)

A fine little battle appears on the Central baseball league horizon. It represents a fight right now for the presidency of the league and the withdrawal of several teams.

There is almost an endless list of aspirants for the presidential chair, according to reports from various Central league cities. They range from President Heilbroner through th James Frank, president of the Southern Michigan league.

Terre Haute and Evansville threaten to withdraw from the circuit unless the present head is decapitated. Wheeling does not appear a certainty as a member for next season, due to financial difficulties. Erie is almost in the same boat.

An agreement was made with Terre Haute last year that gives it the privilege of withdrawing from the league if it desires to join the Three-I. Should this happen there is certain to be some drastic action taken as far as Evansville is concerned, for with the Terreirs out the jump to Evansville would be altogether too far.

South Bend is said to be after the Terre Haute berth and should it be elected the jump to Evansville, while not as bad as with Terre Haute out, would be too long.

President Essick, of the Grand Rapids club, will leave Friday for Evansville, where the big session is slated to be held. That there will be a battle on several questions is admitted.

Mr. Essick is quite non-committal regarding the league and appears to be playing the old "watching and waiting" game.

"Before I vote one way or another for any proposition I must find how many teams are to be in the circuit, who they are and what new ones will be considered," he declared this morning.

That there will be a fine little party down in Evansville is assured from the division of the league magnates on several questions.

SHEVLIN SHOWED 'EM IN 1910; CAN HE REPEAT?

The dash of Tom Shevlin across the country to straighten out things at Yale, where the eleven has been walloped three times, recalls his work in 1910. Yale had been beaten 9 to 2 by West Point and 21 to 0 by Brown.

"Now, let's go and get 'em in the old Yale way," said Shevlin, as he began whipping the team into shape.

Yale walloped Princeton 5 to 3 and held Harvard to a scoreless tie.

MADE 'EM QUIT THE NASTY OLD GAME

Salt Lake Ladies Won't Have Their Poor Hubbies Pummeled.

Utah Agricultural college started the football season with fine prospects. Five veterans were back—Capt. Johnson and Willey, ends; Rigby, quarter; Luke and Peterson, backs. All are married and friends were proud of the prowess of the benedict on the gridiron.

Then a couple of Capt. Johnson's ribs were broken. His wife forbid him to play again. Luke was made captain, but one day he turned in his uniform. He gave his wife as the cause. Soon afterward Willey and Rigby turned in their suits. Their wives did not want them to play.

A new captain had to be picked. Peterson was the logical man, but the players refused to again select a married man. So the captaincy was voted to Cy Owens, a big tackle. Before a week had passed his engagement was announced.

That was about the last straw for Coaches Teezte and Stamp, former Michigan stars. They were already tearing their hair trying to fill the positions made vacant on the orders of players' wives.

News of the disruption of the eleven by Cupid spread north to Utah university. Fearing they might meet the same fate, Coaches Norgren and Breathed issued an order barring all members of the Utah university eleven from attending social functions where girls were to be present.

LOOK IN GRAIN FIELDS FOR "BOB WHITE" IS THE TIP OF EXPERT HUNTER.

(By Morris Ackerman).

Hunting quail is the most popular branch of field shooting in America. Bob White is the goal of almost every trap and wing shooter.

Killed by hundreds in the south in the open winter season, quail seem to thrive just the same. Bob White breeds better in the southern states where he is kept on the move. Quail must be disturbed so they may mate with other than their own broods if they are to thrive.

It is hard to tell the art of hunting these wonderful little streaks to the man fortunate enough to own a good setter or pointer.

Listen for the call of "Bob White."

When you flush quail, if in a covey, don't shoot at random into them, but take one bird at a time just as though you had flushed a single. You can usually get two good shots from each covey and two dead birds are better than half a dozen winged or crippled. Watch the fall and be on top of your bird as quickly as possible.

Watch your covey slowly and quietly watch the flight as quail will not fly far.

To the man shooting over the back of an experienced bird dog, it is more the dog that is watched than the bird itself.

As in rabbit hunting, most any clothes will do. Number 7 or 7½ shot are best, with barrel not over 30 inches, 28-inch brush gun preferred.

Quail feed on waste grain and seeds from grass and weeds and are usually found in open fields. Look in fields where hay, grain or clover has been cut. In fields where there is a little cover of brush and high grass they can usually be flushed.

WANT THE ALL ROUND CHAMPIONSHIP AGAIN

New York, Nov. 5.—Officials of the Amateur Athletic union have received a petition signed by ten American all around athletes and by athletic officals and trainers asking that the all round championship be restored and substituted for the Decathelon competition in the union program. The all round championship consists of one mile run 880 yards walk, 120 yard hurdles, running broad jump, running high jump, pole vault hammer throw, shotput and putting the fifty-six pound weight. The petitioners asserted that the decathelen is an unbalanced competition in which the restrictions placed on the special list and the runner by the half mile walk and fifty-six pound weight contest have been removed. They also add that the endurance factor has been eliminated by distributing the events over two days. Athletes of Chicago, Los Angeles, New York and Boston signed the petition. It will be considered at the annual meeting this month.

NO PAY FOR SUNDAY WORK.

Appellate Court Turns Down Claim of Allen County Deputy Assessor.

Indianapolis, Nov. 5.—A deputy assessor can not recover for work done on Sunday in the preparation and straightening of his books and papers, according to the decision of the appellate court in affirming the Allen circuit court in refusing to permit August Stellhorn pay for Sunday work on his claim against the board of commissioners of Allen county.

The court says no one would contend that such work was an act of charity and then demand pay, and that it can not be classed as a work of necessity, so that Stellhorn was violating the law when he worked on his books on Sunday, and can not demand pay for such services.

"ALL MY MEN THIS WAY" YELLS TIP

While the Central league is slated for turmoil, it does not hold a candle to the antics in the Western league the last few months. Tip O'Neil, president of the Western, is practically a president without a league. He recently called a meeting of the league magnates for Chicago and but one man answered.

O'Neil declares he will abdicate the throne if the league pays off his back salary. As the Western was hard hit in the pocketbook the past season, Tip's chance for quitting do not appear any too good.

Player on Small College Team Breaks Drop-Kick Record That Stood Seventeen Years.

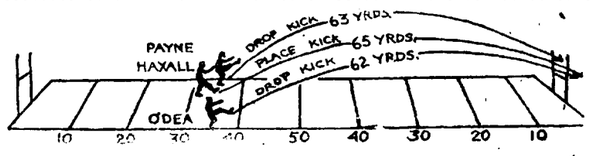

DIAGRAM SHOWS RECORD KICKS—PAYNE'S 63-YARD DROP-KICK, O'DEA'S 62-YARD DROP-KICK AND HAXALL'S 65-YARD PLACE-KICK.

(By Brown Holmes).

A drop-kick record that has stood seventeen years was smashed the other day when Mark Payne, of the Dakota Wesleyan, booted a field goal of 63 yards, sending the ball directly between the goal posts guarded by Northern normal.

The previous drop-kick record was 62 yards, set in 1898 by P. J. O'Dea, of Wisconsin, against Northwestern university at Evanston, Ill.

So many big games bearing on sectional championships have been played lately the feat of Payne, performed in a game between two rather obscure elevens, was almost completely smothered.

The kick, however, makes Payne a national star and his name will go down in the history of the game alongside of those of the greatest booters the gridiron ever produced.

The only field goal ever scored at a greater distance than kicked by Payne was a kick from placement by J. T. Haxall, of Princeton, against Yale in 1882, thirty-three years ago. Haxall placekicked 65 yards.

PUPIL MAY BEAT OLD TEACHER TO GRIDIRON CHAMPIONSHIP.

(By Brown Holmes).

Several years ago when "Speedy" Rush was coaching at University school, Cleveland, O., he took hold of a young chap named Charley Barrett, taught him a lot of football and developed him into a star.

This year Rush is head coach at Princeton. One team that has a chance to beat him to the eastern championship is Cornell. And Cornell has a great team because this same Charley Barrett is captain and using his tricks Rush taught him when they were teacher and pupil back in the "bushes."

Cornell has beaten Harvard. Harvard victory over Princeton means an added for Cornell in the battle for the big honors.

Barrett is the leading candidate of the east for the quarterback position on the All-American eleven. He has put Cornell on the football map. His selection of plays has been great and he run his team with a master hand.

Barrett has also starred in actual play. He is Cornell's biggest ground gainer. He has scored more touchdowns than any backfield man in the big schools. Two touchdowns against Virginia poly boosted his total for the season to 13. His nearest rival is Martine, Navy fullback, who has scored six.

Stern circumstances have slit the throat of many a good intention and thus with a diminished wool supply, other materials than pure wool are creeping in where ordinarily you would not expect them. Skinned in Fake Racing Game; Seeks Federal Aid

Chicago, Nov. 5.—W. P. Stimmel, of Phoebus, Va., has appealed to federal officials to recover $30,000 in money and his note of $34,500 outof which he alleges he was swindled in Springfield, Ill., on a fake horse racing scheme. Stimmel informed the authorities, it became known today, that he was induced to wager the money in a Springfield pool room as the result of forming an acquaintanceship with four men whom he met in Chicago.

One of the men whom the authorities believe are the same who swindled Dr. Kirby, a Chicago private banker, out of thousands of dollars, was introduced to Stimmel as a betting commissioner for a number of racing stables. He was supposed to have "inside information" on what horses could win.

Federal authorities began search for Frank Ellis, alias Colonel T. F. Henderson, Wm. Stronsneider, alias John Steele, Samuel Cohen, alias F. B. Lambelt, and Joseph Johnson, alias Jacob Kronier.

SERBIANS FIGHTING TO THE LAST DITCH

Mere Handful of Soldiery is Opposing Overpowering Numbers.

Paris, Nov. 5.—"There, Monsieur; with that you can go and see now Serbia is going to die," exclaimed Ljouba Jovanovitch, minister of the interior, handing a letter of recommendation to the general staff to Albert Londres, special correspondent of the Petit Journal. Armed with this letter M. Londres made his way far beyond Palanka through long lines of retreating ox-wagons and endless herds of sheep plodding through the mud of the Morava valley, without panic, escaping from the Teutons whose voices were heard in the distance.

"At a cross road," writes M. Londres. "A Serbian captain who was waiting for me said, 'I was asked by Colonel Terzitch commanding our division, to take you to our last positions.' We walked side by side in silence and then came out on a plateau.

"'That is our last position, Monsieur,' said the Serbian officer. 'We are on Ossietz plateau. The two others you see a hundred yards away are the plateaus Vaboratz and Michavolatz which were just taken from us.'

"I saw no soldiers and asked, 'where is your line?'

"'There is comes,' replied the officer.

"I saw debouching from a little wood one by one, with a dignity that brought tears to my eyes the 150 men who, on this great plateau, Serbia had opposed to embattled Germany.

"'On retiring from Vaboratz an hour ago' said the captain, 'those 150 hid in the wood. Now they are coming out to face the enemy.'

"The lieutenant in command took a few steps into a cornfield and shouted to his men. They lay down on the edge of a field without a word or sidelong glance and deliberately raised their rifles.

"'Look Monsieur,' exclaimed the captain. 'There are the mountains of Hungary. Beyond that pass is the village of Verscatte before which is von Mackensen. Do you see that blue line a little further on? That is the Danube.'

"For sixteen days with their three, five, six and ten inch guns and the rest the Germans had been blazing away on this front. They never found on this line a larger number of men than those 150 brave fellows before our eyes but they had not yet succeeded in preventing the Serbians from seeing the blue line of their Danube when they raised their heads."

WOMAN LEAPS INTO FIRE TO END LIFE

Wabash, Ind., Nov. 5.—Mrs. Amos Reynolds, 59, committed suicide at her home near here yesterday by building a big bonfire and leaping into the flames. The woman's charred body was found by three of her little step-children.

Mrs. Reynolds gathered a quantity of brush and piled it near her home. She used a large number of matches before she succeeded in getting the blaze started. When the pyre was burning fiercely, she leaped in.

Mrs. Reynolds was married about a year ago. Her husband was not at home when she killed herself.

GIRL CLIPS OFF OWN BRAIDS IN NIGHTMARE

Sheboygan, Wis., Nov. 5.—When Gertrude Grasse, 15 years old, daughter of Louis Grasse, Sheboygan agent for the Standard Oil company, rose yesterday morning she found her exceptionally fine braid of hair was missing. It had been cut off in the night, just above the shoulders. She wore her hair in a braid that reached to her waist.

On missing the braid she ran to tell her mother, but as she passed through an adjacent room she saw the braid lying on the table beside a pair of shears.

Examination of doors and windows was made, and there was no sign of entry having been made during the night.

The accepted theory is the girl had a nightmare during which she cut off the braid. She has no recollection of it.

SUIT AGAINST WHITE CITY.

Chicago's Oldest Amusement Park on Financial Rocks.

Chicago, Nov. 5.—Suit for foreclosure has been filed against White City, Chicago's oldest amusement park, and appointment of a receiver was to be asked today. Bad weather during the last two summers was responsible for the inability of the company to meet its obligations, it was said.

CRUDE OIL GOES UP AGAIN.

New Advance Announced as Pittsburg Market Opens.

Pittsburg, Nov. 5.—Another advance in the price of all grades of crude oil was announced at the opening of the market here today by the South Penn Oil company, five cents a barrel being added to each except Ragland, which was quoted three cents higher. The new prices are Pennsylvania crude, $1.85; Mercer black, Newcastle and Corning, $1.35; Cabell, $1.40; Somerest, $1.27; Ragland, 68 cents.

HOPE TO STAY EXECUTION.

Colorado Lawyers Argue Man's Mental State Before Supreme Court.

Denver, Col., Nov. 5.—The Colorado supreme court today listened to arguments regarding the mental condition of James C. Bulger, sentenced to die before midnight Saturday for the murder of Lloyd F. Nicodemus in May, 1914. Attorneys for the condemned man hope to secure a stay of execution pending investigation of Bulger's sanity. The state board of pardons has refused to recommend clemency and Governor Carlson has declined to interfere.

REDUCES HIPS WITH WONDERFUL REDUCING CREAM

A New, Scientific Marvel, Senzo Cream. Reduces Fat Anywhere It Is Applied.

Two or three minutes a day, without taking anything into the stomach, without using any appliance, without dieting or violent exercise or labor—result: fat hips regain their normal, youthful contour! You can do the same with thick ankles, fat limbs, double chin, big waist.

You can reduce any part of the body you wish by the new scientific wonder, Senzo Cream. You can actually make your figure over. It is used the same as ordinary cold cream—it makes excess fat vanish. The result may be plainly noticed in a few days. It's no trouble to use. It is different from anything ever known—revolutionizes all methods of fat reduction, always effective, simple as A, B, C, and a wonder of wonders.

Senzo Cream is sold at drug stores at $1.00 per bottle. For sale in Ft. Wayne by Meyer Bros. Co. and Dreier Drug Co.—Advertisement.

BULL MOOSE WORKERS CONFER WITH LEE

Edwin M. Lee, one of the leading progressives of the state, was the principal spokesman Thursday afternoon at a conference of progressive workers from the Twelfth congressional district, held at the Hotel Anthony. Colonel D. N. Foster, who attended the conference, said that it was the opinion of those present that a state ticket will be nominated next year and that candidates for all other offices will be nominated to be voted for at the primaries in March. He said that the progressives are led to believe that the same men will be in control of the republican party that were in control in 1912.

DETAINED AT GIBRALTAR.

Defect in Passports Holds Up American Missionaries.

New York, Nov. 5.—Rev. and Mrs. W. B. Jameson, United States Presbyterian church missionaries, have notified the church authorities here that they are being detained at Gibraltar because of defects in their passports. The missionaries, who had been married here just before they began their journey to Egypt last summer, were passengers on the Greek liner Athlani when she was burned at sea, and were returned to New York, where they took passage by another ship. They have already been more than two months trying to reach Egypt.

POSLAM FAMED FOR ITS EFFECT ON ECZEMA

To spread Poslam over an angry, itching eczema surface, makes one feel that here in reality is a healing influence which the affected skin demands. Every eczema sufferer should know how readily Poslam is able to relieve the suffering incidental to this annoying ailment of the skin. Poslam allays itching and soothes quickly.

Treatment is oftentimes very short, an improvement may be noticed every day. Poslam is harmless. Use it with confidence for pimples, rashes and similar eruptional disorders.

A word about soap—Poslam Soap, medicated with Poslam, is the soap you should use daily for toilet and bath.

For samples, send 4c stamps to Emergency Laboratories, 32 West 25th street, New York city. Sold by all druggists.—Advertisement.

Distress in the Stomach.

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padghan, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.—Advertisement.

FIRE-BUG WANTS TO GO HOME TO FAMILY

James Carto, However, Goes to Jail Under $1,000 Bond for Hearing.

Announcing that his wife was not well and that he wanted to go home to look after her, James Carto, the fire-bug who tried to destroy the Western Gas Construction company's big plant, on Winter street, Wednesday night, informed the city court, Friday morning, that he wanted some haste made in his case so he could get away. His wife, soon afterward, crimped a part of her incendiary spouse's story by walking into the court room. Carto was charged with arson and the case was continued until the 9th inst. The man went to jail in default of $1,000 bond. Mrs. Carto expresses a belief that her husband's mind is deranged and there is not altogether an absence of reason to think so. Carto had worked for eighteen years at the Western Gas works and when discharged because his quarrelsome disposition had become a constant source of disturbance among other employes, doubtless brooded upon what he considered the injustice of his treatment until revenge became a monomania. Mrs. Carto says her husband has always been sober and industrious. He was unmistakably intoxicated, however, when he appeared at police headquarters Thursday to be interrogated by Chief Charles Lenz. The penalty for arson is severe. The statute provides for two to twenty-one years in the penitentiary and a fine double the amount of property destroyed or sought to be destroyed by the incendiary act.

Young Criminal Toted Big Gun.

Edward Fredericks, a 19-year-old youth now under bond to the circuit court for appearance on a burglary charge, was arrested by Officer Adkins and booked for carrying concealed weapons. Young Fredericks was toting a full grown 38-caliber revolver when Officer Adkins pinched him at Lewis and Lafayette streets. Fredericks said he was carrying the weapon to his father, who is employed in the Bass foundry. The case was continued until Nov. 12 and bond was fixed at $500. Fredericks went to jail. Some months ago Fredericks, who but recently had been paroled from Jeffersonville, was arrested for breaking into the Sanders book store on West Main street. He confessed, stating that his object had been revenge and not wrongful gain, because he had been discharged from his position there a year or two previously.

Was Scattering Checks.

William F. Cole, arraigned on a drunk charge, and continued for a week under $300 bond, is believed to have been using fraudulent checks in Fort Wayne. He had represented himself under different names to be a traveling representative of novelty concerns. He will be thoroughly investigated pending his hearing.

Other City Court Cases.

James Barner, a drunk, was fined $1 and costs, and Fred Joy, a worse souse, drew $5 and costs.

Harry Miller, no stranger to the police tribunal, was fined $10 and costs on a charge of disorderly conduct, to which he pleaded guilty. The landlady at 617 Clinton street, where he roomed, told him she was running the place, and to prove that she was not running all of it, Miller tore up his bed and distributed its furnishings to the kitchen and other parts of the establishment. He went to jail.

George Gillmore, already held a week on a drunk charge, was continued until Tuesday under $100 bond.

William Logue, charged with disorderly conduct, was turned loose.

TIBBLES FURNISHES BOND.

Bond of $1,000 has been furnished by Frank R. Tibbles, the imported street car conductor who two weeks ago assaulted a youth named Theodore Bruick with a switch hook on East Creighton avenue, fracturing his skull and himself sustaining a similar injury when hit with a brick thrown by Bruick, and is now out of jail. Bruick is still in the hospital. Both Tibbles and Bruick were charged with assault and battery. The evidence so far as obtained shows that Tibbies was the aggressor in the trouble.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

CAR RIOTERS GIVE BOND.

Theodore W. Bruick, the lad whose skull was fractured by a switch hook in the hands of Frank R. Tibbles, an imported street car conductor, during a fight on East Creighton avenue, Sunday, October 16, furnished $1,000 bond at St. Joseph hospital Friday morning, for his appearance in the city court on a charge of assault and battery on Tibbles, whose skull also was fractured when Bruick hit him with a brick. On Thursday Tibbles furnished $1,000 bond for his assault on Bruick. Young Bruick left the hospital as soon as his bond was perfected and returned home.

College men are expected to point the way, which may account for the fact that 318 Yale students earned money last year by ushering.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend 25 cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.

FIRST WINTER STORY HOUR AT PUBLIC LIBRARY SATURDAY.

The Story Hour at the public library begins Saturday morning. During the winter months story-telling in the children's department of the public library is one of the most interesting features of the work with children. Every Saturday morning at ten o'clock the story hour is held. The children are taken to one of the rooms on the second floor of the library where the stories are told. Children of the kindergarten and first four grades in school are invited.

The story hour is held with the purpose of interesting the children in the library and in good stories, with the ultimate desire to give them a love for good literature and to encourage the reading of good books. The accompanying protograph was made at the last of the story hours.

MOTOR BUS HITS BUGGY.

An auto bus of the Fort Wayne Motor Transfer company went into a buggy belonging to Vern Morrison, 802 East Wayne street, at 11:30 Thursday night at the corner of Spy Run avenue and Lawton place. The horse vehicle was struck from the rear and seriously damaged. Morrison escaped injury by jumping. The police department was notified and Motorcycle Officer Elmer Young made an investigation.

From $15 to $50

Are handsome coats of corduroy, velour, broadcloth, duvtyn, zibeline and other wanted fabrics—a coat for every woman at a price she wants to pay.

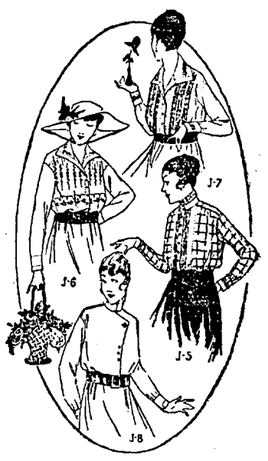
Wirthmor Waists at $1

We could use a whole page to good advantage for these Wirthmor Waists alone!

You'll find it hard to figure how such waists as these can be sold for $1.00.

Here are the reasons:

The manufacturer has contracted with one large store in nearly every city in the United States to take a certain quantity of these waists each week—this means that he can buy his materials more intelligently and more economically—he can keep his shops running at full speed all the time and he eliminates all of the heavy selling expense which other manufacturers contend with.



—All these savings which the manufacturer makes are savings for you. We don't claim to be offering you a $1.50 waist for $1.00, but we do claim that they're better waists than we have ever seen sold at $1.00 before.

—You will always find a great range of styles to choose from—some of them made nearly plain—others of them very exquisitely trimmed with laces and embroideries. Remember that a new lot arrives every week. Several styles will be shown for the first time today.

Gloves Women Are Asking For

—Cape Gloves, for street wear, in tans, black and grey, **$1.00.**

—French Lamb Gloves; a beautiful soft quality, in brown, tan, black and white, fancy embroidered back, **$1.25.**

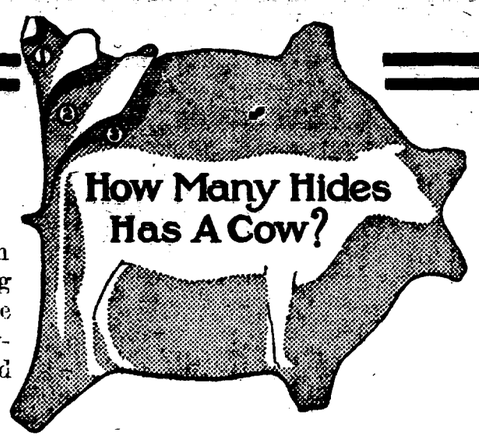
Craftsman Quality Fabrikoid

GUARANTEED FOR TWO YEARS

Looks like leather, but it is not leather, nor is it offered as an imitation leather. It stands in a class by itself. It is made of an especially strong fabric, coated with a durable flexible compound exactly duplicating the artistic appearance and luxurious feeling of the finest leather. Every Davenport covered with Craftsman Fabrikoid; is guaranteed by the maker and us to last TWO YEARS.



Besto Quality Fabrikoid

GUARANTEED FOR ONE YEAR

Leather manufacturers never give a day's guarantee on genuine leather. WHY BUY SPLIT LEATHER when you can purchase a fabric in Besto Fabricord that bears the guarantee of the DuPont Co., the largest of its kind in the world. Besto Fabrikoid comes both black and Spanish and every Davenport or Divan Bed in this sale is upholstered in this fabric. Special demonstration and sale for a few days of this wonderful fabric on steel interior Davenports. You better investigate this sale.

The Ideal Upholstery Material

Superior to Coated Split Leather

How Many Hides Has a Cow? You should know if you expect to buy Furniture covered in leather—"One" says "Nature," "Three' says cunning, and forthwith because the demand far exceeds the supply. Man crafitily splits each single cowhide into several sheets. But remember this! There can be only one sheet grain leather. The rest are splits. Recognizing this fact, we buy no split leather for our upholstering. Instead we use Fabrikoid—that comes with a guarantee of one to two years, and we make good on any piece covered with this material. Tomorrow we start a special sale and

SOME OPPOSITION TO NEW BANK LAW

Likely to Develop When Congress Gets Into Operation.

By Gilson Gardner.

Washington, Nov. 4.—Opposition to the federal reserve banking system may find its expression in congress this winter. There is already talk of legislation which the federal reserve officials say would cripple the system, namely an act to relieve the national bankers from their liability under the federal reserve law requirement to deposit reserves in the federal reserve banks rather than in certain city banks which enjoyed them previous to the passage of the federal reserve act.

It is not generally known that the reserve law is not yet fully operative. A provision in the act deferred the transfer of reserves three years. This long period was urged in order that no shock might be felt by the business world on account of the withdrawal of large sums from city banks to federal reserve banks. The law requires that these deposits be made in four installments covering the three-year period. Two of these installments will have been completed on the 16th of November. Now it is suggested that congress will be asked to relieve the banks from making the other two deposits.

The reason is clear. Under the old law the banker was permitted to deposit a large part of his "reserve" in a bank in a reserve city. This bank in turn was permitted to deposit a large share of this reserve with a New York reserve bank. The result was that money, supposed to be on deposit with the country banker, or even in the western bank was really in eastern banks, in New York generally, where much of it was loaned on speculative stocks. It was this system which made possible the 1907 panic when the small correspondent banks could not get their money but were forced to use clearing house certificates in lieu of currency, the currency being tied up in the big eastern depositaries.

The federal reserve law was passed largely to cure this evil and while the big city banks have seemed to acquiesce and have found certain features of the law satisfactory, they naturally are not happy at the thought of letting go this money which for years has flowed in from the country banks and in their hands has made them huge profits. At the money trust hearing, one of the big New York bankers testified under oath that his bank's profits from these sources had been as high as 1,500 to 2,000 per cent. on the bank's capital stock.

One complaint made now is that some of the federal reserve banks are losing money. This is not true unless possibly in the case of one bank and it is claimed that any of the federal reserve banks could make money if their directors desired the bank to do so. The federal reserve banks all have tremendous sums at their disposal and as their capital stock is very small they can easily cover their running expenses and show a small profit by merely investing their deposits in municipal bonds which they are authorized by law to do. Their purpose in the theory of the law in any case is not to make big profits, but to be a reserve. Their stockholders are the member banks themselves, and these banks make the profit while the reserve banks serve as a vault in which accumulated reserves may safely be kept, to be used for the benefit of the stock-holding banks when occasion may arise. To demand that such banks make money is like a banker expecting a dividend from his vault.

There has been talk of reducing the number of reserve banks frim twelve to eight. There is no necessity for legislation to do this as the present law leaves this discretionary with the federal reserve board. It is believed that opposition to the reserve system is confined to bankers rather than to the business world which looks with favor on the idea of a monetary and banking system which has fortified against panics.

MRS. MARY A. SCHELE EXPIRES AT HOSPITAL

Life Long Resident of City Dies After an Extended Illnes.

Mrs. Mary Ann Schele, aged seventy-five years, a life long resident of Fort Wayne, died at 9:15 o'clock Friday morning at St. Joseph hospital, where she had been a patient for one week. She had been ailing for nearly three years, when she fell and sustained injuries to her lower limbs. Death was due to complications.

Mrs. Schele was the widow of Louis Schele, the well known brick contractor, who died sixteen years ago, since which time she had made her home with her son, Albert Schele, of 614 Brackenridge street.

The deceased had been a member of the Cathedral for over fifty years and was also a member of the Rosary and St. Vincent De Paul societies and of the Sacred Heart league. Three sons, William Schele, of Battle Creek; Charles, of New Castle, and Albert, of this city, survive her, as do three brothers, William and John Wilkinson, of this city, and Patrick Wilkinson, of Kalamazoo.

Funeral services Monday morning at 8:30 o'clock at the residence, 614 Brackenridge street, and at 9 o'clock at the Cathedral. Interment at the Catholic cemetery. Friends are kindly asked to omit flowers.

KEMP.

George Washington Kemp, aged twenty-four years, died at St. Joseph's hospital at 7:20 o'clock Friday morning following a surgical operation for liver trouble. He resided with his parents at No. 7 Edna street. The deceased was born and reared in Fort Wayne and attended the public schools.

Mr. Kemp was employed as a steamfitter at the Rolf plumbing shop for the past six months. Previous to that he worked for Derheimer Brothers. He was a member of Wayne lodge, No. 25, F. & A. M.

Besides the parents he is survived by three brothers, Olo, Harry and John Kemp; five sisters, Florence, Myrtle, Gertrude and Velma Kemp and Mrs. Carl Layman, all of this city.

Funeral services Monday afternoon at 2:30 o'clock at the residence and will be in charge of the Masons.

BUHRKUHL.

Mrs. Dora Buhrkuhl, widow of Henry Buhrkuhl, died Thursday evening at the home of her nephew and niece, Charles J. and Dora Scheiman, 314 East Jefferson street, at the age of 83 years. Death followed a brief illness due to pneumonia. She was widely acquainted, being known by everyone as a woman of lovable character.

Born in Germany she came to this country when yet a young lady and had resided here for over fifty years. She had been a member of St. Paul's Lutheran church ever since she lived in Fort Wayne and had always been actice in all the affairs of the congregation.

Surviving relative include, one brother, A. E. Koester, of Greenbank, N. J.; and the following nephews and nieces: Henry Scheiman, of Grand Rapids; Fred, Charles and William Scheiman, of Fort Wayne; Miss Dora Scheiman, of Fort Wayne; Miss Minnie Koester, of Michigan, and Christian Koester, of St. Joe township.

Funeral services Saturday afternoon at 1:30 o'clock at the residence and at 2 o'clock at St. Paul's Lutheran church. Rev. Jacob Miller officiating. The services at the house will be private but friends may view the remains until 1 o'clock Saturday afternoon. Burial at Lindenwood. Please omit flowers.

BOESE.

William Boese, one of the oldest residents of Adams township, Allen county, died Thursday at his home following an illness due to infirmities of old age. Death was hastened by a stroke of paralysis and came at the advanced age of 87 years.

The deceased was born in Germany but came to this country when quite young. He resided in Fort Wayne for seven years during which time he was employed in helping to build the old Erie and Wabash canal. He then settled on a farm in Adams township where he resided until his demise. He was a highly successful farmer and was a charter member of the Rodenbeck church in Marion township.

His wife died nine years ago, but surviving he leaves the following children: Fred Boese, Mrs. C. Schlaudroff, Mrs. C. Koenig, William Boese, Charles Boese and Mrs. C. Brick. One brother, one sister, twenty-eight grandchildren and one great-grandchild also survive.

Funeral services Sunday afternoon at 1 o'clock, standard time, at the residence and at 1:30 o'clock at the church. Interment at the Saest cemetery.

KOWALSKI.

The infant son of Mr. and Mrs. John Kowalski died at the family home, 1311 Ohio street, at 12:45 o'clock Friday morning. Funeral will be held from St. Hyacinth Catholic church and interment will follow at the Catholic cemetery.

KOONTZ.

Mrs. Myrtle Koontz, wife of H. L. Koontz, of near South Whitley, died at 6:45 o'clock Friday morning at the Lutheran hospital at the age of forty years. Her new born son died Thursday morning and she passed away just twenty-four hours later.

The deceased was a member of the Christian church and besides the husband and parents is survived by three children, three sisters and two brothers.

The remains were shipped to South Whitley Friday afternoon by Peltier and funeral services will be held Sunday afternoon at Sidney.

NICE.

Peter Paul Nice, a well-known farmer of near North Manchester, died at 2 o'clock Friday morning at Lutheran hospital at the age of 52 years following a brief illness. His wife and one daughter, Alta Wood, and one grandchild survive him.

SAYS EMPLOYERS ARE MAKING IT SUCCESS

Accident Prevention Big Feature of Workmen's Compensation.

Indianapolis, Nov. 5.—"The Indiana workmen's compensation act will succeed because the employers of the state are enlisting cheerfully and enthusiastically in the campaign for accident provision," said Samuel R. Artman, a members of the Indiana industrial board, in his address Wednesday before the Indianapolis Bar association in the federal court library. Mr. Artman upheld the act in all its parts as a foundation for the upbuilding of humanitarian business methods in Indiana. In part the speaker said:

"I believe that a more appropriate name for the act would be 'the workmen's conservation act.' Compensation in the sense of making good a loss is an absolute myth. The campaign of accident prevention has reached the point that it will pay, and the employers keenly recognize and appreciate the situation. I believe that the good effect in accident prevention—in human conservation will justify the Indiana workmen's compensation act.

"The act deals directly and primarily with the employer and the employe, and it deals with them in the relationship that grows out of personal injury of the employe due to an accident arising out of and in the course of his employment. The Indiana act stands alone in having the expression, 'every employer and every employe,' which gives the act unlimited coverage and makes it applicable to all except domestic servants, farm hands and casual laborers."

The body will be shipped to Kentland Saturday morning at 11 o'clock via the Wabash by Mungovan and Ryan.

FUNERAL NOTICES.

Ackerman—Funeral services for Martin Ackerman will be held Saturday morning at 8:30 o'clock at the residence on Huffman street, and at 9 o'clock at St. Mary's Catholic church. Interment at the Catholic cemetery.

Williams—Funeral services for Thomas K. Williams will be held Saturday afternoon at 1:30 o'clock at the residence on Simon street and at 2 o'clock at St. Paul's M. E. church, Rev. F. H. Cremean officiating, assisted by Rev. T. M. Hill and Rev. John Walton.

RESERVOIR EMPTIED AND GIVEN CLEANING

Only Small Accumulation of Slime and Leaves Found In It.

The work of voiding the waterworks reservoir on Lafayette street was completed at midnight and at 6 o'clock Friday morning the work of cleansing the big holder was begun, a city fire engine under direction of Assistant Fire Chief George Jasper being employed for the purpose. Superintendent Rose, of the waterworks department, who had charge of the work of emptying the reservoir and removing the debris from it, reported that but a small quantity of dead leaves and slime was found in the bottom and there were not so many worms in the bottom as it was expected would be found. From the time the reservoir was emptied until the fire engine was put to work water was forced with heavy streams into the container to cleanse the pipes and by morning was coming in clear. The work of refilling the reservoir was started after the fire engine had done its work. The mains in that part of the city will be thoroughly flushed and the board of works expects to bring an end to the plague of worms.

BOARD OF WORKS PROCEEDINGS.

Action Rescinded on Resolution to Put New Gutter on Main Street.

Ascertaining the Indiana improvement laws do not authorize the assessment of abutting property for such a purpose, the board of works Thursday evening rescinded all action on the resolution to construct new gutters along both sides of Main street from Barr to Court street. It was proposed to build a four-foot gutter of vitrified brick.

The Moellering Construction company submitted the only bid for paving the alley east of Broadway from Dayton avenue to the alley south and the alley south of Dayton from the alley east of Broadway to lot 20 of Wilson's addition. The firm was awarded the contract on its bid of $1.40 per lineal foot for concrete. For grading Webster street, from Darrow to Rudisill, these bids were received: W. H. F. Moellering, 66 cents per lineal foot; Fred Lutz, 68 cents; Harry L. McAfee, 72 cents; Grace Construction company, 72 cents; Moellering Construction company, 76 cents.

The board confirmed assessment rolls for the paving of Ruth and Begue streets and for sidewalks on the north side of Main street, Calhoun to Harrison, and on the south side of Putnam street, Andrews to Sherman.

TO DISCUSS WIRE ORDINANCE.

There will be a meeting of the council committee on rules, regulations and ordinances, Friday evening, to discuss the ordinance that proposes to license persons and firms that do electrical wiring. Objection to the proposed fee of $50 will probably result in it being reduced to $5.

SELECT SPY RUN SEWER ROUTE.

The board of works and city engineer have finally selected the route of the proposed Spy Run district main sewer. It will run parallel to the alley west of Spy Run avenue and will cross seventeen lots. Half of the owners of this property have agreed to give easement for the sewer.

IS STRONG FOR FORT WAYNE.

City Comptroller William C. Baade, who returned Friday from a trip to Evansville on private business, came back full of enthusiasm for Fort Wayne and her "second city" honors. Comptroller Baade says there are some real "live wires" among Evansville business men, but that the city is far behind Fort Wayne in material progress and improvements and he is stronger than ever for his home town and its fame.

HEARING IS CALLED OFF

(Continued from Page 1).

and power business in the city. He believes the traction company should devote its time in operating and giving the public efficient street car service. He believes that the traction company should spend its surplus revenue in improving its street car service and that it should not be taking the money earned in its street car service from the pockets of our citizens and use it in competition with the municipally owned electric plant. He will seek to procure all of the light and power business to the end that the traction company will leave the field. He promises that the surplus earnings of the lighting plant will be used in lighting the residence streets of the city so that all the residence streets shall be wholly lighted."

The mayor admitted that he had subscribed to such a statement. On cross examination he denied that he had entered into a conspiracy to bring about the present strike as alleged in the complaint, or that he has conspired in any way whatever to take advantage of the strike to secure business for the municipal lighting plant. He told of the efforts he had made to bring about a settlement of the trouble between the traction company and its former employes.

1,000 New Consumers.

At the hearing Thursday afternoon Mayor Hosey testified that during the month of October 1,000 new light consumers had been secured by the city, but emphatically denied that he had given instructions to the city solicitors to solicit from the traction company's consumers. He admitted, however, that such soliciting had been done not only since the strike, but ever since he had been in office. The mayor testified that soon after the strike was declared he had a conference with the manager of the city lighting plant and advised that no solicitation should be done that would lead the public to believe that the city was trying to get business from the traction company.

D. C. Denis, residing at 1002 Huestis avenue, testified that he had been asked by union men to change his lights from the traction company to the city. He admitted that the traction company's light had given entire satisfaction. He was told, he said, that he might lose his renters if he did not change.

J. W. Lowther, 501 East Lewis street, a barber on Broadway, told of a conversation he had heard to the effect that a paper had been circulated among the machinists employed at the Fort Wayne Electric works pledging them to take out the traction company's lights. He could give no names.

Motions for the dismissal of the application for injunction against the city, Mayor Hosey, local labor leaders and car men were filed in the federal court at Indianapolis Thursday afternoon. It is contended by the defendants that Judge Anderson does not have jurisdiction for the reason that the plaintiff, the United States Mortgage and Trust company, is a New York concern and Joseph C. Colgan, general organizer for the car men and one of the defendants, is a resident of Illinois. The motion was filed under the names of Mr. Colgan, Joseph D. Shaw, president of the Fort Wayne Federation of Labor; J. E. Hooper and Claude B. Huston, members of the car men's union, who are on strike. The same points were raised by attorneys for the car men, City Attorney Guy Colerick and Attorney Glenn Smiley, when the objection to the taking of depositions was made Thursday afternoon.

Mass Meeting Postponed.

The mass meeting which was to have been held Friday evening at the Majestic theater for the purpose of promoting the jitney 'bus company, has been postponed. The committee on arrangements, composed of J. B. LaTourrette, A. O. Castret and Clayton H. Johnson, has issued the following statement:

"Inasmuch as the car men's organization and organized labor in general have repeatedly asserted that they were willing to submit the points at issue in the car men's controversy to any fair-minded body of citizens and these same organizations, in their proposed transportation system of big "jitney 'busses" to be used and operated in competition with the street cars have mutually agreed that once having started to sell stock that there could be no settlement of this controvery, and inasmuch as the governor of the state has appointed such a committee of citizens to try to bring about a settlement of this, the questions at issue, we now postpone the proposed mass meeting called for the Majestic theater for Friday night, November 5, that no act of ours will in any way interfere with or embarrass this committee of citizens."

OPPOSES WILSON ON NATIONAL DEFENSE

(Continued from Page 1).

policy at this time? The president himself admits that there is no reason for a change.

"If we're not threatened by any nation, if our relations with all nations are friendly, if everybody knows that we're able to defend ourselves if necessary and if there is no fear among us, why is this time chosen to revolutionize our national theories and to exchange our policy for the policy of Europe? Why encourage the nations of Europe in their fatal folly by imitating them?

Menace to National Ideals.

"We are now spending more than $250,000,000 a year on preparedness—ten times as much as we are spending on agriculture—and I feel sure that the taxpayers are not in favor of increasing this sum at this time when a change is not only unnecessary, but a menace to our national ideals. There has not been a time in fifty years when there was less reason to add to the expense of the army and navy, for we are not only without an enemy, but our preparedness is increasing relatively as other nations exhaust themselves. And there never was a time and there never has been a time in our whole history when our duty to the world more imperatively demanded self-restraint and the counsels of peace.

"I hope the president will not be deceived by the atmosphere of the Manhattan club. That is the one place in the United States where the mammon-worshipping portion of the democratic party meets to exchange compliments—there is no group farther removed from the sentiment of the masses whether you measure that sentiment by economical, social or religious standards."

CONGRESSMAN CLINE HERE.

Congressman Cyrus Cline, of Angola, was a isitor in Fort Wayne Friday, calling on many of his friends.

HEADACHE FROM COLD? LISTEN!

"Pape's Cold Compound" ends severe colds or grippe in few hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute.—Advertisement.

WHITE FRUIT HOUSE SOLD BY RECEIVER

Bess Thompson White is Purchaser for Sum of $5,700.

In the superior court Friday the Citizens' Trust company as receiver of the White Fruit House reported the sale of the assets of the concern to Bess Thompson White for the sum of $5,700. The sale was approved and a bill of sale ordered given by the court. The receivership was brought about by a suit filed some weeks ago by Reid, Murdock & Co., wholesale grocers of Chicago. The purchaser of the Fruit House is the wife of James B. White, jr.

Says She Was Driven Away.

Alleging that she was driven away from the habitation of her husband's parents, where he makes his home, and was compelled to find refuge for herself and newborn infant at the residence of her sister, Daisy Neola Ryan has begun action in the superior court for divorce from William H. Ryan. They were married in 1911 and separated last month. The complaint charges cruel and inhuman treatment, detailing that the defendant called the plaintiff vile, indecent and obscene names and struck her, besides refusing to support the plaintiff and her child since the birth of the little one two months ago, and gave her no money to buy clothing. The asks the court to compel the defendant to pay money for her suit and support, and wants the custody of the baby. Emrick & Emrick are the plaintiff's attorneys.

Mrs. Whitbech Seeks a Divorce.

In the superior court Mabel W. Whitbech has sued Winfield Scott Whitbech for divorce and for the custody of two children, aged 3 years and 1 year respectively. She charges cruel and inhuman treatment, and says they were married Sept. 20, 1911, and on May 27, 1914, he left her without means of support. Harry H. Hilgemann is the plaintiff's attorney.

Baum Company in Good Condition.

The superior court has handed down a finding for the defendant in the suit of Henry Papier et al. vs. Baum & Co., for the appointment of a receiver. The finding of the court declares that the company is neither insolvent nor verging on such a condition, that it is meeting its obligations properly and that its books are in first-class condition and that there is no ground for the appointment of a receiver. The firm of S. Baum & Co. is a well known and substantial business concern and to prove its solid condition produced its books in court.

Says Wife Was Faithless.

Elmer Reed has begun suit in the superior court against Blanche Reed for divorce and charges her with being faithless to her marriage vows, naming one Robert Steeter. He says she was guilty in Chicago, October 10, and at other times, besides visiting winerooms with other men and drinking. They were married in April 1914, and separated the 2nd inst. Hugh B. Olds is the plaintiff's attorney.

Notes of the Courts.

The last will and testament of the late William F. Crawford has been filed for probate. The decedent left his estate in its entirety to his widow, Hulda Amelia Crawford, who was named in the testament as executor.

The Indiana appellate court, in an opinion by Justice Moran, has denied the petition of appellee for a rehearing in the case of the Chicago & Erie railroad vs. Mitchell, administrator. The original opinion relates to the liability law of 1911 and appeal was taken from the Allen superior court.

The superior court has dismissed the suit of the First National bank vs. John Lerch and William Magley.

The suit of the Fort Wayne Motor company vs. William R. Fredericks has been dismissed from the superior court.

Charles Shuftlet has brought suit in the superior court against Obadiah Langford for $250, alleging that he contracted with the defendant to work for him, his compensation to be $25 a month, the right to cultivate a truck patch and occupy free of rent a certain house. He says the defendant forced him to move out and discharged him from employment. Frank M. Hogan is the plaintiff's attorney.

Edward J. Graff has brought suit in the superior court against Lewis Lopshire and others to quiet title to real estate. McAdams & Hartzell and William H. Shambaugh appear for the plaintiff.

In the circuit court Frank Huffman has sued the Ohio Electric Railway company for $500 damages, alleging that at 5 o'clock in the evening of October 2, last, the defendant's employes ran one of its interurban cars into the plaintiff's touring car at Maumee and Grant avenues, greatly damaging the automobile. It is alleged that no signals or other warning of the interurban car's approach was given. McAdams & Hartzell appear for the plaintiff.

The superior court has given judgment for $1,132 and decreed the foreclosure of a mortgage against the defendant in the suit of Hattie Myers vs. William J. Stuck, et al.

The suit of James P. Kerr vs. John D. Rauch has been set for trial in the circuit court January 10.

The divorce suit of Ida Fry vs. Robert Fry has been dismissed from the superior court.

FORT WAYNE WOMAN DIVORCED.

In the Laporte county courts Mrs. Lucinda Kesterson, of Fort Wayne, has been granted a divorce from George Kesterson on a complaint that was well spiced. Intimacy with divers other women was alleged by the plaintiff. Mrs. Kesterson alleged domestic trouble for the past twenty-five years. Her husband now resides in Gary but formerly was a superintendent of the Indiana school for feebleminded in this city. The divorced wife resides at 140½ East Creighton avenue.

M'NAMARA CASE NOV. 8.

The county commissioners have granted the motion by counsel for Frank McNamara, applicant for transfer of a liquor license that the remonstrance against him be more specific and have fixed next Monday for a hearing. The remonstrance charges that McNamara is unfit to sell liquor and that he is attempting to procure a license for Charles C. Sthair, who was put out of business at 906 Knitters avenue by the commissioners some weeks ago. McNamara was Sthair's bartender.

TAX PAYMENT TOTALS $900,000.

The fall payment of taxes in Allen county will approximate $900,000, according to the totals so far completed by County Treasurer J. Herman Bueter and his deputies. The work of making the totals is not yet completed, but has progressed far enough to indicate the amount collected. The delinquencies will be small.

LICENSED TO WED.

Albert F. Doctor, farmer, 19, and Beryl Roberts, 19.

WARREN MAY BE BIGAMIST

(Continued from Page 1).

Warren's return to Fort Wayne were received at the penitentiary, where they were believed to be those of Gifford, the escaped convict and fugitive. There seems to be little doubt of the identification.

The information received here states that Gifford, of Leavenworth, was employed as a barber and that he has a wife now in that city. This if true, will add the crime of bigamy to Warren's other transgressions and would serve to nullify his marriage to Beulah Youse, daughter of Mrs. Rebecca Youse, 250 West Main street, who supposed that she became Warren's lawful wife by a ceremony performed in Michigan City October 15 by Rev. O. L. Keplinger, chaplain of the Indiana state prison there.

Warren is now in jail in default of $2,000 bond for his appearance in the circuit court to answer a charge of issuing a fraudulent check here.

Chief of Police Lenz is awaiting further details from the prison authorities at Lansing, Kansas.

minister, whose remarks brought on the crisis, and to have demonstrated appreciation of the minister's force by appointing him aide de camp.

The Germans on the north Serbian frontier are not so fortunate in their attack but are slowly pressing back their opponents. The promised assistance for the Serbians is now materializing, according to advices from Saloniki and two divisions of British troops have arrived at Strumitza, joining the French.

German and Austrian officials, although indicating things are going well for the Teutons on the Russian front make it clear that they are now occupied chiefly with defending themselves against Russian attacks. Except in the way of counter attacks, their own initiative apparently has been spent. Particularly fierce Russian attacks are recorded along the Dvina and Stripa.

A dispatch from Athens to the Exchange Telegraph company, says that in the fighting in Babuna Pass the Bulgarians were defeated after three severe battles.

The correspondent also reports that the British legation at Athens has issued a statement to the effect that two British divisions are now approaching the Bulgarian front, and that other units are following.

ADVANCES ALONG LINE.

Berlin Sends Optimistic Report on Invasion of Berbia.

Berlin, Nov. 5.—By Wireless to Sayville.)—Advances all along the line by the Teutonic forces invading Serbia are announced in today's official statement by German army headquarters. The capture of 2,700 Serbians is reported.

Recapture of a trench northeast of Lemisnil in the Champagne district which the French had held since October 24, was officially announced by German army headquarters today. A counter attack by the French against positions captured by the Germans to the north of Massiges failed with heavy losses to the attacking forces.

It is officially reported that the Bulgarians have completely defeated at a point northeast of Prilip the French forces which were landed at Saloniki. Part of the French contingent was routed and the others were made prisoners. The first of the French prisoners have arrived at Kusténdil.

CHECK FRESH ATTACKS.

French Claim Repulse of Germans at La Courtine.

Paris, Nov. 5.—(2:30 p. m.)—Between the river Aisne and the Oise German troops yesterday after having attempted to surprise the forces in the French trenches, directed very violent bombardment against the French positions.

In the Champagne district French forces have checked two fresh German attacks against the French trenches at La Courtine. This information was contained in the announcement given out this afternoon by the French war office.

Reports from the Serbian front indicate that determined resistance is still being offered to the Bulgarian forces which invaded the southern part of the country.

Bulgarian artillery violently bombarded advanced forts of Nish on the Nishava river Wednesday says a Saloniki dispatch to the Matin filed yesterday. They captured Nish-Kavola, a small town two hours march northeast of Nish.

DRUGGED; SENT ON JOURNEY.

Frankfort, Ind., Nov. 5.—Drugged mysteriously at Indianapolis, placed aboard a sleeper in a Big Four train, and finally awakening from his stupor to find himself in Kansas City, Mo., was the experience of R. B. Hayes, stepson of Henry Wilson, living at 400 West Armstrong street, this city. The young man has just reached home after his strange trip.

Hayes was in a depressed mental condition on reaching here, and could give few details of the trip. He was unable to account for the incident. No attempt was made to rob him, as he had only $1.25 and a watch when he arrived in Indianapolis last Friday. When he awakened in Kansas City he still had the money and the watch. Who placed him on the train and paid his fare is a mystery to Hayes. Hayes could not explain the manner in which he was drugged, except probably that opium was placed in his pipe. A physician who examined him said it was his opinion opium had been placed in his pipe, and lapse of memory resulted from smoking the doped tobacco.

WINONA AUCTION BEGINS.

Warsaw, Ind., Nov. 5.—The auction sale of the property of the bankrupt Winona assembly began here yesterday with 200 creditors present. The property is being disposed of according to the settlement plan agreed on when it was purchased with the purpose of reorganization by the old management. Winona's debts were about $900,000 and assets $100,000. Today's sales aggregated $400,000. Payment is to be made in claims.

FINAL CURTAIN ON LITTLE BOBBIE SIMS

Colored Lad Who Rode Into Limelight on Freight is Back Home.

Their arrived in the mail at the office of Captain H. C. Stoll, of the Pennsylvania police department Tuesday morning a letter that is a final chapter in a little story of human interest enacted on the local division of the road this week.

The letter was addressed in a more or less regular hand to Detective James A. Jones. In the envelope were two letters, one from a small colored boy, glad to get back home, and the other from a father grateful to have his youngster with him.

The first of the story dates back to the beginning of the week. Robert Sims lives in Chicago and is black as the ace of spades. He is eleven years old, undersized, soft-voiced and with the spirit of adventure within him.

Robert decided to see the world. So he hopped a high class fast Pennsylvania freight train in the Chicago yards, and started east. At Valparaiso Detective Jones saw him, and gently plucked him from his dangerous perch between a couple of cars.

Detective Jones wired the boy's father and sent him back to Chicago, after first showering upon him enough to make one small colored boy happy for life.

Here is the letter from the boy:

"Dear Jim: I got home safely and my father was at Englewood station, but I got off down their at the Union station and a detective met me and telegraphed to Englewood station to my father for him to come for me and he came down town for me, and him and I went home together and I was glad to get home and so was mother and father glad to see me back home. My father said I could come to Valpo, Ind., on my vacation. Yours Truly,

"Robert L. Sims."

The following are extracts from the father's letter:

"I desire to extend to you my sincere thanks for your aimable service in the intercepting and return of my boy. The boy is highly impressed with you and that impression proves your sterling worth." He closes by inviting Detective Jones to come to visit him and mildly announces that he will visit the officer at Valparaiso as soon as the opportunity presents itself.

VISITED JESSE PATTERSON.

C. R. Colmey Returns From Trip Over Peoria Division.

Road Foreman of Engines C. R. Colmey returned Friday from Decatur, Ill., where he was the guest of J. F. Patterson, superintendent of the Peoria division. Mr. Patterson left here several years ago to become superintendent of the division.

Mr. Colmey went over the track, station and bridge inspection of the division with Mr. Patterson and was his guest for several days. Superintendent Patterson has a snug little line and a busy one, too, as it runs through one of the best corn and coal countries of the central states.

TO INCREASE WORKING TIME.

Rolling Mills to Start Twenty-four Hour Trick.

Business at the Fort Wayne Rolling mills has increased to the point where it is advisable to increase the working hours and beginning next Monday the mills will be operated twenty-four hours per day for four days in the week and this may be increased to six days per week soon. Three eight hour shifts will be put to work at the mills. The increase is due to the receipt recently of some big orders for mill products. For two years the mills were operated on short time, working during the daylight hours only. The improvement commenced early in the fall and has steadily increased since.

BELL-RINGER MAKES RECORD.

Has Pulled Church Bell 755 Miles in Seventeen Years.

South Bend, Ind., Nov. 5.—Seventeen years as sexton at St. Patrick's Catholic church in this city, pulling the rope on the great bell at the church more than 700 miles in that time, is the unusual record which has just been completed by Charles S. Schubert. He has rung the bell for practically 7,900 meetings. He has averaged one meeting a day through the year and three times on Sunday, making an annual total of 429 services. In addition to this, Schubert has rung the bell three times a day for Angelus. For each service he rings the bell twice. He averages ringing the bell six times on week days and nine on Sunday. Therefore, in a year, averaging twenty-five strokes to the pull for the 2,346 times he rings the bell annually he would give the bell 56,650 strokes. Now in each pull he jerks the rope four feet, making 234,600 feet annually or 3,988,200 feet or 755½ miles in seventeen years.

A candle burning steadily for two days releases energy equal to one horse power.

NEW RETAINING WALL.

Work On Wabash Improvement is Progressing Rapidly.

A big gang of men is engaged on the new Wabash retaining wall on the south side of the tracks, between Taylor street and Fairfield avenue. The work is progressing rapidly and several of the sections are poured and set, and the work is being rushed to get through before winter sets in. It was the earth removed from this excavation that was used in the Harrison street bridge filling.

HAS HAND CRUSHED.

J. G. Roper, spring maker at the Pennsylvania company blacksmith shop, got a hand caught in a press at the shops yesterday afternoon late, and had the thumb terribly crushed. He will be off duty for some time as the result of the injury.

TRYTHALL IS RECOVERING.

J. Trythall, of the Pennsylvania shops, was about today for the first time since he was badly injured about the legs two weeks ago. He will not be able to return to work for several days at least.

ELECTRIC FIREMEN HAVE BLOWOTU.

The members of the voluntary fire companies at the Fort Wayne Electric works and the General Electric Lamp works enjoyed their first banquet and social of the season at the Fort Wayne Electric works last evening. The festivities began with a dinner at 6:30 o'clock in the assembly room, which everybody declared was the best ever. Near the close of the meal three of the men left the tables and soon afterwards an electric gong sounded the fire alarm and the men rushed back into the room, bearing miniature fire fighting apparatus and a house aflame with red bulbs and deposited them at the side of William Wurtle, the chief of the department. One model represented a hook and ladder company and the firemen set the ladders against the house which was afire. Two other companies with hose carts attached and strung the hose reproduced a real fire scene on the stage of the assembly room. The miniature apparatus which was the handiwork of E. J. Stroud, was presented to Chief William Wurtle after the flames were extinguished, President W. F. Melching making the presentation speech and Mr. Wurtle responding in his corresponding manner. Following this scene Factory Supt. E. A. Barnes made a short speech. Then F. G. Duryee, master of ceremonies, invited the "boys" to the club rooms, where the evening was spent in playing games.

JOHN DALMAN HERE.

John Dalman, a number of years ago assistant master mechanic in the Pennsylvania shops in this city, and now connected with "the steel trust," was a visitor at the local Pennsylvania offices yesterday.

INDUSTRIAL NOTES.

Pennsylvania Hammersmith E. E. Szink is sick and off duty.

W. Ginther has accepted a position at the Pennsylvania forge shop.

A new yard walk is being laid in the Pennsylvania machine shop yards.

T. J. Reardon, Nickel Plate conductor, is laying off duty for a few days.

Machinist C. E. Paul, of the Wabash shops, and his daughter will spend the week-end in Indianapolis.

Vern Hosler, helper in the Wabash machine shops, has gone to the Kankakee swamps to spend a week hunting.

Charles Bork, helper in the Wabash machine shops, has gone to Milwaukee, to be at the bedside of his brother, who is ill.

The Woman's Union Label league will give a pedro party Saturday, November 6, with a pie social in connection at Vordermark hall.

The payroll of railroad employes of Garrett is greater than it has been for years and is increasing at the rate of about $35,000 per month, according to word from that city.

Walter Woodin, Pennsy engineer, who underwent an operation for relief from stomach trouble two weeks ago, will be released from St. Joseph's hospital tomorrow to go to his home in Chicago.

Prof. H. G. Walters, of Langhorse, Pa., has a peach tree which bears grafts as follows: Two of apple, three of rose, two of cedar and one each of hemlock, blackberry, lilac, plum and cherry.

Puriana Whole-Wheat Bread, 10c a loaf, wrapped at HAFFNER'S STAR BAKERY. 10-15-fri-tf

NEW HAVEN NEWS.

New Haven, Ind., Nov. 5.—Miss Mabel Robinett will spend the week-end with relatives and friends at Dunfee.

Mr. and Mrs. B. H. Grubb attended the wedding of their niece, Miss Violet Hursh, to Mr. Robert Martin, which took place at Auburn Tuesday. The bride has been a teacher in Adams township for the past two years and is quite well known in this community.

Miss Margaret Sturms was given a jolly birthday surprise party at her home Wednesday evening. The young people spent a most pleasant evening and at a late hour dainty refreshments were served. Miss Sturms received many pretty birthday remembrances from her guests, who were Misses Hazel Killworth, Helen Green, Mae Lenhart, Estella Albro, Mabel Robinett, Hazel Gorrell, Bertha Daniels, Marie Stark, Inez Sturms, Margaret Sturms, Messrs. Chris Ulmer, Harold Bandelier, Bert Guin, Marion Todd, Cornelius Hellworth, Ray Sumpton, Emory Liston, Lester Heine, Willis Miller, Roscoe Miller, Mr. and Mrs. L. Hiser, Mr. and Mrs. Chester Albro.

Mrs. Dr. Dawes, of Bozeman, Mont., is spending the latter part of the week with New Haven friends. Mrs. Dawes will be remembered here as Miss Nelle Park, who taught in the public schools here several years ago. She was called to her home in Bluffton last week by the death of her father.

Miss Evelyn Zurbuch, who is attending Sacred Heart academy, spent the week-end with her parents, Mr. and Mrs. John Zurbuch.

Mr. James Cameron will leave soon for Florida, where he will spend the winter.

Mr. and Mrs. Ira Butler have returned from a visit with relatives in Akron, Ohio.

An effort is being made by several of the young ladies here to organize a girls' basket ball team for the winter.

A masquerade surprise party was given at the home of Cornelius Hellworth Thursday evening in honor of his birthday anniversary.

Mrs. Barbara Timme and Miss Lizzie Timme, of Fort Wayne, called on friends here Thursday.

Edward Smith and family, of Warsaw, were guests of his father, Sam Smith and wife, the first part of the week.

NEW LIQUOR LAW UPHELD.

Florida Supreme Court Says Statute is aVlid One.

Tallahasse, Fla., Nov. 5.—The Florida supreme court here has upheld provisions of the recently enacted state liquor law, which prohibits sale of liquor between 6 p. m. and 7 a. m. and forbids its sale in less than half pint quantities. According to representatives of some liquor interests the decision means discontinuance of approximately half the saloons in Florida unless it is upset by the United States supreme court.

"JUST ANYTHING" IS SUNSHINE BABY'S DIET

Mother of Prize Chicago Youngster Tells How She Reared Him.

Chicago, Nov. 5.—Let him play in the sun, romp in the wind, frolic in the rain, teach him to love the out-of-doors; give him "just anything" to eat and let him sleep when he likes.

There it is—the recipe for a "sunshine baby." Not much science to it—and the family doctor might call it "moonshine," but it is the way Stacey Van Patten, jr., was brought up and Stacey's fame is now circling round the country as "The Sunshine Baby"—the baby unblemished by physical or mental flaw.

STACEY VAN PATTEN JR.

"My baby is truly a 'sunshine baby'" says Mrs. Stacey Van Patten of Chicago, the young mother. "The sun is his nurse, and the wind is his playmate, and with his coat and rubber boots on he loves to frolic in the rain. The weather man can't worry Stacey.

"When he was a mite of a baby I used to let him sleep on the porch. He loved the sun and he'd forget his playthings to watch it dance around his pillow, and he never cooed so sweetly as when the wind rocked his hammock. I kept him out of doors as much as I possibly could, and I let good Mother Nature take care of him; though I by no means neglected him. But I never fussed over him, never dieted him. What I eat, he eats—meat, potatoes, fish, everything—and a committee of five doctors who examined him at a recent baby show said he was physically perfect."

The "Sunshine Baby" is three years and three months old and he weighs 34 pounds, the normal weight for his age.

The great quantities of wood pulp that are being used constantly for newspapers and magazines, make it imperative to find substitutes for spruce pulp.

A British private escaped three bullets in an hour's fighting in France. One penetrated his poch, another the pack on his back, and a third destroying his rifle.

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, The Family Drug Store, and other good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

ODD FELLOWS GRAND LODGE THIS MONTH

Total Membership of the Order in Indiana is 84,932.

Members if the Independent Order of Odd Fellows are greatly interested in the semi-annual grand encampment meeting, to be held on November 16 and the grand lodge meeting to be held November 17 and 18 at Indianapolis. Fort Wayne members are particularly interested for the reason that Jesse Macbeth will be elected grand master.

Odd Fellows in Indiana will obtain many interesting bits of statistical information concerning their order, in addition to the current statistical reports, when the semi-annual statement from W. H. Leedy, grand secretary in Indiana, is completed for the sessions. In the report, which will cover the period from January 1 to June 30, 1915, Mr. Leedy has included many comparative statistics and one of the most interesting features will be a review of the last 25 years of the development of the order.

At the session of the grand lodge in 1890 Mr. Leedy was installed as grand master, and since then has been a prominent figure in the state organization, and his personal review of the last quarter of a century of Odd Fellowship in Indiana will be of great interest to all members of the lodge.

757 Active Lodges.

The report will show that on June 30 there were 757 active lodges in Indiana, with a total membership of 84,932, a net gain of 386 in six months. In 1890 the membership was only 33,000. In the first six months of the year 2,164 were initiated, 218 reinstated and 411 were transferred to Indiana lodges on cards from other states. There was 403 deaths and 478 transfers to lodges in other states, while 1,436 memberships were abated from other causes. In Indiana 28,186 members had the work of the grand lodge. Marion county led the state with 5,306 members, and Ohio county had the smallest membership, 57.

In six months relief benefits were paid to 5,664 members, to 168 widows and families and the sick benefits were for a total of 38,111 week. The payments made aggregated $195,980.59, bringing the total for the year ending June 30 to $362,563.02. The total resources of this order in Indiana were $4,252,527.40, of which $3,521,860.47 was represented by buildings and $702,879.35 by cemeteries and other realty.

Veteran Jewels Awarded.

Three veteran jewels were awarded in the six months to E. C. Clinton, of Alexandria, who was initiated July 1, 1896; to Fountain Harness, of Jeffersonville; who was initiated July 12, 1895, and to Jacob Schaninger, of Jeffersonville, who was initiated Sept. 6, 1865. Veteran Rebekah jewels were conferred on Alice Delong and Anna Klinginsmith, of New Augusta, and Della Shorte, of Monticello, all of whom have been Rebekas for 15 years.

In addition to the statistical reports the grand secretary's report will include recommendations to the grand encampment and to the grand lodge, which are not made public until after they have been given.

MOUNT MAY BE PRESIDENT.

Report Is Rumely Stockholders Have Organized to Take Over Property.

Indianapolis, Nov. 5.—Since the decrees in federal court have been entered by Judge Anderson for the sale of the property of the M. Rumely and the Rumley Products Companies, Laporte concerns which went into bankruptcy last winter, the report of the selection of Finley P. Mount, receiver in both cases, as president of the new company which intends taking over the two plants, is again in circulation.

Mr. Mount's name frequently has been mentioned in connection with the position and it is generally believed that prominent creditors and stockholders of the two concerns have decided on him for the place. It is said an organization has been completed to take over the property and continue the business. Mr. Mount has closed his office in Indianapolis and has taken up permanent headquarters at Laporte.

In the final decrees, it is shown that the M. Rumely company has indebtedness to the amount of $11,000,000 and that the Rumely Products company's indebtedness totals $9,000,000.

AFTER THE MOTOR RIDE USE MILK MASSAGE

After you've been on a long motor trip and the pores of your skin are full of dust, dirt and other poisons, don't scour and scrub your face with soap, but use a cleansing emollient milk massage, that will take out every particle of dust and dirt, and leave the skin soft, clear and white.

To prepare this massage, get two ounces of powdered bryol crystal from your druggist, add it to half a pint fresh milk and your milk bath is ready. Apply the milk bath freely to the face, arms and neck, massaging gently until it begins to roll out, keep on massaging until all the cream has rolled out and you will find that every particle of dirt, dust and grease has come out with it, leaving the skin soft and clear.—Advertisement.

WENT TO THE HOSPITAL.

C. E. Blanchard, postmaster at Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills were recommended to me and they completely cured me. I cannot speak too highly of them." Sufferers in every state have had similar benefit from this standard remedy for kidney and bladder ailments: It banishes backache, stiff joints, swollen muscles and all the various symptoms of weakened or diseased kidney. INDIANIANS WILL BE SUED.

District Attorneys Directed to Go After Money Owed to United States.

Washington, Nov. 5.—The department of justice has prepared instructions to District Attorney Frank C. Dailey, of Indiana, and other district attorneys in regard to bringing suits for the recovery of government money lent to Americans, who were stranded in Europe when the war broke out and who have failed to make settlement of the claims which the government has against them. Recently the treasury department made public a list of these claims, which included fifteen against persons who gave Indiana addresses.

At the department of justice it is stated that district attorneys will be instructed to investigate each case and wherever a person is found who is able to pay his claim, suit will be instituted in the name of the government, in the United States district court.

QUITS PHILIPPINE COMMISSION.

Gen. Riggs Unable to Agree With Governor General.

Baltimore, Nov. 5. Gen. Clinton L. Riggs, of this city, a member of the Philippine commission and secretary of commerce and police, today announced today that he had resigned his post and that his resignation had been accepted by the president. Gen. Riggs said that he took this step because he "found it impossible to submit my views and actions to the apparent wishes of the administration as expressed by the governor general."

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.—Advertisement.

TWO HANGINGS AT SAME HOUR.

San Francisco, Nov. 5.—Louis Bundy, who murdered and robbed a messenger in Los Angeles to get money for a present for a girl, and Earl Loomis who murdered a Sacramento woman who resisted his attempt to rob her candy shop, were hanged simultaneously today, one at San Quentin, and the other at Folsom penitentiary.

VILLA MAY ATTEMPT TO CAPTURE A PORT

Washington, Nov. 5.—Confidential reports to the war department from official sources in Mexico indicate that Gen. Villa in his movement to Naco is carrying out part of a plan to strike from there through the interior to the Pacific coast to capture the port of Guaymas to get a base of supplies and then, after recouping his military strength, probably move on toward Mexico City. Villa's first plan was to get supplies at Agua Prieta if possible, but that it was planned long ago to move on to Naco, to Hermosillo and then on to the coast, where the American embargo on arms will not prevent the receipt of munitions.

NEW HAVEN MAN IS BRUTALLY BEATEN

John R. Troutner, Assaulted by Roy Ladig, in Critical Condition.

An affidavit was sworn out Friday afternoon against Roy Ladig, of New Haven, charging assault and battery with intent to kill John R. Troutner, also of New Haven. It is said that on Thursday evening Ladig attacked Troutner and after knocking him down with a piece of iron pipe gave him a most brutal and unmerciful beating.

Troutner is said to be in a critical condition and Deputy Prosecutor S. A. Callahan Friday afternoon swore out an affidavit against Ladig, who will probably be arrested pending the outcome of Troutner's injuries. Prosecutor Callahan went to New Haven Friday afternoon to investigate the affair.

The assault is said to have been the result of a grudge Ladig held against Troutner for having once caused his arrest.

FIRES STRAWSTACK AND ATTACKS WOMAN

Vincennes, Ind., Nov. 5.—Fred Heacock is in jail here today, charged with arson and assault with intent to kill. Heacock was arrested by Sheriff Wolfe and a number of deputies as a result of an alleged attack on Mrs. Julia Gordon Snyder at the Snyder home seven miles south of this city. It is alleged that Heacock set fire to a strawstack on the Snyder farm and when Mrs. Snyder, attracted by the fire, opened a door of her home, he began shooting at her. Noah Snyder and Mrs. Gordon were married this week, and when Heacock read a report of the marriage, it is said, he went to the Snyder home with the intention of killing the woman. When placed in jail he attempted to commit suicide by butting his head against the bars of his cell.

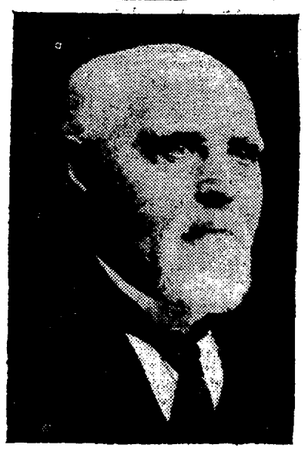
The Oldest Undertaker in the City



If we were to state in the following lines that we are the oldest and best known undertaking firm in the city, having the largest business building and stock, or the best embalmers and the most friendly funeral directors in the state, having never made an error in our line of business, we would not be stating the facts.

Although Mr. F. H. Scheumann is the oldest living undertaker in the city, the present firm of F. H. Scheumann & Son is but three years old, in which time we have made much headway. Installing motor service, removing our hearses to a firm where we can be furnished with the best of horses and coaches, classes our rolling stock with the best in the city. Leasing the entire building at 339 East Lewis street, where Mr. A. H. Scheumann and family reside, and erecting a garage in the rear has helped materially in giving prompt service.

Our place of business has been refinished and decorated throughout and we have refitted a 100 seating capacity chapel, which is always at your service. Our stock of funeral furnishings is selected from the best casket houses in the country and range from the most reasonable cloth-covered and hardwood to the best metalic caskets on the market, and are sold at prices which defy competition. Our services, from the art of embalming, conducting of funerals to the making of the headstake, are guaranteed to be absolutely satisfactory, or we make no charge for services.

To see a body prepared in our style takes away all horrors so many people have against embalming. Our work is never done behind locked doors and you never see any blood or any other substance of the body taken away later to be disposed of, all being scientifically embalmed without any mutilation, to be kept for an indefinite length of time, regardless of conditions of body or the season of the year.

Mrs. Elnora Scheumann, graduate of the Cincinnati College of Embalming, being the only practical lady assistant in the city, has won favor in all ladies' and children's cases she has taken care of.

By phoning No. 900 our service can be had, day or night.

MORE RIOTING IN CAR STRIKE.

Wilkesbarre, Pa., Nov. 5.—More rioting in the street car strike occurred here today when the Wilkesbarre Traction company resumed its operations of cars on two lines. Disorder broke out in the central part of the city at two different times. Stones, clubs and pieces of iron were hurled through car windows by strike sympathizers who numbered several thousand. State police and mounted city police rode into the crowds and dispersed them. Four arrests were made. Charges of inciting to riot have been lodged against the prisoners. By noon the trouble had subsided.

Beware of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.—Advertisement.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 5.—Reports that the crop movement from first hands in the northwest showed a notable falling off, tended to rally the wheat market today after an early decline. After opening ⅛@¼c to ⅛@⅜c lower, with December and May both at $1.05 to $1.05¼, prices eased off a trifle more and then rose to well above yesterday's close.

The close was weak at ⅜@½c to ⅝c net decline.

Export business lifted corn. Opening prices, which ranged from ⅛c off to ¼c up, were followed by a moderate general advance.

The market, however, closed easy, ¼@⅜c to ⅜c@½c above yesterday's finish.

Oats hardened with corn.

Lack of demand had a depressing influence on provisions.

THE DAY ON WALL STREET.

New York, Nov. 5.—Metal shares led all other issues at the outset of today's trading, Anaconda, Chino and Utah Coppers selling at record prices, albeit initial gains were only fractional. U. S. Steel opened with 3,300 shares at 87⅝ up ⅛ point. Bethlehem Steel was unchanged but soon gained 10 at 450, and other war issues were moderately higher. Rails were steady except Atchison, which lost 1⅝ points at 109⅝.

The market yielded to pressure before the end of the first hour, quotations then falling well under yesterday's final figures. Canadian Pacific lost three at 185¾ and other international shares were heavy. U. S. Steel and Coppers comprised the bulk of the early business. Early gains of two to three points in specialties were largely lost.

For Fort Wayne and vicinity (radius 20 miles): Fair tonight and Saturday; warmer Saturday.

For Indiana: Cloudy tonight, probably rain south portion; Saturday showers and warmer.

For Ohio: Fair tonight, somewhat cooler northeast portion; Saturday increasing cloudiness and warmer; probably rain south portion.

For Lower Michigan: Cloudy tonight and Saturday, probably rain; warmer Saturday.

WEATHER CONDITIONS.

During the last 24 hours the low pressure area moved from the upper lake region to the New England coast, causing light precipitation in the eastern portion of the lake region, upper Ohio valley, St. Lawrence valley and middle and New England states. Light showers occurred in California, Oregon and Washington. Fair weather prevailed in the interior states. In connection with high pressure over the upper lake region, lower temperatures have resulted in the western portion of the lake region and upper Mississippi valley. In the south and northwest temperatures have risen. Except in the St. Lawrence valley temperatures are generally above the seasonal average.

BRYAN TICKETS PLAN

OPPOSES WILSON ON NATIONAL DEFENSE

Former Secretary of State Comes Out Flatly Against the President's Program on Preparedness.

Washington, Nov. 5.—Former Secretary Bryan came out squarely against President Wilson's national defense plan today in a formal statement in which he took issue with the president's views as expressed last night before the Manhattan club in New York.

"A departure from our traditions; a reversal of our national policy, a menace to our peace and safety, and a challenge to the spirit of Christianity which teaches us to influence others by example rather than by exciting fear," is Mr. Bryan's view of the national defense plans.

The former secretary of state's statement, which reiterates views he has previously expressed on the subject of preparedness for war was regarded as the opening gun in the fight which administration leaders expect in congress against adoption of the plan.

Mr. Bryan's Statement.

Mr. Bryan's statement says:

"I have read the president's speech at New York with sorrow and concern. He is doing what he believes to be his duty, and so long as a man follows his conscience, and judgment, we cannot criticize his motives, but we may be compelled to dissent from his conclusions. I feel it my duty to dissent and, as he has given his views with clearness and emphasis, those who differ from him are under a like obligation to express themselves with equal clearness.

"He says that his position is different from that of the private individual. In that the individual is free to speak his own thoughts and risk his own opinion. This sentence is a little obscure. Insofar as he expresses his own opinion, he does not differ from the private citizen except that he speaks under a sense of official responsibility but where a nation's fate is involved in a policy every private citizen who loves his country and tries to serve it is conscious of responsibility.

Never Adopted or Endorsed.

"He has announced a policy which has never been adopted in this country and never endorsed by any party in the country and he has no way of knowing, until he hears from the people whether he has correctly interpreted the will of the public. His appeal is not to any party, but as he says, to men of all shades of opinion,' he asks for the hearty support of the country, meaning of course, that he wants the support, provided the people favor the policy which he has outlined. He could not, of course, ask them to support a policy which they did not endorse, and especially if they considered the policy dangerous to the country.

"From my view of the subject the plan which he proposes is not only a departure from our traditions but a reversal of our national policy. It is not only a menace to our peace and safety, but a challenge to the spirit of Christianity which teaches to influence others by example rather than by exciting fear.

"The president says that we should be prepared 'not for aggression but for defense.' That is the ground upon which all preparation for war is made. What nation has ever prepared for war on the theory that it was preparing for aggression? It is only fair to assume that the European rulers who are involved in the present war thought that they were contributing toward the maintenance of peace when they were making elaborate preparations for defense. It is a false philosophy and, being false, it inevitably leads into difficulties. The spirit that makes the individual carry a revolver—and whoever carries a revolver except for defense?—leads him not only to use it on slight provocation, but to use language which provokes trouble.

Winning National Respect.

"If there is any truth in our religion, a nation must win respect as an individual does, not by carrying arms, but by an upright, honorable course that invites confidence and insures good will. This nation has won its position in the world without resorting to the habit of toting a pistol or carrying a club. Why reverse our

FATHER MAKES GOOD FORGERIES BY SON

Grant County Farmer Reimburses Banks for Loss in Hodgison Case.

Frankfort, Ind., Nov. 5—John Hodgison, a well-to-do Grant county farmer, made good the forgeries committed by his son, Orville Hodgison, by which the young man obtained $3,595 from the First National and American National banks of this city, on Aug. 12, 1812, by means of forged checks.

Young Hodgison's flight from state to state and across the country to California, his marriage to a Kentuck girl of a prominent family and his capture in Pittsburg, following his attempt to rob a jewelry store, after he had been unsuccessful in trying to pass forged checks at Indianapolis and Louisville, followed in quick succession. He was sentenced from the court here to the reformatory for two to fourteen years. Following the arrest of young Hodgison the banks took judgment against him and the amount paid into court represents the amount of the judgment, the costs not being included.

ROBBERS CLEAN UP TWO INDIANA TOWNS

Lafayette, Ind., Nov. 5.—Six business establishments at Boswell, the small town in Benton county west of here, were entered by safe crackers last night. Attempts were made to loot safes at the W. P. Simpkins' drug store and the O'Hair & Son dry goods store, but were unsuccessful. The robbers secured but about $50 for their night's work. They escaped in an automobile.

Four residences were burglarized at Delphi last night and thieves also entered the Pearson garage. About $75 in money and jewelry were taken from the homes and a small amount of money and some clothing were stolen from the garage.

LAST MINUTE NEWS

RUMOR OF KITCHNER'S RESIGNATION DENIED.

London, Nov. 5.—(5:29 p. m.)—Official denial was made today of a report that Lord Kitchner, secretary for war, had resigned. The announcement follows: "During Lord Kitchner's temporary absence on public duty the prime minister is carrying on the work at the war office. There is no truth in the statement that Lord Kitchner has resigned."

FUSE GOES OFF; PLOT TO WRECK PLANT FAILS.

Cleveland, Ohio, Nov. 5.—A sensation was created today when a teamster for the Forest City Foundary company found near the plant of that concern nineteen sticks of dynamite with a fuse attached, which had been lighted and gone out. The dynamite was only a short distance from several buildings of the plant of the Theodore Kundtz company, which has been manufacturing bodies for automobiles for war orders and where a strikc is in progress.

HEARING IS CALLED OFF

Witnesses Who Refused to Appear Must Answer to Judge Anderson.

DEPOSITION OF MAYOR IS TAKEN

Conciliatory Committee Confers With Local Labor Leaders.

The taking of depositions before Robert B. Garmire, notary public, to be used in the application for an injunction asked for in a petition filed in the federal court at Indianapolis by the United States Mortgage and Trust company, bondholders for the Fort Wayne and Northern Indiana Traction company, against Mayor William J. Hosey and other city officials, labor leaders and fifty-five car men, came to an abrupt ending Friday morning when the principal witnesses refused to appear.

The names of twenty of these witnesses who had been subpoenaed were called and receiving no response the notary public was instructed to certify them to the federal court at Indianapolis. Those whose names were called were: Joseph C. Colgan, Clayton Johnson, Joseph D. Shaw, J. J. Perry, Thomas Cross, Charles Randall, George Feauster, Walter Felger, Oscar Huber, L. L. Mont, Frank Weigman, Ben Stock, Chris Wenghoff, A. M. Reuter, J. D. Anderson, Milo George, William A. Bachman, Don Wildo, Joseph Haffner and Leslie Laible.

Governor's Committee Acts.

The most important move to be made by the conciliatory committee appointed by Governor Samuel M. Ralston, of which Samuel M. Foster is chairman, was a conference at 3 o'clock Friday afternoon with a committee of three representing the Federation of Labor and a committee of three representing the street car men. The conference was held at the German-American National bank and was arranged for through the efforts of the chairman.

"The first thing that we've got to do is to find out what we're talking about," Mr. Foster stated Friday. The chairman said that as soon as anything had been accomplished the public would be notified through the newspapers.

Campaign Pledge Recalled.

At the hearing before the notary public Friday morning an effort was made by Attorney Latta, representing the mortgage and trust company, to show that Mayor Hosey had promised before his election as mayor of Fort Wayne to put the lighting department of the Fort Wayne and Northern Indiana Traction company out of business. When Mr. Hosey took the stand he was shown the following statement appearing in a pamphlet during the last campaign setting forth what he would do if elected:

"He will continue the policy of commercial lighting. In doing this it will be his endeavor to procure all the light

VOTE ABOUT AS WE PURCHASE A SUIT

Do Not Give Ballot Forethought, Says Daughter of President.

Milwaukee, Nov. 5.—Miss Margaret Wilson, daughter of President Wilson, told the Wisconsin state teachers' convention here today that the majority of voters cast their ballots with "as little forethought as they give to buying a suit," and proposed as a remedy the use of school buildings as meeting places for citizens and as voting booths and the employment of school principals as election clerks. She said the people should be organized according to the voting precincts with the school buildings as their centers.

"Let us make the vote mean something—all of us, men and women together," said Miss Wilson. "It is disgraceful the way the majority of men vote. I am told when he gets a suit he gets what the tailor tells him to wear. That is what most voters do in the primary. They vote for the man who 'they' say is the man—'they' being in this case the political bosses. We know this, but have done little so far except talk about it." Miss Wilson said it "surely is America's opportunity to prove the ideal of democracy is more than a dream, that it is a principle that works." She added that self-government is nothing more nor less than a process of education. Miss Wilson said that her proposals to use school principals as election clerks and secretaries of community social centers were not impracticable, most of them having been tried successfully in Wisconsin. She said she realized democracy could not be obtained through a machine, but that "we must have the means of expressing ourselves as citizens in a more vital way."

AWAITING OFFICIAL COUNT IN KENTUCKY

Everybody Clings Fast to Claims in Governorship Contest.

Louisville, Ky., Nov. 5.—Kentucky's gubernatorial election situation marked time today pending official canvass of Tuesday's vote in the 120 counties of the state. It was expected the canvass in the smaller precincts would be completed by night but in the cities and towns the long ballot and the heavy vote possibly would delay compilation of the count until tomorrow.

Campaign managers today abated none of their previous claims. Republican leaders declared they were abiding by the formal statement issued late yesterday which gave Edwin P. Morrow a majority of 1,476. At democratic headquarters it was stated there had been no change in the claim of A. O. Stanley that his majority, with two precincts missing, was 3,598. The vote in the missing precincts, it was stated, would not affect the result.

Meanwhile revised unofficial and apparently reliable returns today from every precinct in the state gave Stanley a majority of 1,243 as against 2,061 the unofficial figures yesterday.

QUEST CLUB HEARS TALK ON ACCURACY

"Thoroughness and Accuracy and How to Obtain It," was the subject of an interesting address by Herbert Grosvenor, factory manager of S. F. Bowser & Co., at the regular weekly noon-day meeting of the Quest club, Friday. The three principal points brought out by the speaker in how to obtain thoroughness and accuracy were: Appeal to a man's pride; encourage him to think and be just as ready to commend him for doing well as to condemn him when he does wrong. W. A. Holson led the discussion.

TEUTONIC ARMIES GAIN IN SERBIA

Big British Force is Now Nearing Fighting Line of Bulgarians.

Today's War News Given in Summary

A general advance by the Teutonic trmies engaged in the Serbian campaign is announced by the Berlin war office. During their forward movement the Austro-German forces captured 2,700 more Serbians.

From the extreme western front the Montenegrins report the capture of Troglav from the Austrians, whom they claim to be holding on the border.

The Germans, continuing their successes in the Champagne region, claim to have recaptured a trench northeast of Lemesnil, which the French had held for nearly a fortnight. Likewise they repulsed with heavy losses to the French an attack on positions recently taken by the Germans north of Massiges.

Paris claims a repulse for the new German attacks in the Champagne and reports an air raid on buildings at Dornach, used for the manufacture of suffocating gases.

In the Dvinsk district the Russians remain on the offensive, but their attacks have been fruitless and have resulted in very heavy losses for them, Berlin claims. In Volhynia, Gen. von Linsingen has driven the Russians back northwest of Czartosk. The German success at Sienikowce also is reported.

Geneva reports that snows in the Carnac Alps have brought the Austrians and Italians to a virtual standstill in their operations in that sector.

Leaders of all the Greek parties have been summoned by King Constantine for a conference on the situation created by the overthrow of the Zaimis cabinet. A speedy ending of the ministerial crisis is expected, an Athens dispatch states.

London, Nov. 5.—(12:17 p. m.)—The all-night meeting of the Greek chamber, the new attack of former Premier Venizelos on the policy of the government and his criticism of King Constantine's interference with "constitutional liberties" of the Greek people are recent stages of the new political crisis which, for the time being, has overshadowed the military situation in the Balkans. According to latest information from Athens the king is expected to continue the Zaimis cabinet and dissolve parliament rather than accept the other alternative of permitting M. Venizelos to return to power.

King Constantine is said to be in thorough sympathy with the conduct in the chamber of Gen. Yanakitas, war

WARREN MAY BE BIGAMIST

Check Artsit Believed to Be Escaped Convict of Kansas Prison.

WAS DOING TIME AS B. J. GIFFORD

Man Sent from Leavenworth Has Wife Residing in That City.

That Charles L. Warren, also known as Commodore Perry Hull, the poppy Midas and check operator, whose spectacular performances in Fort Wayne and elopement and marriage with Miss Beulah Youse, three weeks ago, have been a persistent sensation here ever since, is an escaped convict from the Kansas penitentiary, and is a bigamist besides, is believed by the police on information just received here.

As B. J. Gifford, a man thought to be Warren, or Hull, was sent up from the city of Leavenworth in 1911 for obtaining money under false pretenses. He was later paroled. Violating his parole he was sent back to the Kansas state prison at Lansing, an descaped from that institution last July. Since that time the Lansing prison authorities had been able to gain no trace of him until photographs and finger prints taken since

LITTLE BOY SHOWS MARKED IMPROVEMENT

Little four year old Robert Robbins, son of Mr. and Mrs. Fred Robbins, of 1121 Broadway, who was seriously injured Thursday when a heavy shelving fell on him and who was taken to St. Joseph hospital, where it was thought he would not recover, showed marked improvement Friday.

His condition is yet very critical, but physicians are of the opinion that he has a slight chance for recovery. Indications pointed to the fact Friday morning that the belief of yesterday that the little fellows neck was broken is not true and that his injuries are confined to a badly fractured skull.

The accident occurred at 12:15 o'clock Thursday when a heavy shelving taken out of the Buck grocery was found lying across the prostrate form of the unfortunate little fellow. He regained consciousness Thursday evening.

MUNCIE MAN SUDDENLY INSANE ATTACKS TWO

Muncie, Ind., Nov. 5.—Jacob Longmeyer, 55, becoming insane suddenly today after a year's sickness, leaped from his bed and with a pocket knife slashed Thoren Kendrick, 70, across the throat, the blade of the knife missing the jugular vein.

Mrs. Dennis Hennessey, 65, attracted by the noise, attempted to quiet the crazed man and was attacked. She was stabbed about the face and one ear was partly severed. Her condition is not serious.

Kendrick is in a serious condition from loss of blood but the physicians think he will recover unless his age operates against him. He is a civil war veteran and is well known. Longmeyer was arrested.

JOBS FOR SIXTY ONE.

Jobs were secured for sixty-one persons during the past week through the Fort Wayne branch of the state free employment bureau. Fifty of these were men and eleven women. The men were given employment as follows: Farm hands, 16; laborers, 32; painter, 1, and plumber, 1.

Four Americans, Reported Slain, Prisoners Instead

Douglas, Ariz., Nov. 5.—The four Americans, Dr. R. H. Thighen, Dr. James Wilson, J. D. Pylant and A. L. Wilson reported yesterday by Gen. Villa as having been killed in the battle of Agua Prieta, are prisoners at Verde, according to George Snow, driver of an automobile truck, who arrived at Naco, Arizona, today.

Snow said he saw the four men at Verda last night, but could not learn the nature of the charges upon which they were held by Villa authorities.

According to the Villa report yesterday the two physicians and their chauffeurs, Pylant and Wilson, were killed by gun fire from Gen. Calles forces while doing first aid work between the lines. Villa reported the four men "dead and buried." He declined to say where they were buried or to consent to the exhumation of the bodies.

BULLETIN.

New York, Nov. 5.—President Wilson's automobile struck and injured a small boy here late today, while the president was motoring to the Pennsylvania station to catch his train for Washington. The boy was apparently more frightened than hurt. After stopping his car and ascertaining that the accident was trivial, the president continued to the station and boarded the 3:30 train for Washington.

CAN OF FLOOR WAX AND A GAS STOVE

A can of floor wax is alright in its place, but its place isn't the top of a gas stove with both burners lighted. Thereby hangs the tale of a fire department run made by companies 2, 3 and 8 and the police squad wagon to 340 East Woodland avenue at one o'clock Friday afternoon. A strip of wall paper the wax, and a fern suffered to the extent of five dollars and there was no other loss. The residence is owned and occupied by A. P. Smith.

Fall from a Window Will Cause Little Tot's Death

Suffering a fractured skull and other injuries of a serious nature when she fell from the second story window at her home to the cement pavement below, little Louise O'Connell, aged three years, daughter of Mr. and Mrs. J. D. O'Connell, of 419 East Lewis street, is lying at St. Joseph hospital where doctors have given up hope of her recovery.

The sad accident happened at 10 o'clock Friday morning while the mother was busy with her household duties. The little girl had gone into the bedroom facing the street and was playing on the bed, which stood next to an open window. In some unknown manner she fell from the bed, headlong to the pavement below, a distance of fifteen feet.

She was found a few moments later by a man who happened to be passing. The little girl was rushed to the hospital where Dr. E. E. Morgan attended her. He states that her injuries are of such a nature that she can not recover and that death is only a few hours distant.

KING CALLS COUNCIL ON THE NEW CRISIS

Constantine Summons Leaders as Power of Venizelos, Ally Sympathizer, Again Looms in Greece.

Athens, Nov. 4.—(Via London, Nov. 5.)—King Constantine has summoned leaders of all parties to confer on the situation resulting from the overthrow of the Zaimis cabinet and it is expected the ministerial crisis will end within 24 hours.

One of the statements of M. Venizelos, which attracted special attention in the chamber of deputies today, was that Great Britain's offer to cede the island of Cyprus to Greece was independent of result of the war while other promises of concessions were conditional on the success of the allies. Greece, he said, was to acquire part of the Vilayet of Brusa and Bulgarian Thrace while Bulgaria was to be shorn of the territory she gained as a result of the Balkan war. All this he declared, would be obtained by Greece at small cost since the proposals of the entente powers required only the assistance of smaller units of the Greek fleet.

Referring to the allegation that Serbia had failed to send against the Bulgarians 150,000 men in accordance with the provision of the treaty of alliance, M. Venziseloos said she actually had 130,000 troops opposed to the Bulgarians. If Greece had taken the field, the former premier asserted, her army today would have been within a short distance of Sofia and Serbia could not have devoted her energies to holding back the Austro-Germans whose numbers were less than had been reported.

BERLIN SEES CRISIS.

Berlin, Nov. 5.—(Via London.)—The press of Berlin makes no attempt to minimize the victory of former Premier Venizelos, of Greece, over the Zaimis ministry, and asserts it brings a sharp crisis in the affairs of Greece. An exception is the Vossiche Zeitung, which declares the Grecian cabinet crisis "is of no significance in connection with the foreign policy." The Tageblatt devotes a column to comment on this situation, although news of the defeat of Premier Zaimis was not received until late last evening. It says a new and grave political crisis has been created by the vote of the chamber of deputies and believes financial difficulties or the chicanery practiced by the British may have been the cause.

"But the fact cannot be denied that a majority of the chamber has taken the standpoint that it is better to go through thick and thin with the entente, as its true vassal and with its financial support, according to the wishes of Venizelos and to entrust the nation's future to a daring adventure, rather than to assume the burden of temporary sacrifices and hardships which the country's persistence in its neutrality would entail."

The Tageblatt points out, however, that the decision as to the nation's future course is dependent not on secret treaties of the opposition leader, but on the provisions of the constitution which give King Constantine free rein to appeal to the people. The king can adjourn the chamber for some time and then order new elections, following which there would be a delay of several weeks before the assembling of the new chamber. During this long period the king would be able to place the nation's affairs in the hands of men of his own choice. There is no present reason, the Tageblatt concludes, to expect an immediate reversal of the policy of Greece.

WILSON AND FIANCEE GUESTS AT LUNCHEON

President Puts in Busy Day in New York After the Banquet Speech.

New York, Nov. 5.—President Wilson planned to spend the better part of today with Mrs. Norman Galt, his fiancee, and relatives who are now in New York. Despite the late hour at which the president left the Manhattan club banquet, he arose early today at the home of Col. E. M. House, where he spent the night, and called upon Mrs. Galt at her hotel about 9 o'clock. A few minutes later they left for a long automobile drive, after which they were to attend a luncheon given in their honor by Cleveland H. Dodge.

President Wilson had planned to leave for Washington at 10 o'clock, but deferred his departure until late this afternoon in order to attend Mr. Dodge's luncheon. Among the guests were Miss Helen Woodrow Bones, the president's cousin, who accompanied Mrs. Galt on her shopping tour here; Miss Gertrude Gordon, of Washington, and Dr. Cary T. Grayson, the president's naval aide and physician. The president has taken advantage of his visit to New York to talk informally with several democratic leaders. Wm. F. McCombs, chairman of the democratic national committee, who is reported to have differences with the president, had a long talk with him late last night.

FORMER RESIDENT DEAD.

Mrs. Lisette J. Geiger, 93 years old, a former resident of Fort Wayne, is dead at her home in Logansport, where she had resided for the past sixty years. Mrs. Geiger moved to this city from Defiance, Ohio, and later to Logansport. She was born in Muenchberg, Bavaria.

Minnesotans and North Dakotans Get Most of New Homesteads.

Minot, N. D., Nov. 5.—More than 85 per cent. of the 110,000 acres of Fort Berthold reservation lands will be divided among residents of North Dakota and Minnesota when they are opened to entry next May.

At the drawing here, conducted by government land officials, Charles R. Porter, of Anoka, Minn., won the privilege of making first selection of one of the 700 homesteads of 160 acres each.

A crowd that began gathering shortly after dawn packed a local theater to overflowing and waited impatiently until Julius Halvorson, 10 years old, son of a former Minot mayor, laughingly poked a chubby hand into the large wooden box on the stage and drew forth the envelope containing the name of "lucky No. 1."

Winners From Other States.

Among the winners from outside states and their positions in the drawing were:

No. 24, Oscar M. Holst, Forest City, Iowa.

No. 26, E. M. Hammond, 36 Freeman avenue, Long Island City, N. Y.

No. 36, Knute Bolsee, 3720 Dickens avenue, Chicago.

No. 37, Charles F. Corell, Cedar Rapids, Iowa.

ESCORT GOES AFTER OLD LIBETY BELL

Councilmanic Committee of Philadelphia Leaves for West Coast.

Philadelphia, Pa., Nov. 5.—The councilmanic committee which will escort the liberty bell home from the Panama exposition left here today in a special train for San Francisco where it is due to arrive next Tuesday. United States Senator Penrose is a member of the party and will be one of the orators of the delegation where addresses are made at the many stops on the return journey.

According to present plans next Wednesday will be Liberty Bell Farewell day at the exposition as the relic is due to leave San Francisco the next day. The bell will arrive at the Panama-California exposition at San Diego Friday morning and will remain there until midnight, Sunday. It is due in Los Angeles Monday morning November 15, for a seven-hour stop.

On the journey east the special train will make many stops in Arizona, New Mexico, Texas, Louisiana, Mississippi, Tennessee, Kentucky, Missouri, Illinois, Indiana, Ohio, New York, New Jersey and in Pennsylvania. The bell will arrive in Philadelphia on Thanksgiving day. There will be a fitting welcome home celebration. The journey to and from the Pacific exposition will cost the city about $75,000.

WOMAN BATTLES DOGS TO SAVE LITTLE SON

Chicago, Nov. 5.— In a thrilling fight with two bull dogs, the prize specimens of her husband's kennels, yesterday, Mrs. C. T. Dunkle probably saved the life of her two year old son, Jack, but was herself badly bitten. Physicians said the little boy was in a precarious condition but might recover.

Jack was playing in the back yard when attacked by the dogs. His screams attracted Mrs. Dunkle who, when she ran to his rescue was also attacked by the animals. Fighting them off as best she could the mother dragged her baby step by step to the kitchen door, where her maid helped her get the boy inside and close the door. The maid also was bitten. The physician summoned found the dogs on guard at the front door and was forced to enter the house by means of a ladder stretched from the front sidewalk to a second story window.

The services of six policemen were required to corner and kill the dogs.

On a peace footing the Portuguese army consists of 32,000 men. When fully mobilized the army should have 105,000 first line troops and 145,000 of the second to put in the field.

INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SELLERS, Acting Director of the Sunday School Course, the Moody Bible Institute, Chicago.)

LESSON FOR NOVEMBER 7

JOASH REPAIRS THE TEMPLE.

LESSON TEXT—II Kings 12:4-16.

GOLDEN TEXT—God loveth a cheerful giver.—II Cor. 9:7.

The time of this lesson was about 878 B. C., and it follows within a few years last Sunday's lesson. Inaugurated as king and instructed by a faithful priest, yet Joash discovered great lethargy on the part of the priestly class with regard to the house of God. He set himself to arouse great liberality and to repair the temple.

I. Lethargy, v. 4, 8. (1) Its cause. We should read in this connection II Chron. 24. From the two accounts and the previous history of the nation we conclude that the condition of the temple was due, (a) to the weak and frequently vicious characters of the rulers of the nation; (b) to the evil companions of both princes and priests and (c) to the cupidity of court and curate. (2) The result of this lethargy regarding God's cause was evidenced (a) upon the temple, and (b) upon the lives of the people of the kingdom. (3) The cure. Joash instituted great reforms in Judah and in these Jehoiada the priest (v. 2) had no small part. In this particular lesson the prince (v. 7) seems to lead the priest. Unfortunately the godly priest did not long survive the crowning of Joash and hence when he came under other influences he soon went back to the evil practices of his predecessors and his reign ended in an eclipse of evil (II Chron. 24:15-26).

In this lesson we have, however, a suggestion of what is needed to cure religious lethargy. (a) A vision of the real condition of affairs (v. 7; also II Chron. 24:7). Joash saw the resultant ruin of the temple after 15 years of misrule; he also saw the misconduct of the priests and did not hesitate to call them to account. 'Tis no easy task to undertake a reformation and restoration such as this; witness Moses, Luther, Wesley and Cary. These priests had aided him to gain his throne and doubtless had had a part in his boyhood training. Joash had inaugurated certain reforms before he began this task which suggests the second need of (b) persistence (see I Chron. 24:5, 6). Such work also demands (c) systematic effort and giving. Joash placed himself among Israel's best kings by undertaking the restoration of the temple and won a place alongside of Hezekiah and Josiah. Modern churches are not, strictly speaking, "a house of the Lord" such as the Jewish temple, yet the condition of many of our churches would indicate great indifference to the cause of the kingdom. Our bodies are indeed a "temple" I Cor. 3:16; 6:19) and both the body and church buildings alike should be kept in proper condition.

II. Liberality, vs. 9-15. The plan to have the priests gather funds for the repairs was Scriptural. (Exod. 25:2-8) God does not look upon the measure but upon the motive of our gifts (II Cor. 8:12). The priests did not "hasten the matter" so the king took it into his own hands (v. 9). In this remissness Jehoiada, as the chief priest, is held accountable for all (v. 7).

We have in this story a rich suggestion as to God's plan of Christian giving. (1) The object. It was distinctly for the glory of God and not to outbid others or to wastefully use the money for selfish purposes. (2) All were to participate voluntarily, out of their abundance (II Chron. 24:10), systematically and faithfully. (3) The results were a house repaired (II Chron. 24:12), beautiful (II Chron. 24:13) with the worship restored (II Chron. 24:14). Joash seems to have laid great emphasis upon the "tabernacle of witness" (24:6) and we need to recall that each and every part of that temple was a testimony to the truth of God and had in it a spiritual suggestion and prophecy. As a whole, it suggested that God dwelt in the midst of his people. The sons of Athaliah (Joash's grandmother) had so conducted themselves as to cause it to need repairing (II Chron. 24:7). When we turn to II Chron. 24:8-14 and read the record of the restoration of the temple, we discover: (1) Each had its part in the work. (2) Each did a "perfect" work, e. g., did his task faithfully, fully and to a finish. (3) Each did an orderly work, "in his state." None sought to supplant or defraud others in the work assigned. (4) Each did a strong work, it was "strengthened" and not a trifling work as men-pleasers or for the moment.

Try more prayer and like Joash, give the people a chance and there will be no lack.

Again, note that they dealt "faithfully." We need to exercise faithfulness in our relations to God and in the use of that which he intrusts to our stewardship.

Man and God alike will have confidence in us according to the method whereby we receive and expend money.

These funds were expended in a businesslike way (v. 11, 12, II Chron. 24:11), and this doubtless added much to the size of the gift.

TALKS ON SCIENCE OF CHRISTIAN HEALING

Prof. Herman S. Hering is Heard in Address at the Majestic.

The Science of Christian Healing was the theme of Prof. Hermann S. Hering, C. S. B., of the board of lectureship of the Christian Scientist church, in a lecture given Thursday evening, before a large audience at the Majestic theatre. Miss Edith Geake, one of the directors of the local church, introduced the speaker, and in presenting Prof. Hering Miss Geake said:

"One of the most vital, and perhaps most important statements made by Jesus, was when he said, 'Ye shall know the truth and the truth shall make you free.'

Christian Science comes with a proclamation of freedom from the bondage of sin, disease, sorrow, and all the ills that the flesh is heir to.

"In Science and Health, with key to the scriptures, Mrs. Eddy voices the Mission of a Christian Science lecturer when she says, 'Millions of unprejudiced minds—simple seekers for truth, weary wanderers, athirst in the desert—are waiting and watching for rest and drink. Give them a cup of cold water in Christ's name, and never fear the consequences.'

"We have with us this evening, one who is qualified to present this truth as taught in Christian Science, and I take pleasure in introducing to you, Prof. Herman S. Hering, C. S. B., of Concord, New Hampshire, a member of the Board of Lectureship of the First Church of Christ, Scientist, of Boston, Mass.

Prof. Hering's Address.

In the course of his address, Prof. Hering said:

"Christ Jesus, the great physician, the divine healer, has for all times set the standard of perfect healing before humanity, and that many do not yet believe in his gospel results from a lack of understanding of the true nature and philosophy of the so-called miracles which he performed. His ethical teachings are very generally accepted even by agnostics; although the spiritual records of the healing work as a part of his divine mission, meet with dissent from many of the cultured people of today.

"The gospels record many instances of the healing of physical disease by Christ Jesus and his disciples; he restored a withered hand, he healed an impotent man and a man born blind; he healed paralysis, dropsy, hemorrhage, leprosy, epilepsy and violent insanity, and he raised the dead.

"Furthermore he specifically commanded his disciples that they should continue his healing work.

"Peter, John, Philip, Paul and other followers healed paralysis, deformity, insanity, lameness, and also raised the dead, in connection with their missionary work; in fact healing was practiced quite generally among the early Christians.

"All those who admit that Christian healing is even desirable can but welcome a consideration of what it would involve, what it would depend upon. Let us consider, therefore, whether there is a Science, a principle, and law which can be applied, and how this application can be made.

"The fact that Christian Science heals can readily be determined by any sincere investigator, and the supporting evidence reveals its coincidence with spiritual healing. Thus proving this healing to be true and possible today and establishing the fact that Christian Science is Messianic.

"According to the scriptural accounts, the healing wrought by the Master and mental or spiritual means alone, thus through some action of thought. Christian Science healing is brought about in the same way. In both, the healing principle and law are mental, and we are thus led to examine into the nature of mind and mind action.

"Christian Science teaches that mind is that which thinks, that which expresses itself in ideas, intelligence, consciousness. Thus it is the basis of all manifestation, the principle and intelligence of the universe.

"This divine actuality is the scientific basis on which all christian healing is demonstrated, the divine principle whose unlimited power is utilized in the overcoming of sin and sickness.

"This then is one of the initial and essential steps in the Science of Christian healing—the recognition of the unreality of all that which is unlike God, that it has but a seeming and not an actual existence.

"The order of scientific christian healing therefore is expressed first, in the knowing of perfect God and perfect man, followed by the recognition of the erroneous nature of disease, sin, and all that is unlike God; then in the application of absolute truth to the elimination of error, so that right, harmonious conditions may be established.

"The love and gratitude which Christian Scientists feel toward Mrs. Eddy is not to be wondered at when one takes into account the great good which has come into their lives as the result of her teachings.

The whole world is indebted to her for her scientific and spiritual interpretation of the bible, especially the words and works of the Master, and for her demonstration of the truth of his teachings. In the face of the so-called higher criticism and the doubt respecting the correctness of much so-called teaching and the possibility of obeying Christ Jesus' commands, Mrs. Eddy's proof that the bible is true stands out as the greatest, most significant achievement of this age, for hereby the truth of christianity and the rightness of its basis is scientifically established.

"Mrs. Eddy early learned that the bible is the word of God the spiritual teacher of the ages. She turned to it for light and leading when human ways and means failed to give health and hope. In its inspired pages she found Christian Science, and spiritual fulfillment of Jesus's teachings and practice and she thus rediscovered the Science of Celristianity.

"To Christian Scientists Mrs. Eddy is a living example of the triumph of faith in God, a faith deep and vital because rooted in spiritual experience. She knew God aright. She looked to divine intelligence and proved that God is mind. She was governed by spiritual law and proved that God is principle. She looked to God for health, and proved Him to be life. She loved all mankind and proved that God is love. She gave all for the "pearl of great price," the knowledge of God, and offered it to all the world.

"Christian Science is the renaissance of christianity, the re-birth and re-establishment on a scientific, demonstrable basis, of the christianity which Christ Jesus taught and practiced. It is the fulfillment of his mission of bringing to the world of salvation from sin, sickness and death. Its modest achievements of today prove the truth of its principle and rule and enable any sincere seeker to begin to live it. It is a clarion call to every aspiring heart, to awaken to the present privilege of freedom and spiritual authority over human ills, and to demonstrate that the day of human redemption is at hand."

THE SENTINEL'S DAILY SCRIPTURE READING.

Exodus 33:12-23.

12 And Moses said unto the Lord, See, thou sayest unto me, Bring up this people; and thou hast not let me know whom thou will send with me. Yet thou hast said, I know thee by name, and thou hast also found grace in my sight.

13 Now therefore, I pray thee, if I have found grace in thy sight, shew me now thy way, that I may know thee, that I may find grace in thy sight: and consider that this nation is thy people.

14 And he said, My presence shall go with thee, and I will give thee rest.

15 And he said unto him, If thy presence go not with me, carry us not up hence.

16 For wherein shall it be known here that I and thy people have found grace in thy sight? is it not in that thou goest with us? so shall we be separated, I and thy people, from all the people that are upon the face of the earth.

17 And the Lord said unto Moses, I will do this thing also that thou hast spoken: for thou hast found grace in my sight, and I know thee by name.

18 And he said, I beseech thee, shew me thy glory.

19 And he said, I will make all my goodness pass before thee, and I will proclaim the name of the Lord before thee; and will be gracious, to whom I will be gracious, and will shew mercy on whom I will shew mercy.

20 And he sad, Thou canst not see my face: for there shall no man see me, and live.

21 And the Lord said, Behold, there is a place by me, and thou shalt stand upon a rock:

22 And it shall come to pass, while my glory passeth by, that I will put thee in a clift of the rock, and will cover thee with my hand while I pass by:

23 And I will take away mine hand, and thou shalt see my back parts: but my face shall not be seen.

Wilson on National Duty.

In an address delivered before the Manhattan club in New York Thursday night, President Wilson gave voice to another utterance that deserves the closest reading and the deepest thought of every citizen of the country. It was a remarkable address, breathing the loftiest Americanism in every syllable, and it discussed in plain terms the perils that confront the United States and the national duty respecting them.

It was announced as an exposition of the president's military plans and his program for national defense, but it was more than that. The president set forth his belief that there should be an increase in the army and the navy, and outlined the plans he believes should be followed in bringing this about. He would vastly increase both branches of the military service, but it must be solely with the view of protection and not conquest, the president reiterating the declaration that America would never take another foot of territory by conquest, and that its desire was for peace and not for conflict.

"The only thing within our borders that has given us grave concern in recent months," said the president, "has been that voices have been raised in America professing to be the voices of Americans which were not indeed and in truth American, but which spoke alien sympathies, which came from men who loved other countries better than they loved America; men who were partisans of other causes than that of America and had forgotten that their chief and only allegiance was to the great government under which they lived. These voices have not been many, but they have been very loud and very clamorous. They have proceded from a few who were bitter and who were grievously misled."

The president would rebuke not only these manifestations of racial feeling, but those of religious and sectarian antagonism as well. Surely there will be generous and enthusiastic response to his appeal to "renew our allegiance to America, conserve her strength in its purity, make her chief among those who serve mankind, self reverenced, self commanded, mistress of all forces of quiet counsel, strong above all others in good will and the might of invincible justice and right."

Germany has issued a denial of the rumor that Prince Von Buelow is empowered to discuss peace terms. Great Britain insists that she has no thought of seeking peace. France declares the war must go on until "enduring peace" is secured, and Italy asserts that she isn't giving attention to anything but a succesful prosecution of the war. The unanimity of the utterances by the various belligerents constitutes after all the most hopeful indication we have yet seen that, despite their pronouncements, each believes peace is really nearer than it appears.

Discussing the Indiana workmen's compensation act, Samuel E. Artman, a member of the Indiana industrial board, declared in a recent address that the new law would prove an immense success largely because the manufacturers of the state are cheerfully and enthusiastically enlisting in the campaign for accident prevention. Therein Judge Artman emphasized the really big and important purpose of the new statute. Prevention of accident is infinitely to be preferred to compensation for it, however generous the latter may be. The new law is a conservation act as well as a compensation act.

True, the outpouring of progressives who rallied to the call for a conference with State Chairman Lee in Fort Wayne Thursday afternoon was not numerically imposing, and it did not make the welkin ring with demonstrative enthusiasm, but it appears to have been earnest and business-like for all of that. In all probability it will be discovered a little later that the bull moose organization in the Twelfth district has been merely playing 'possum, and that it is by no means as dead as indicated by the finding of the republican political coroners who "sat" on its remains.

The Delphi Journal is another Indiana republican newspaper which has recently been amusing itself by taking a straw vote of its readers regarding their senatorial preferenece. In the result Hugh Th. Miller is credited with leading the field with 113 votes, while Watson received 109, A. R. Robinson, of Indianapolis, 100, William L. Taylor, 48, and Judge Walter Olds, 5. The reader is invited to appraise the showing as either portentious or inconsequential, precisely as he feels about it.

Two years ago the city of Noblesville voted "dry" by a majority of 10 votes. In an election just held the temperance forces swelled their majority to 237 votes. Having tried a dry city for two years, Noblesville rather likes that sort of thing, and the big increase in the dry majority should spell something definite to those gentlemen of wet proclivities who profess to believe that the rebellion against booze is merely a transitory spasm that is soon to disappear.

WHO PAYS?—NOT THESE FOLK.

(Pittsburg Dispatch).

The American abroad hereafter is not likely to find his path any pleasanter in the respect entertained for him by the people of foreign countries following the disclosure of the numbers who have cheated the government, which came to their rescue when they were caught far from home and without funds by the breaking out of the European war. The charge has been made many a time that the citizen of the United States sheds little luster on his country when he toured in foreign lands. The sneers at his Americanism can now be uttered with more warrant. His own government has been compelled to advertise quite a number of its citizens as deadbeats.

Of course, the failed-to-remit column, happily, is not representative of the majority of Americans, but there should be no such column possible. Least of all should there be possible what the government announcement has disclosed—that fictitious names and addresses were given by some of those helped. It seems hard to believe that supposedly reputable Americans, succored in a time of serious and unique distress, should stoop to the trickery which a professional crook would despise. There may be legitimate explanations here and there for the failure to return the money the government advanced, but in the most cases, after more than a year has elapsed, it is pretty apparent that those involved do not intend to pay and never had any intention of doing so. It is a pretty tough commentary on some people's interpretation of gratitude and honor.

SHOWING THE GOODS.

(Indiana Times).

Marion, Ind., is giving this week to the celebration of the city's industrial and business greatness. An industrial exposition is being held. As an educational movement, as an eye-opener to Marion citizens as well as to outsiders, an industrial exposition, wisely conducted, is sure to be a large success and a beneficial and helpful enterprise. It is evident the exposition is all and more than its promoters had hoped for. Reports from Marion indicate that the showing made by the industries of that widely famed city is far better and greater and more significant of progress and home possibilities until it has been brought face to face with a concrete demonstration of the facts in an exposition such as is now being held at Marion. It is a fortunate thing for Marion that it is being presented in its most favorable aspect by organized citizens of efficiency, foresight and energetic loyalty. Marion had its gas boom, its oil boom, and its ups and downs following those busy periods, but today a substantial, permanent, live and pushing Marion survives in greater vigor and solider growth than ever before, and the industrial exposition is a present evidence of that stamina, enduring quality and positive expansion.

Chips from the Pine Block

GRANDMA IS A DEBUTANTE—

—she wears the sprightly smile, her gowns are growing flimsier and shorter all the while. Grandma trots the foxes, and her heels are very high, she wears her hair in colofs, and there's sparkle in her eye. I am lost in retrospection as I gaze across the floor where Grandma whirls 'mid giddy girls. She's granny now no more! Grandma's swiped the powder puff, the rouge, the vision sock; she's rushing back to '17, she's turning back the clock! Her fingers gleam with shining glass, she wears an ankle watch, and when the morning pales the east she'll take a swig of Scotch. The sleeves have left her long ago, her gown is open-faced; she wears no bulky petticoats, no end-gate in her waist! The rocking chair variety of grandmamas is missed by those who recollect the kind we always kissed, but let us hide our sentiments and catch the newer step. Hurrah for Dancing Grandmama, the kind that has the pep! Goodby to Grandma of the Chair, who looked so worn and old, who used to sing so sadly, "Silver Threads Among the Gold."—Charles B. Driscoll.

AT THE TEMPLE.

BEAUTIFUL STAGE SETTING.

Third Act of "Mary Jane's Pa" Lavishly Produced.

No more lavish stage setting ever has been included in the properties of a road company than the one the Temple players are using in the third act of the comedy drama, "Mary Jane's Pa," this week. The scene depicts the front lawn of the home of Portia Perkins, with its porticoed house, white paling fence, splendid big oak tree and a beautiful landscape stretching away as far as the eye can see. It cost considerably more than the Temple management cares to contemplate to produce this setting, and it is used but twelve minutes each performance. Its life is but a week, as in common with all the settings used, the scene must be scraped and new ones painted for the next production. "Mary Jane's Pa" is an interesting arresting little comedy drama of life in a small village, life fraught with the petty annoyances, the gossip, and the big triumphs that are part and parcel of the activities of the Hoosier village of a generation ago.

Next week the Temple players will present "The Divorce Question," a play of commanding interest, one that has been given a rating by critics above even the enviable position occupied by "The Rosary."

AT THE EMPRESS.

Snappiness is one of the most characteristic features of the presentation of "Broadway Jones" by the Empress stock. There is not a single, solitary dragging moment in the production from start to finish. Everything goes with a vim and a dash that makes the performance pass all too quickly. It is this snappiness which is one of the most pleasing features of the presentation, as audiences like things to move quickly.

The final matinee performance of "Broadway Jones" at the Empress will occur tomorrow afternoon. Already a great many tickets have been sold for this performance and those who are contemplating going to the show tomorrow afternoon should lose no time in securing their seats. Many of the people who saw the sow earlier in the week, are planning to return tomorrow afternoon to see it again.

Next week's production by the Empress stock will be "Within the Law," one of the most famous and most successful dramatic successes of the day. The production will be made in a most elaborate style.

AT KEITH PALACE

COMICAL JAPS.

New Palace Has Trio of Slant Eyes That Have Funny Streaks.

To the average occidental mind a Jap has the sense of humor of a sawbuck and a bucksaw after the first half cord is stacked. A lot of things grow in Japan, but no one ever accused an American type of fun being indigenous to the Flowery kingdom, until the three Mori brothers began their tour of this country, which has brought them to the New Palace this week. These acrobatic marvels possess funny streaks that are funny to even an American. After some unusually difficult acrobatic tricks are disposed of two of the Japs indulge in a bit of play with a huge barrel and not only do they keep an audience in their seats until the final curtain but they earn gales of applause.

This week's Keith bill is one of unusual strength. Not only is it specially augmented by the addition of Miss Jennet Adair but it also is composed of a list of stars that is unusual, to put it mildly. Miss Augusta Glose is presenting a group of character songs with the aid of a piano; George and May LeFevre head the Metropolitan dancing girls in an exquisitely graceful dancing act; Felix Adler very distinctly is there in his own comedy creations; Freeman and Dunham are doing their syncopated melodies; the Rexos have an amazingly graceful and daring skating act, and James Thompson and company are presenting the laughable farce comedy, "The Burglar's Union."

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidney and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

AT THE ORPHEUM.

ORPHEUM "CARMEN" TRIUMPHS.

Theda Bara Astounds With Fiery Acting in Film Classic Here Today and Tomorrow.

In one of the most pronounced hits ever registered by a photo production exhibited in this city, Theda Bara, long acclaimed as the most fascinating personality in the screen world, invested her uncanny dramatic art in the historied role of Prosper Merimee's immortal "Carmen," and gave such a vivid passionately realistic depiction of the part that those who witnessed her performance are still agitatedly discussing the bizarre, sensational interpretation. Her fight in the cigarette factory and her death scene are triumphs of dramatic skill. She displays throughout the wonderful facial control that has made her famous in the moving picture world.

The Fox "Carmen" as it is shown at the Orpheum theater today and tomorrow, departs radically from conventional presentations of the cigarette girl's romance. The recitation of the story is spiced with thrills that fairly take the breath away, as for instance, the awful death dive of Jose from a high cliff into the sea on horseback, or the sanguinary bull fight in the El Toro arena at Seville, a masterpiece of authenic photography. Bizet's entire operatic score given by the Orpheum orchestra, will enliven the picture musically. The hours of performance this evening are 6:15—7:25—8:35—9:50.

AT THE JEFFERSON.

"The Magic Skin" that delightful French romance by Honore de Balzac, has been filmed by the Edison company and will be seen at the Jefferson today. It is a startling and original bit of film making, very unique in theme and execution, and possessed of more sensational situations and refreshing diversion than any five-part feature of the present season.

Lovers of Balzac will remember the enchanting story of "The Magic Skin." Ralph Valentine, a musician, fascinated by a dissolute countess of questionable morals, is jilted. He determines upon suicide but sees in the waters of the Seine a vision of the beautiful woman stretching out her arms toward him. He hurries to a neighboring antique shop to purchase a pretty necklace which he knows she covets, and, while waiting in an ante-room for the aged dealer, accidentally presses a secret spring which reveals a figure of the Christ. Instantly his mood is softened by a strange influence. The figure disappears and when he turns the aged antique dealer, in the form of Satan, points to a skin lying upon the table. He bids him take it, saying that his every wish shall be granted, but the skin shall shrink in proportion to each wish gratified until it is no more, when Ralph's soul shall be given up to him for eternity. The bargain is made and Ralph departs upon a life of ephemeral pleasures in which there is much of wine, women and song, until the ghastly day of reckoning. Dorsey Travels completes the bill. Next week will be a banner one. Hazel Dawn, Marguerite Clark and Trilby are coming.

PRESIDENT OUTLINES DEFENSE PLANS IN MANHATTAN CLUB ADDRESS.

New York, Nov. 5.—President Wilson's address before the Manhattan club last night, in which he outlined his plans for the building up of national defense, was as follows:

"Mr. Toastmaster and Gentlemen:—I warmly felicitate the club upon the completion of fifty years of successful and interesting life. Club life may be made to mean a great deal to those who know how to use it. I have no doubt that to a great many of you has come genuine stimulation in the associations of this place and that as the years have multiplied you have seen more and more of the useful ends which may be observed by organizations of this sort.

"But I have not come to speak wholly of that, for there are others of your own members who can speak of the club with a knowledge and an intelligence which no one can have who has not been intimately associated with it. Men band themselves together for the sake of association no doubt, but also for something greater and deeper than that,—because they are conscious of common interests lying outside their business occupations, because they are members of the same community and in frequent intercourse find mutual stimulation and a real maximum of vitality and power. I shall assume that here around the dinner table on this memorial occasion our talk should properly turn to the wide and common interests which are most in our thoughts, whether they be the interests of the community or of the nation.

"A year and a half ago our thought would have been almost altogether of great domestic questions. They are many and of vital consequence. We must and shall address ourselves to their solution with diligence, firmness, and self-possession, notwithstanding we find ourselves in the midst of a world disturbed by great disaster and ablaze with terrible war; but our thought is now inevitably of new things about which formerly we gave ourselves little concern. We are thinking now chiefly of our relations with the rest of the world,—not our commercial relations,—about those we have thought and planned always—but about our political relations, our duties as an individual and independent force in the world to ourselves, our neighbors and the world itself.

Principle Well Known.

"Our principles are well known. It is not necessary to avow them again. We believe in political liberty and founded our great government to obtain it, the liberty of men and of peoples—of men to choose their own lives and of peoples to choose their own allegiance. Our ambition, also, all the world has knowledge of. It is not only to be free and prosperous ourselves, but also to be the friend and thoughtful partisan of those who are free or who desire freedom the world over. If we have had aggressive purposes and covetous ambitions, they were the fruit of our thoughtless youth as a nation and we have put them aside. We shall, I confidently believe, never again take another foot of territory by conquest. We shall never in any circumstances seek to make an independent people subject to our dominion; because we believe, we passionately believe, in the right of every people to choose their own allegiance and be free of masters altogether. For ourselves we wish nothing but the full liberty of self-development; and with ourselves in this great matter we associate all the peoples of our own hemisphere. We wish not only for the United States but for them the fullest freedom of independent growth and of action, for we know that throughout this hemisphere the same aspirations are everywhere being worked out, under diverse conditions but with the same impulse and ultimate object.

"All this is very clear to us and will, I confidently predict, become more and more clear, to the whole world as the great processes of the future unfold themselves. It is with a full consciousness of such principles and such ambitions that we are asking ourselves at the present time what our duty is with regard to the armed force of the nation. Within a year we have witnessed what we did not believe possible, a great European conflict involving many of the greatest nations of the world. The influences of a great war are everywhere in the air. All Europe is embattled. Force everywhere speaks out with a loud and imperious voice in a titanic struggle of governments, and from one end of our own dear country to the other men are asking one another what our own force is, how far we are prepared to maintain ourselves against any interference with our national action or development.

No Wilful Use of Force.

"In no man's mind, I am sure, is there even raised the question of the wilful use of force on our part against any nation or any people. No matter what military or naval force the United States might develop, statesmen throughout the whole world might rest assured that we were gathering that force, not for attack in any quarter, not for aggression of any kind, not for the satisfaction of any political or international ambition, but merely to make sure of our own security. We have it in mind to be prepared, but not for war, but only for defense; and with the thought constantly in our minds that the principles we hold most dear can be achieved by the slow process of history only in the kindly and wholesome atmosphere of peace, and not by the use of hostile force. The mission of America in the world is essentially a mission of peace and good will among men. She has become the home and asylum of men of all creeds and races. Within her hospitable borders they have found homes and congenial associations and freedom and a wide and cordial welcome, and they have become part of the bone and sinew and spirit of America itself. America has been made up out of the nations of the world and is the friend of the nations of the world.

"But we feel justified in preparing ourselves to vindicate our right to independent and unmolested action by making the force that is in us ready for assertion.

"And we know that we can do this in a way that will be itself an illustration of the American spirit. In accordance with our American traditions we wtnt and shall work for only an army adequate to the constant and legitimate uses of times of international peace. But we do want to feel that there is a great body of citizens who have received at least the most rudimentary and necessary forms of military training; that they will be ready to form themselves into a fighting force at the call of the nation; and that the nation has the munitions and supplies with which to equip them without delay should it be necessary to call them into action. We wish to supply them with the training they need, and we think we can do so without calling them at any time too long away from their civilian pursuits.

Outlines His Plans.

"It is with this idea, with this conception, in mind that the plans have been made which it will be my privilege to lay before congress at its next session. That plan calls for only such an increase in the regular army of the United States as experience has proved to be required for the performance of the necessary duties of the army in the Philippines, in Hawaii, in Porto Rico, upon the borders of the United States, at the coast fortifications, and at the military posts of the interior. For the rest, it calls for the training within the next three years of a force of 400,000 citizen soldiers to be raised in annual contingents of 133,000, who would be asked to enlist for three years with the colors and three years on furlough, but who during their three years of enlistment with the colors would not be organized as a standing force but would be expected merely to undergo intensive training for a very brief period of each year. Their training would take place in immediate association with the organized units of the regular army. It would have no touch of the amateur about it, neither would it exact of the volunteers more than they could give in any one year from their civilian pursuits.

"And none of this would be done in such a way as in the slightest degree to supersede or subordinate our present serviceable and efficient National Guard. On the contrary, the National Guard itself would be used as part of the instrumentality by which training would be given the citizens who enlisted under the new conditions, and I should hope and expect that the legislation by which all this would be accomplished would put the National Guard itself upon a better and more permanent footing than is has ever been before, giving it not only the recognition which it deserves, but a more definite support from the national government and a more definite connection with the military organization of the nation.

What We Seek.

"What we all wish to accomplish is that the forces of the nation should indeed be part of the nation and not a separate professional force, and the chief cost of the system would not be in the enlistment or in the training of the men, but in the providing of ample equipment in case it should be necessary to call all forces into the field.

"Moreover, it has been American policy time out of mind to look to the navy as the first and chief line of defense. The navy of the United States is already a very great and efficient force. Not rapidly, but slowly, with careful attention, our naval force has been developed until the navy of the United States stands recognized as one of the most efficient and notable of the modern time. All that is needed in order to bring it to a point of extraordinary force and efficiency as compared with the other navies of the world is that we should hasten our pace in the policy we have long been pursuing, and that chief of all we should have a definite policy of development, not made from year to year but looking well into the future and planning for a definite consummation. We can and should profit in all that we do by the experience and example that have been made obvious to us by the military and naval events of the actual present. It is not merely a matter of building battleships and cruisers and submarines, but also a matter of making sure that we shall have the adequate equipment of men and munitions and supplies for the vessels we build and intend to build. Part of our problem is the problem of what I may call the mobilization of the resources of the nation at the proper time if it should ever be necessary to mobilize them for national defense. We shall study efficiency and adequate equipment as carefully as we shall study the number and size of our ships, and I believe that the plans already in part made public by the navy department are plans which the whole nation can approve with rational enthusiasm.

No Panic Haste.

"No thoughtful man feels any panic haste in this matter. The country is not threatened from any quarter. She stands in friendly relations with all the world. Her resources are known and her self-respect and her capacity to care for her own citizens and her own rights. There is no fear amongst us. Under the new-world conditions we have become thoughtful of the things which all reasonable men consider necessary for security and self-defense on the part of every nation confronted with the great enterprise of human liberty and independence. That is all.

"Is the plan we propose sane and reasonable and suited to the needs of the hour? Does it not conform to the ancient traditions of America? Has any better plan been proposed that this programme that we now place before the country? In it there is no pride of opinion. It represents the best professional and expert judgment of the country. But I am not so much interested in programmes as I am in safeguarding at every cost the good faith and honor of the country. If men differ with me in this vital matter, I shall ask them to make it clear how far and in what way they are interested in making the permanent interests of the country safe against disturbance.

Asks Country's Support.

"In the fulfillment of the programme I propose I shall ask for the hearty support of the country, of the rank and file of America, of men of all shades of political opinion. For my position in this important matter is different from that of the private individual who is free to speak his own thoughts and to risk his own opinions in this matter. We are here dealing with things that are vital to the life of America itself. In doing this I have tried to purge my heart of all personal and selfish motives. For the time being, I speak as the trustee and guardian of a nation's rights, charged with the duty of speaking for that nation in matters involving her sovereignty—a nation too big and generous to be exacting and yet courageous enough to defend its rights and the liberties of its people wherever assailed or invaded. I would not feel that I was discharging the solemn obligation I owe the country were I not to speak in terms of the deepest solemnity of the urgency and necessity of preparing ourselves to guard and protect the rights and privileges of our people, our sacred heritage of the fathers who struggled to make us an independent nation.

"The only thing within our own borders that has given us grave concern in recent months has been that voices have been raised in America professing to be the voices of Americans which were not indeed and in truth American, but which spoke alien sympathies, which came from men who loved other countries better than they loved America, men who were partisans of other causes than that of America, and had forgotten that their chief and only allegiance was to the great government under which they live. These voices have not been many, but they have been very loud and very clamorous. They have proceeded from a few who were bitter and who were grievously misled. America has not opened its doors in vain to men and women out of other nations. The vast majority of those who have come to take advantage of her hospitality have united their spirits with hers as well as their fortunes. These men who speak alien sympathies are not their spokesmen but are the spokesmen of small groups whom it is high time that the nation should call to a reckoning. The chief thing necessary in America in order that she should let all the world know that she is prepared to maintain her own great position is that the real voice of the nation should sound forth unmistakably and in majestic volume, in the deep unison of a common, unhesitating national feeling. I do not doubt that upon the first occasion, upon the first opportunity, upon the first definite challenge, that voice will speak forth in tones which no man can doubt and with commands which no man dare gainsay or resist.

Another Danger.

"May I not say, while I am speaking of this, that there is another danger that we should guard against? We should rebuke not only manifestations of racial feeling here in America where there should be none, but also every manifestation of religious and sectarian antagonism. It does not become America that within her borders, where every man is free to follow the dictates of his conscience and worship God as he pleases, men should raise the cry of church against church. To do that is to strike at the very spirit and heart of America. We are a God-fearing people. We agree to differ about methods of worship, but we are united in believing in Divine Providence and in worshiping the God of Nations. We are the champions of religious right here and everywhere that it may be our privilege to give it our countenance and support. The government is conscious of the obligation and the nation is conscious of the obligation. Let no man create divisions where there are none.

"Here is the nation God has builded by our hands. What shall we do with it? Who is there who does not stand ready at all times to act in her behalf in a spirit of devoted and disinterested patriotism? We are yet only in the youth and first consciousness of our power. The day of our country's life is still but in its fresh morning. Let us lift our eyes to the great tracts of life yet to be conquered in the interests of righteous peace. Come, let us renew our allegiance to America, conserve her strength in its purity, make her chief among those who serve mankind, self-reverenced, self-commanded, mistress of all forces of quiet counsel, strong above all others in good will and the might of invincible justice and right."

Curative Value In Food?

"Recalling that 90% of disease results from errors in diet, then foods properly prescribed by the physician can justly be said to have curative value."

—Dr. Henry B. Hollen, in The Medical Standard.

One of the errors in the diet of many people is the use of foods robbed of the vital mineral salts (phosphate of potash, etc.) which are absolutely necessary for proper balance of body, brain and nerves. The result is a long list of ills, including nervous prostration, kidney trouble, constipaton, rickets in children, and so on.

Twenty years ago a whole wheat and barley food, containing all the nutriment of the grain, including the priceless mineral elements, was devised especially to correct errors in diet. That food s

KATHLEEN COMAN WITH BISPHAM.

Supporting David Bispham in the eminent baritone's tour as Beethoven in the one act play "Adelaide," and who will also appear in the "The Rehearsal," with which Mr. Bispham and his company will precede the presentation of "Adelaide," at the Majestic on Nov. 15, will be Miss Kathleen Coman, pianist. Miss Coman is an Australian who early started her career. At the age of fourteen she won a scholarship against one thousand Australian competitors, entitling her to three years tuition at the Royal Academy of Music, London, and she is now a gold medallist of that institution. Following her three years at the academy as a student, the board of directors, in recognition of her attainments, gave her an extra year as an exhibitor. Miss Coman has frequently played in London at the famous Queen's Hall concerts, and has enjoyed successful tours in Australia and this country. During the past year she has been studying with her celebrated compatriot, the eminent pianist, Percy Grainger. Mr. Bispham and company appear in Fort Wayne under auspices of the Morning Musical society.

FORMULATING PLANS FOR BIG CELEBRATION

Y. W. C. A. Golden Jubilee Anniversary Discussed by Committees.

The month of February, 1916, promises to be one of the greatest months of the year for the local Young Women's Christian association, as well as all associations over the entire world. During this, the shortest month of the year, the young women will give one of the lengthiest celebrations that has ever been attempted. All the committees of the local Y. W. C. A. are already discussing and formulating plans for this event. The finance committee, which met Saturday morning, considered this question in its session and the same subject will consume a portion of the time at the executive board meeting next Wednesday morning. The cause of all this acivity is the fact that next March 3 will be the fiftieth anniversary since the organization of the Young Women's Christian association.

The class in Spanish, taught by Miss Ruth Wheelock has become so large that a movement is now on foot to divide the class into two sections. Registrations are still open and any one desiring to take Spanish can register in the second class. More members are also wanted for the class in French.

The extension committee at a recent meeting divided its work into various branches, which are assigned to members of the committee as follows: Social service, Mrs. G. W. McCaskey; education, Mrs. O. E. Mohler; library, Mrs. Clinton R. Willson; physical, Mrs. L. T. Rawles; entertainment, Mrs. Ralph Sperry; legislation, Mrs. Edward Wilson; bulletin and magazines, Mrs. J. S. McCurdy; printing and publicity, Mrs. C. F Mize; savings, Mrs. Robert Meyer.

BUT FEW CHANGES ARE MADE.

Many Officers of Sunday School Association Are Re-Elected.

At the annual meeting of the Allen County Sunday School association the reports of the nominating committee was accepted. The officers for the coming year, with but few exceptions, are the same as last year. C. F. True was re-elected president and the other officers follow: Dr. M. A. Mason, first vice president; E. A. K. Hackett, second vice president; Mr. Youst, of Marion township, third vice president; Mrs. Etta McLaughlin, secretary; Mrs. Flora Pool, treasurer; superintendent of elementary department, Miss Bertha Shafter; assistant, Mrs. Dr. M. A. Mason; of secondary department, Miss Christina Zollinger; of adult, Rev. M. L. Buckley; of teachers' training, Dr. Charles Manchester; of missionary, Mrs. Nellie Hubler; of home, Mrs. J. E. Quince; of temperance, Mrs. B. F. Hostetler, and of the press, Harry Hiler.

Rev. O. E. Tomes, pastor of West Jefferson street Church of Christ, spoke at the evening session on "The Community Training School." "The Promotion and Graduation in Sunday School Work" was the subject on which Miss Emma Lemen spoke, while Dr. G. N. Burnie gave a brief address on "Graded Lessons."

BIBLE CLASS ELECTS.

Young Men of Plymouth Church Hear Address by E. W. Puckett.

At the annual meeting of the Young Men's Bible class of Plymouth Congregational church the members elected officers for the coming year and also listened with interest to an address given by E. W. Puckett, of the Fort Wayne Oil and Supply company on the subject, "The Elements of a Business Success."

The election results follow: President, Fred Cheer; vice president, Victor Rea; secretary-treasurer, G. E. Lewis; instructor, A. G. Burry.

Several musical selections were rendered by members of the class and refreshments were served, following the business session.

MEET IN ANNUAL SESSION.

First Presbyterian Business Men's Bible Class Elects Officers.

The Business Men's Bible class of the First Presbyterian church held its annual election of officers at a dinner given Thursday evening at the church by the young ladies of the congregation. E. J. Little presided with gracefulness and addressed some earnest words of appeal to all the members to become active in building up the membership, which is now nearly eighty. The study of the bible was urged because, through many centuries, it has been the foundation of all the real elements that have been made enduring.

The class adopted the new constitution and elected the following officers: President, E. J. Little; vice president, Stuart K. King; secretary, D. D. Mungen; assistant secretary, A. Beaber; treasurer, T. L. Staples. During the evening responses to calls for remarks were made by Rev. T. P. Potts, teacher of the class; Rev. H. B. Master, pastor of the church; Rev. J. A. Nipper, a guest, and E. F. Yarnelle.

The open meeting of the Woman's league on Saturday afternoon in the ball room of the Anthony hotel is to be a social event of importance, as well as a program of entertainment fitting the honor due to a prominent member, Mrs. Clark Fairbank, whose recent election to the highest office the state affords in women's club work, is familiar to all members of the numerous organizations affiliated with the league. The league meeting proper is in charge of the art and music departments, of which Miss Lavon Sperry and Mrs. Fairbank are the respective chairmen. The hostesses of the afternoon are the Morning Musical society, the Nineteenth Century club and the Needlework guild. Miss Sperry announces that there will be on display and for sale many Japanese prints from a Chicago collection that are really old and some of them rare, and some pictures of mural painting by American artists. On the musical program are Miss Helen Loos, soprano; Mrs. Kraus, soprano; Miss Christine Pepe, violinist; Miss Constance Bogart, pianist, and Miss Leah Gardner, of Wabash, pianist. The president of the league, Mrs. A. E. Fauve, extends a cordial invitation to Mrs. Fairbank's friends to be present, whether members of the Woman's league or not. The meeting is at 2:30 o'clock in the ball room of the hotel.

Rev. and Mrs. Claude Travis were given a most cordial reception last evening in the parlors of the Wayne Street M. E. church and made to feel that the welcome of the bride, Mrs. Travis, was genuine and appreciative of her fine character and personal charm. In the reception line were Mrs. Mary Travis and Rev. and Mrs. J. A. Beatty, besides the heads of the several organizations of the church. Very elaborate and beautiful decorations had been made of the foliage and flowers of the season. Music was furnished by Mrs. Clara Zollars-Bond, Miss Ethel Doud, Mr. Earl Thompson, Mesdames Horton, Skinner and Malaye. Refreshments were served in the diningroom by Margaret Gross, Lillian Blackstone, Ruth Lane, Margaret Byroade, Helen Bryson, Catherine Lewis and Maxine Edmunds.

Mrs. Wendell Chaffin of Shawnee place, entertained her bridge club this afternoon.

Mrs. George E. Potter has come home from visits in Cleveland, Akron and other Ohio cities.

Mr. and Mrs. Frank Harkins, of Fox avenue, are making a trip to the Atlantic coast for ten days.

Mr. and Mrs. John Cobb of Wilkes Barre, Pa., arrived in the city on Friday to visit Mr. and Mrs. E. T. Wood.

Mrs. Bernard Stroh, of Detroit, Mich., is at the Anthony hotel for a few days and is being entertained at small parties by friends here.

Mrs. H. U. Byrer, of Cresent avenue, entertained the Sunshine club on Thursday afternoon, and Mrs. Miller, of Hanna street, will be the next hostess.

Mr. and Mrs. Thomas Sinclair of 409 West DeWald street, will celebrate the fifty-fifth anniversary of their marriage Saturday by having a family dinner party.

Joseph Karn, of Washington boulevard, west, went to New York City on Friday to join Mrs. Karn who is visiting her daughter and her husband, Mr. and Mrs. I. Finkenberg.

Dr. and Mrs. Charles R. Dryer are again at home at Oak Knoll, Spy Run avenue, after a visit in New York City. Dr. and Mrs. Dryer expect to spend the winter in Washington, D. C.

Miss Virginia Tutt and Miss Miller, of South Bend, librarians in that city's public library, are here for a few days inspecting the work in the children's department and the extension work in public schools.

A club of ladies whose husbands are Purdue graduates, spent a pleasant afternoon Thursday at the home of Mrs. S. B. Kerlin, of Nuttman avenue. Miss Grace Kerlin, of Logansport, was the guest of honor.

Miss Gertrude Holland and Miss Juliette Lange gave a theater party on Thursday evening in honor of Mrs. Martin Greven. The company went to the Empress and then had a luncheon at the confectioner's, Vazenios Brothers.

Marian Rose, the tiny daughter of Mr. and Mrs. Joseph Freiburger, of West Berry street, celebrated her birth anniversary on Wednesday afternoon by entertaining a few playmates at a romp and served birthday cake afterwards.

The Opportunity circle of King's Daughters is planning a grand charity festival to be held in the Majestic theater on Dec. 8, 9, 10 and 11, for the benefit of the day nursery. The sacred opera, "Joseph," will be given under the direction of its writer, William Dodd Chenery.

When entertaining a party of friends at the Y. W. C. A. Tuesday evening, Miss Maude Kinsey announced that her approaching marriage to Mr. Clyde Poss, of Washington, D. C., would take place December 15. Those in the party were Misses Esther Bauerwein, Hazel Gidley, Marie Steury, Zoe Miller, Zelma Kutsch, Ruth Miller, Florence Stapleton, Flossie Dietrich, Mildred Sauerwein.

BENEFIT DANCE A SUCCESS.

How much over $150 the Children's Ward association is to benefit from the bridge-dance given at the Anthony hotel last evening under the management of the association can not be determined at once as there are always some dues to hear from. There was a large attendance both of married and unmarried young people and in point of decorations, good music and varied entertainment in special features there was nothing left to desire. Everything was donated from the use of the hotel by Manager Keenan and of chairs by D. N. Foster and Fox Brothers' stores, to the many chrysanthemums, roses and carnations which were donated by all down town florists. In the reception committee were Mesdames G. W. McCaskey, Charles G. Beall, John A. Thieme, A. L. Johns and Jules Simon. Miss Murial Larimore did several fancy dances in costume, one of which was patterned after one of Mlle. Pavlowa's who gave Miss Larimore permission to copy both the dance and the dress. Miss Larimore's dancing was very charming and expressive as well as skillful. Little Rosalie Pollak, a most promising child, danced two numbers beautifully. The music to the little girl's numbers were MacDowell's "To a Wild Rose" and the pizzicati polka from the ballet of "Sylvia," by Delkbes. A decorative feature was odd shaped lanterns in orange and black coloring that were suspended from the electroliers. Mrs.

NEWS OF FORT WAYNE'S NEIGHBORS

WIFE STANDS BY MARTZ.

Man Who Deceived Portland Miss With Marriage Prospect Gets Leniency.

Hartford City, Ind., Nov. 5.—The fact that he had a respectable wife and two little children needing his care saved Jesse Martz, baseball player, from a sentence to the penitentiary when he faced Judge Eichhorn for the fourth time in the circuit court Thursday morning, and again made his plea one of guilty to the charge of child desertion. Judge Eichhorn showed leniency but made it very explicit that he was lenient because of Martz's family and not because the prisoner on his own merits deserved any leniency. Mrs. Martz stood by her husband throughout the trouble, and largely for the sake of the children, agreed to take him back. Martz has attracted considerable attention in the court this week, due to some extent to the fact that he could not make up his mind what he wanted to do. The case was made rather sensational because of the fact that eighteen-year-old Selma McLaughlin, of Portland, the girl to whom Martz is said to have posed as a single man while making love to her, was present in court throughout the proceedings. Martz, who is a well known baseball player, and the girl fled together from Portland a week ago, the girl supposing she was to become Martz's wife. They were pursued by Miss McLaughlin's father and an officer and traced to Portland. Then Mrs. Martz had her husband arrested on a charge of child neglect and after appearing four or five times in court during three days, once pleading guilty and withdrawing the plea and starting a war against the prosecutor on the ground that he had been brought to plead guilty under duress.

TO TAKE CARE OF INSANE.

Huntington County Orders Plans for Scientific Quarters.

Huntington, Ind., Nov. 5.—First official steps in the movement to provide more scientific quarters for the care of insane patients in Huntington county were taken by the commissioners, after they had spent several hours at the county farm inspecting a building which will be converted into a hospital for the demented wards of the county. On their return the board ordered Architect Samuel Craig to submit plans for the proposed building to them at their meeting Saturday and announced that they will proceed with the preliminary work. This action followed their work to the county farm with H. M. Purviance, who has made the care of insane patients a study for years and who won statewide fame when his bill in the state legislature a few years ago resulted in the construction of a state epileptic institution at Greencastle. The building which it is proposed to use, was formerly a jail for the confinement of violent inmates of the farm, but was abandoned several years ago when the new prison was constructed.

BABE DIES OF MALNUTRITION.

Huntington, Ind., Nov. 5.—Although evidence that the infant daughter of Mabel Fisher, of Joe street, died of malnutrition was found at the inquest conducted by Coroner R. S. Galbreath and Prosecutor A. H. Sapp, no verdict was filed by the coroner. Further investigation will be made, but in the meantime the burial will be allowed to proceed. The inquest showed that the child did not suffer from inherited disease, but that neglect probably caused its death. According to the officials the father, Howard Arnold, who is now in the United States army, will soon return and marry the girl whom he betrayed. The officials refuse to state whether any action will be taken or not.

MUNICIPAL CHRISTMAS TREE.

Columbia City, Ind., Nov. 25.—Columbia City will have a Municipal Christmas tree. That was decided at a meeting of the Commercial club members at the regular monthly meeting. A committee composed of F. F. Morsches, chairman; Archie C. Smith and Lloyd T. Bailey was appointed to thoroughly investigate the proposition, and they were given power to act. They will very likely solicit the support of the Civic league or other ladies' organizations here, and the combined efforts of all should make it as great a success locally as it has prove in hundreds of other towns and cities in the United States.

FOUND DEAD IN HIS BED.

Bluffton, Ind., Nov. 5.—Robert W. Davis, a well known citizen of this place, was found dead in his bed at home. Death was caused by dropsy and heart trouble from which he had been suffering for more than a year. The body was found by Miss Elsie Davis, a daughter, when she went to call her father. The deceased was born in Ohio in 1857 and came to Indiana early in life. With his family he moved to Bluffton eleven years ago. His wife died more than two years ago and he is survived by his daughter and a son, Charles W. Davis, of Centerville, O.

GARRETT HAS ENOUGH SALOONS.

Garrett, Ind., Nov. 5.—County Commissioners Wallace Abel and E. A. Bordner and County Attorney E. W. Atkinson say Garrett cannot have a fifth saloon. Commissioner Edward Kelham was the only one of the officials having authority to grant the license who believed another license should be allowed. The decision against the applicants was made Wednesday afternoon. According to the officials the fifth license cannot be granted before the municipal election in 1917 proves whether or not the population is 5,000 or more.

HIS DYNAMITE BEHAVED WELL.

Portland, Ind., Nov. 5.—Joshua Dye, an aged Dunkirk resident, is in jail here to lay out a fine and costs, totaling $15, assessed against him by Mayor Martin. Dye was working on a highway improvement near Eaton and returned to Dunkirk intoxicated. He fell on the streets, where he was found by officers. When searched, a half-pound stick of dynamite was found in his pocket that had been crushed by his fall, but fortunately did not explode. He says the explosive was used in blowing out stumps on the highway.

WHITLEY COUNTY PAIR WED.

Columbia, City, Ind., Nov. 5.—A very pretty home wedding was solemnized Thursday noon when Miss Edna Ponsler, daughter of Mr. and Mrs. Walter Ponsler, of Union township, was united in marriage to Mr. Alba Glassley, of South Whitley. The wedding occurred at the beautiful country home of the bride's parents at high noon in the presence of only immediate relatives. Rev. Fetro, of South Whitley, performed the ceremony which was very impressive. The simple ring ceremony was used.

MISSING MAN RETURNS.

Van Wert, Ohio, Nov. 5.—James Schoonover, the man who disappeared from his home in the west part of the city, has returned. He left home early in the morning, not telling anyone where he had gone and remained away all night. It is not known yet where he spent the night, his only account of his whereabouts being that he was somewhere southwest of the city and had spent the night at a farm house.

NEW LAW FIRM IN AUBURN.

Auburn, Ind., Nov. 5.—Attorney P. V. Hoffman has formed a partnership with Attorney Fred Shearer and they will occupy the offices of P. V. Hoffman in the Hebel block. Mr. Hoffman has been practicing law in the DeKalb county court for many years and his business has grown and he has been looking for some able man to join with him in the work. Mr. Shearer has been practicing only a short time.

OFFICIALS GET CLEAN BILLS.

Hartford City, Ind., Nov. 5.—The city officials, Mayor Secrest, City Clerk Edwin McEldowney and Treasurer D. H. Hollingshead, have been given clean bills by the state board of accounts, which examined the officials' books last spring. The books were found correct in the most minute detail.

WELLS TAX COLLECTIONS.

Bluffton, Ind., Nov. 5.—County Treasurer J. A. McBride's office force has totals on the fall installment collections of taxes, totaled in an approximate amount, and Deputy Treasurer O. E. Lesh says that the total will run, in round figures, about $230,000. He is sending an advance payment today to the state treasurer of $17,000, which is the approximate amount that is figured due the state.

RELIGIOUS MEET IN AUBURN.

Auburn, Ind., Nov. 5.—Auburn will entertain the Rural Church Workers' conference of the Twelfth district, December 7 and 8. The men's personal workers' league is back of this conference. At their meeting this week in the Y. M. C. A. parlors they had no lesson, but the time was taken up mostly in discussing this coming conference.

STRICKEN WITH PARALYSIS.

Bluffton, Ind., Nov. 5.—Adam Hatfield, residing south of Ossian, near Greenwood, is critically ill, suffering from a stroke of paralysis. Harold Hatfield, a son, who resides with Mr. Hatfield, was aroused early Tuesday morning by what seemed to be a heavy thud, in a few minutes he heard the farm hand go down stairs and thinking it was him arising he proceeded to dress. Upon hearing the farm hand calling he rushed down stairs and found his father lying helpless on the floor.

NO WORD OF MONTPELIER MAN.

Hartford City, Ind., Nov. 3.—Recalling the mysterious disappearance of John Van Gorden, of Montpelier, some time ago, the Citizens' State Bank filed a suit in the circuit court here, Wednesday, against Van Gorden and John Clamme on a note in the sum of $700. Van Gorden disappeared some time ago and as he can not be found, the charge has been filed against both men. Clamme was on Van Gorden's note.

DISSOLVES, DOES NOT BURN AWAY SUPERFLUOUS HAIR

It is no longer necessary, in removing superfluous hair, to burn it off with any of the present day depilatory pastes, powders and liquids. The new way is simply to dissolve away the hair. This is done in a very remarkable and easy manner by applying some of the wonderful toilet preparation, known as the new Sulfo Solution, to the hair. Immediately it begins to dissolve and disappear and in a few minutes can be completely wiped off with a cloth, leaving the skin as clear and clean as though there had never been a superfluous hair. The wonderful feature about Sulfo Solution is that it is as harmless as water, leaving no burn, redness or irritation such as is inevitably the case when other depilatories are used. It is soothing to the skin, never fails and cannot harm the most delicate skin. It is used in a moment. Any drug store can supply you with the Sulfo Solution. It is made by the Cooper Pharmacal Co., of Chicago, costs $1.00 for a large bottle, and is sold in Fort Wayne by Meyer Bros. Co. and Dreier Drug Co. —Advertisement.

Keeping In Touch With All The Live Sports of The World

THE FORT WAYNE EVENING SENTINEL'S SPORT PAGE

COMMON SENSE AND "SUMMER BASEBALL"

The Ruling is Dying Because It Has No Right to Live.

(By Jack Murphy).

The fact that a number of the leading colleges of the middle west have given the "summer baseball" ruling a jolt seems to spell the beginning of its end. And it's a good riddance, too, that rule, for it was a constant worker against democracy in sport and it fell far short of accomplishing what it aimed at.

Of course there was a good and sensible reason for making the rule when it was made. But it was seen from the beginning that it did not prevent professionalism, and that it did work a hardship on college athletes.

The ruling simply stated, is as follows: "To be permitted to take part in any sports of athletics in the official teams of colleges in the conference, a player must prove that at no time he has been paid for taking part in any athletic contest."

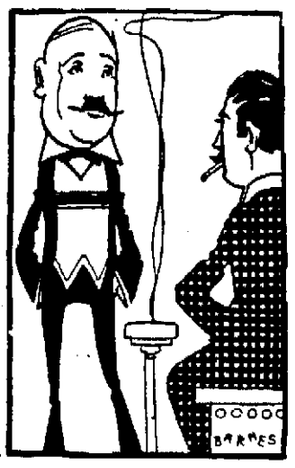
But it is easy to see that the clause is superfluous. Another ruling requires players on college teams to be at least one year residents and to hold a certain standard in scholarship. These rulings bar professionalism.

But the summer ball rule certainly hindered many a good athlete and true, and prevented more than one young fellow from continuing his college athletics.

Take as an example a boy who is in college and who has no parent showering him with the coin of the realm. And he is a good athlete, and the manager of a summer resort nearby offers him $10 a game for a set of exhibition contests to be pulled off on the hotel grounds. If he accepts he is barred and banned, forbidden ever again to associate in the athletic sports of this college.

The ruling is founded on a principle that is as far from democracy as the east is from the west. It is a breeder of snobbery on the diamond and the gridiron, and it is well that it is passing out. Indiana, Illinois and Wisconsin yesterday voted against it. Keep it up; go to it with a vim, get rid of this classic bit of nonsense and get rid of it quick.

UNSATISFACTORY.



"I don't know of anything any more unsatisfactory than having a good cigar and not having a match."

"Wrong Did you ever try to kiss a pretty girl by wireless?"

If one of the combatants in a prize fight in Great Britain kills the other, not only is he guilty of manslaughter, but so are the seconds, promoters and everybody present and approving.

NEW RIVERS IN RING; NOT RELATED TO MEXICAN JOE.

There is a new Rivers in the boxing game. His first name is Ray. He is a Mexican, and was raised in Los Angeles, but despite all these things is not related to Joe Rivers, who was a candidate for the featherweight and lightweight titles.

It is said of the new Rivers that he not only fights with both hands, but with his head. He is in the east looking for trouble among the featherweights.

BIRCHARD TELLS OF CENTRAL MESS

(By Birchard, Grand Rapids News)

A fine little battle appears on the Central baseball league horizon. It represents a fight right now for the presidency of the league and the withdrawal of several teams.

There is almost an endless list of aspirants for the presidential chair, according to reports from various Central league cities. They range from President Heilbroner through th James Frank, president of the Southern Michigan league.

Terre Haute and Evansville threaten to withdraw from the circuit unless the present head is decapitated. Wheeling does not appear a certainty as a member for next season, due to financial difficulties. Erie is almost in the same boat.

An agreement was made with Terre Haute last year that gives it the privilege of withdrawing from the league if it desires to join the Three-I. Should this happen there is certain to be some drastic action taken as far as Evansville is concerned, for with the Terreirs out the jump to Evansville would be altogether too far.

South Bend is said to be after the Terre Haute berth and should it be elected the jump to Evansville, while not as bad as with Terre Haute out, would be too long.

President Essick, of the Grand Rapids club, will leave Friday for Evansville, where the big session is slated to be held. That there will be a battle on several questions is admitted.

Mr. Essick is quite non-committal regarding the league and appears to be playing the old "watching and waiting" game.

"Before I vote one way or another for any proposition I must find how many teams are to be in the circuit, who they are and what new ones will be considered," he declared this morning.

That there will be a fine little party down in Evansville is assured from the division of the league magnates on several questions.

SHEVLIN SHOWED 'EM IN 1910; CAN HE REPEAT?

The dash of Tom Shevlin across the country to straighten out things at Yale, where the eleven has been walloped three times, recalls his work in 1910. Yale had been beaten 9 to 2 by West Point and 21 to 0 by Brown.

"Now, let's go and get 'em in the old Yale way," said Shevlin, as he began whipping the team into shape.

Yale walloped Princeton 5 to 3 and held Harvard to a scoreless tie.

MADE 'EM QUIT THE NASTY OLD GAME

Salt Lake Ladies Won't Have Their Poor Hubbies Pummeled.

Utah Agricultural college started the football season with fine prospects. Five veterans were back—Capt. Johnson and Willey, ends; Rigby, quarter; Lake and Peterson, backs. All are married and friends were proud of the prowess of the benedict on the gridiron.

Then a couple of Capt. Johnson's ribs were broken. His wife forbid him to play again. Lake was made captain, but one day he turned in his uniform. He gave his wife as the cause. Soon afterward Willey and Rigby turned in their suits. Their wives did not want them to play.

A new captain had to be picked. Peterson was the logical man, but the players refused to again select a married man. So the captaincy was voted to Cy Owens, a big tackle. Before a week had passed his engagement was announced.

That was about the last straw for Coaches Teeple and Stamp, former Michigan stars. They were already tearing their hair trying to fill the positions made vacant on the orders of players' wives.

News of the disruption of the eleven by Cupid spread north to Utah university. Fearing they might meet the same fate, Coaches Norgren and Breathed issued an order barring all members of the Utah university eleven from attending social functions where girls were to be present.

LOOK IN GRAIN FIELDS FOR "BOB WHITE" IS THE TIP OF EXPERT HUNTER.

(By Morris Ackerman).

Hunting quail is the most popular branch of field shooting in America. Bob White is the goal of almost every trap and wing shooter.

Killed by hundreds in the south in the open winter season, quail seem to thrive just the same. Bob White breeds better in the southern states where he is kept on the move. Quail must be disturbed so they may mate with other than their own broods if they are to thrive.

It is hard to tell the art of hunting these wonderful little streaks to the man fortunate enough to own a good setter or pointer.

Listen for the call of "Bob White."

When you flush quail, if in a covey, don't shoot at random into them, but take one bird at a time just as though you had flushed a single. You can usually get two good shots from each covey and two dead birds are better than half a dozen winged or crippled. Watch the fall and be on top of your bird as quickly as possible.

Watch your covey slowly and quietly watch the flight as quail will not fly far.

To the man shooting over the back of an experienced bird dog, it is more the dog that is watched than the bird itself.

As in rabbit hunting, most any clothes will do. Number 7 or 7½ shot are best, with barrel not over 30 inches, 28-inch brush gun preferred.

Quail feed on waste grain and seeds from grass and weeds and are usually found in open fields. Look in fields where hay, grain or clover has been cut. In fields where there is a little cover of brush and high grass they can usually be flushed.

WANT THE ALL ROUND CHAMPIONSHIP AGAIN

New York, Nov. 5.—Officials of the Amateur Athletic union have received a petition signed by ten American all around athletes and by athletic officals and trainers asking that the all round championship be restored and substituted for the Decathelon competition in the union program. The all round championship consists of one mile run 880 yards walk, 120 yard hurdles, running broad jump, running high jump, pole vault hammer throw, shotput and putting the fifty-six pound weight. The petitioners asserted that the decathelen is an unbalanced competition in which the restrictions placed on the special list and the runner by the half mile walk and fifty-six pound weight contest have been removed. They also add that the endurance factor has been eliminated by distributing the events over two days. Athletes of Chicago, Los Angeles, New York and Boston signed the petition. It will be considered at the annual meeting this month.

NO PAY FOR SUNDAY WORK.

Appellate Court Turns Down Claim of Allen County Deputy Assessor.

Indianapolis, Nov. 5.—A deputy assessor can not recover for work done on Sunday in the preparation and straightening of his books and papers, according to the decision of the appellate court in affirming the Allen circuit court in refusing to permit August Stellhorn pay for Sunday work on his claim against the board of commissioners of Allen county.

The court says no one would contend that such work was an act of charity and then demand pay, and that it can not be classed as a work of necessity, so that Stellhorn was violating the law when he worked on his books on Sunday, and can not demand pay for such services.

"ALL MY MEN THIS WAY" YELLS TIP

While the Central league is slated for turmoil, it does not hold a candle to tin antics in the Western league the last few months. Tip O'Neil, president of the Western, is practically a president without a league. He recently called a meeting of the league magnates for Chicago and but one man answered.

O'Neil declares he will abdicate the throne if the league pays off his back salary. As the Western was hard hit in the pocketbook the past season, Tip's chance for quitting do not appear any too good.

PUPIL MAY BEAT OLD TEACHER TO GRIDIRON CHAMPIONSHIP.

Player on Small College Team Breaks Drop-Kick Record That Stood Seventeen Years.

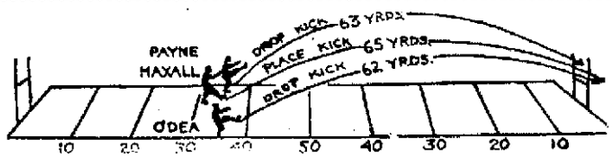

DIAGRAM SHOWS RECORD KICKS—PAYNE'S 63-YARD DROP-KICK, O'DEA'S 62-YARD DROP-KICK AND HAXALL'S 65-YARD PLACE-KICK.

(By Brown Holmes).

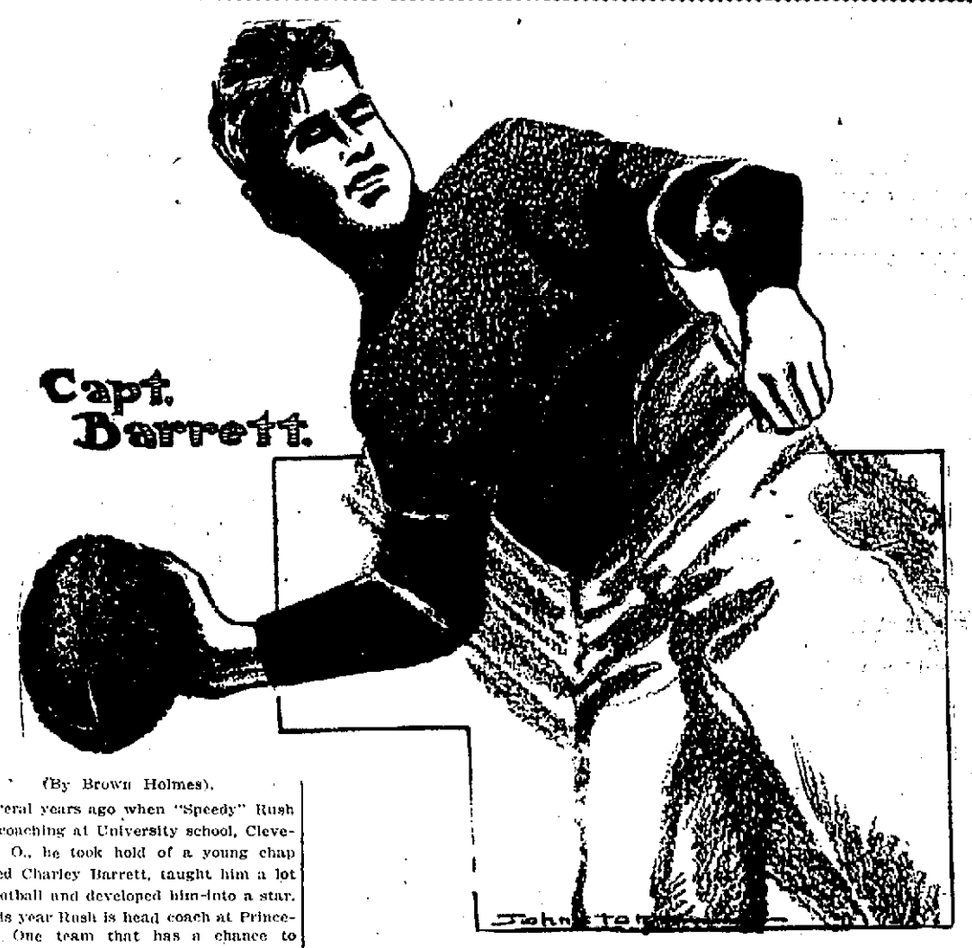
A drop-kick record that has stood seventeen years was smashed the other day when Mark Payne, of the Dakota Wesleyan, booted a field goal of 63 yards, sending the ball directly between the goal posts guarded by Northern normal.

The previous drop-kick record was 62 yards, set in 1898 by P. J. O'Dea, of Wisconsin, against Northwestern university at Evanston, Ill.

So many big games bearing on sectional championships have been played lately the feat of Payne, performed in a game between two rather obscure elevens, was almost completely smothered.

The kick, however, makes Payne a national star and his name will go down in the history of the game alongside of those of the greatest booters the gridiron ever produced.

The only field goal ever scored at a greater distance than kicked by Payne was a kick from placement by J. T. Haxall, of Princeton, against Yale in 1882, thirty-three years ago. Haxall place-kicked 65 yards.



(By Brown Holmes).

Several years ago when "Speedy" Rush was coaching at University school, Cleveland, O., he took hold of a young chap named Charley Barrett, taught him a lot of football and developed him into a star.

This year Rush is head coach at Princeton. One team that has a chance to beat him to the eastern championship is Cornell. And Cornell has a great team because this same Charley Barrett is captain and using his tricks Rush taught him when they were teacher and pupil back in the "bushes."

Cornell has beaten Harvard. Harvard victory over Princeton means an edge for Cornell in the battle for the big honors.

Barrett is the leading candidate of the east for the quarterback position on the All-American eleven. He has put Cornell on the football map. His selection of plays has been great and he run his team with a master hand.

Barrett has also starred in actual play. He is Cornell's biggest ground gainer. He has scored more touchdowns than any backfield man in the big schools. Two touchdowns against Virginia now boosted his total for the season to 13. His nearest rival is Martin, Navy halfback, who has scored seven.

It is a tribute to their judgment and to our clothes-making that more Kirschbaum overcoats are worn by American men than any other make. You will find them in a score of styles and fabrics to fit all physical dimensions and requirements at prices easy to pay—$15, $20, $25 and up.

Stern circumstances have slit the throat of many a good intention and thus with a diminished wool supply, other materials than pure wool are creeping in where ordinarily you would not expect them. Skinned in Fake Racing Game; Seeks Federal Aid

Chicago, Nov. 5.—W. P. Stimmel, of Phoebus, Va., has appealed to federal officials to recover $30,000 in money and his note of $34,500 outof which he alleges he was swindled in Springfield, Ill., on a fake horse racing scheme. Stimmel informed the authorities, it became known today, that he was induced to wager the money in a Springfield pool room as the result of forming an acquaintanceship with four men whom he met in Chicago.

One of the men whom the authorities believe are the same who swindled Dr. Kirby, a Chicago private banker, out of thousands of dollars, was introduced to Stimmel as a betting commissioner for a number of racing stables. He was supposed to have "inside information" on what horses could win.

Federal authorities began search for Frank Ellis, alias Colonel T. F. Henderson, Wm. Strousneider, alias John Steele, Samuel Cohen, alias F. B. Lambelt, and Joseph Johnson, alias Jacob Kronier.

SERBIANS FIGHTING TO THE LAST DITCH

Mere Handful of Soldiery is Opposing Overpowering Numbers.

Paris, Nov. 5.—"There, Monsieur; with that you can go and see how Serbia is going to die," exclaimed Ljouba Jovanovitch, minister of the interior, handing a letter of recommendation to the general staff to Albert Londres, special correspondent of the Petit Journal. Armed with this letter M. Londres made his way far beyond Palanka through long lines of retreating ox-wagons and endless herds of sheep plodding through the mud of the Morava valley, without panic, escaping from the Teutons whose voices were heard in the distance.

"At a cross road," writes M. Londres. "A Serbian captain who was waiting for me said, 'I was asked by Colonel Terzitch commanding our division, to take you to our last positions.' We walked side by side in silence and then came out on a plateau.

"'That is our last position, Monsieur,' said the Serbian officer. 'We are on Ossietz plateau. The two others you see a hundred yards away are the plateaus Vaboratz and Michavolatz which were just taken from us.'

"I saw no soldiers and asked, 'where is your line?'

"'There is comes,' replied the officer.

"I saw debouching from a little wood one by one, with a dignity that brought tears to my eyes the 150 men who, on this great plateau, Serbia had opposed to embattled Germany.

"'On retiring from Vaboratz an hour ago' said the captain, 'those 150 hid in the wood. Now they are coming out to face the enemy.'

"The lieutenant in command took a few steps into a cornfield and shouted to his men. They lay down on the edge of a field without a word or sidelong glance and deliberately raised their rifles.

"'Look Monsieur,' exclaimed the captain. 'There are the mountains of Hungary. Beyond that pass is the village of Verscatte before which is von Mackensen. Do you see that blue line a little further on? That is the Danube.'

"For sixteen days with their three, five, six and ten inch guns and the rest the Germans had been blazing away on this front. They never found on this line a larger number of men than those 150 brave fellows before our eyes but they had not yet succeeded in preventing the Serbians from seeing the blue line of their Danube when they raised their heads."

WOMAN LEAPS INTO FIRE TO END LIFE

Wabash, Ind., Nov. 5.—Mrs. Amos Reynolds, 59, committed suicide at her home near here yesterday by building a big bonfire and leaping into the flames. The woman's charred body was found by three of her little step-children.

Mrs. Reynolds gathered a quantity of brush and piled it near her home. She used a large number of matches before she succeeded in getting the blaze started. When the pyre was burning fiercely, she leaped in.

Mrs. Reynolds was married about a year ago. Her husband was not at home when she killed herself.

GIRL CLIPS OFF OWN BRAIDS IN NIGHTMARE

Sheboygan, Wis., Nov. 5.—When Gertrude Grasse, 15 years old, daughter of Louis Grasse, Sheboygan agent for the Standard Oil company, rose yesterday morning she found her exceptionally fine braid of hair was missing. It had been cut off in the night, just above the shoulders. She wore her hair in a braid that reached to her waist.

On missing the braid she ran to tell her mother, but as she passed through an adjacent room she saw the braid lying on the table beside a pair of shears.

Examination of doors and windows was made, and there was no sign of entry having been made during the night.

The accepted theory is the girl had a nightmare during which she cut off the braid. She has no recollection of it.

Bad weather during the last two summers was responsible for the inability of the company to meet its obligations, it was said.

CRUDE OIL GOES UP AGAIN.

New Advance Announced as Pittsburg Market Opens.

Pittsburg, Nov. 5.—Another advance in the price of all grades of crude oil was announced at the opening of the market here today by the South Penn Oil company, five cents a barrel being added to each except Ragland, which was quoted three cents higher. The new prices are Pennsylvania crude, $1.85; Mercer black, Newcastle and Corning, $1.35; Cabell, $1.40; Somerset, $1.27; Ragland, 68 cents.

BULL MOOSE WORKERS CONFER WITH LEE

Edwin M. Lee, one of the leading progressives of the state, was the principal spokesman Thursday afternoon at a conference of progressive workers from the Twelfth congressional district, held at the Hotel Anthony. Colonel D. N. Foster, who attended the conference, said that it was the opinion of those present that a state ticket will be nominated next year and that candidates for all other offices will be nominated to be voted for at the primaries in March. He said that the progressives are led to believe that the same men will be in control of the republican party that were in control in 1912.

Defect in Passports Holds Up American Missionaries.

New York, Nov. 5.—Rev. and Mrs. W. B. Jameson, United States Presbyterian church missionaries, have notified the church authorities here that they are being detained at Gibraltar because of defects in their passports. The missionaries, who had been married here just before they began their journey to Egypt last summer, were passengers on the Greek liner Athiani when she was burned at sea, and were returned to New York, where they took passage by another ship. They have already been more than two months trying to reach Egypt.

FIRE-BUG WANTS TO GO HOME TO FAMILY

James Carto, However, Goes to Jail Under $1,000 Bond for Hearing.

Announcing that his wife was not well and that he wanted to go home to look after her, James Carto, the fire-bug who tried to destroy the Western Gas Construction company's big plant, on Winter street, Wednesday night, informed the city court, Friday morning, that he wanted some haste made in his case so he could get away. His wife, soon afterward, crimped a part of her incendiary spouse's story by walking into the court room. Carto was charged with arson and the case was continued until the 9th inst. The man went to jail in default of $1,000 bond. Mrs. Carto expresses a belief that her husband's mind is deranged and there is not altogether an absence of reason to think so. Carto had worked for eighteen years at the Western Gas works and when discharged because his quarrelsome disposition had become a constant source of disturbance among other employes, doubtless brooded upon what he considered the injustice of his treatment until revenge became a monomania. Mrs. Carto says her husband has always been sober and industrious. He was unmistakably intoxicated, however, when he appeared at police headquarters Thursday to be interrogated by Chief Charles Lenz. The penalty for arson is severe. The statute provides for two to twenty-one years in the penitentiary and a fine double the amount of property destroyed or sought to be destroyed by the incendiary act.

Young Criminal Toted Big Gun.

Edward Fredericks, a 19-year-old youth now under bond to the circuit court for appearance on a burglary charge, was arrested by Officer Adkins and booked for carrying concealed weapons. Young Fredericks was toting a full grown 38-caliber revolver when Officer Adkins pinched him at Lewis and Lafayette streets. Fredericks said he was carrying the weapon to his father, who is employed in the Bass foundry. The case was continued until Nov. 12 and bond was fixed at $500. Fredericks went to jail. Some months ago Fredericks, who but recently had been paroled from Jeffersonville, was arrested for breaking into the Sanders book store on West Main street. He confessed, stating that his object had been revenge and not wrongful gain, because he had been discharged from his position there a year or two previously.

Was Scattering Checks.

William F. Cole, arraigned on a drunk charge, and continued for a week under $300 bond, is believed to have been using fraudulent checks in Fort Wayne. He had represented himself under different names to be a traveling representative of novelty concerns. He will be thoroughly investigated pending his hearing.

Other City Court Cases.

James Barner, a drunk, was fined $1 and costs, and Fred Joy, a worse souse, drew $5 and costs.

Harry Miller, no stranger to the police tribunal, was fined $19 and costs on a charge of disorderly conduct, to which he pleaded guilty. The landlady at 617 Clinton street, where he roomed, told him she was running the place, and to prove that she was not running all of it, Miller tore up his bed and distributed its furnishings to the kitchen and other parts of the establishment. He went to jail.

George Gillmore, already held a week on a drunk charge, was continued until Tuesday under $100 bond.

William Logue, charged with disorderly conduct, was turned loose.

CAR RIOTERS GIVE BOND.

Theodore W. Bruick, the lad whose skull was fractured by a switch hook in the hands of Frank R. Tibbles, an imported street car conductor, during a fight on East Creighton avenue, Sunday, October 16, furnished $1,000 bond at St. Joseph hospital Friday morning, for his appearance in the city court on a charge of assault and battery on Tibbles, whose skull also was fractured when Bruick hit him with a brick. On Thursday Tibbles furnished $1,000 bond for his assault on Bruick. Young Bruick left the hospital as soon as his bond was perfected and returned home.

College men are expected to point the way, which may account for the fact that 318 Yale students earned money last year by ushering.

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend 25 cents! Dandruff disappears and hair stops coming out.

Try this! Hair gets beautiful, wavy and thick in few moments.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Advertisement.

FIRST WINTER STORY HOUR AT PUBLIC LIBRARY SATURDAY.

The Story Hour at the public library begins Saturday morning. During the winter months story-telling in the children's department of the public library is one of the most interesting features of the work with children. Every Saturday morning at ten o'clock the story hour is held. The children are taken to one of the rooms on the second floor of the library where the stories are told. Children of the kindergarten and first four grades in school are invited.

The story hour is held with the purpose of interesting the children in the library and in good stories, with the ultimate desire to give them a love for good literature and to encourage the reading of good books. The accompanying protograph was made at the last of the story hours.

Reliable Cut-Rate Drug Store at the Transfer Corner

MOTOR BUS HITS BUGGY.

An auto bus of the Fort Wayne Motor Transfer company went into a buggy belonging to Vern Morrison, 802 East Wayne street, at 11:30 Thursday night at the corner of Spy Run avenue and Lawton place. The horse vehicle was struck from the rear and seriously damaged. Morrison escaped injury by jumping. The police department was notified and Motorcycle Officer Elmer Young made an investigation.

From $15 to $50

Are handsome coats of corduroy, velour, broadcloth, duvtyn, zibeline and other wanted fabrics—a coat for every woman at a price she wants to pay.

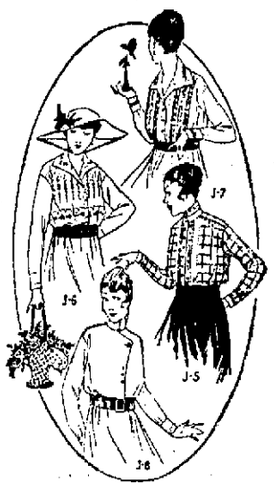
Wirthmor Waists at $1

We could use a whole page to good advantage for these Wirthmor Waists alone!

You'll find it hard to figure how such waists as these can be sold for $1.00.

Here are the reasons:

The manufacturer has contracted with one large store in nearly every city in the United States to take a certain quantity of these waists each week—this means that he can buy his materials more intelligently and more economically—he can keep his shops running at full speed all the time and he eliminates all of the heavy selling expense which other manufacturers contend with.



—All these savings which the manufacturer makes are savings for you. We don't claim to be offering you a $1.50 waist for $1.00, but we do claim that they're better waists than we have ever seen sold at $1.00 before.

—You will always find a great range of styles to choose from—some of them made nearly plain—others of them very exquisitely trimmed with laces and embroideries. Remember that a new lot arrives every week. Several styles will be shown for the first time today.

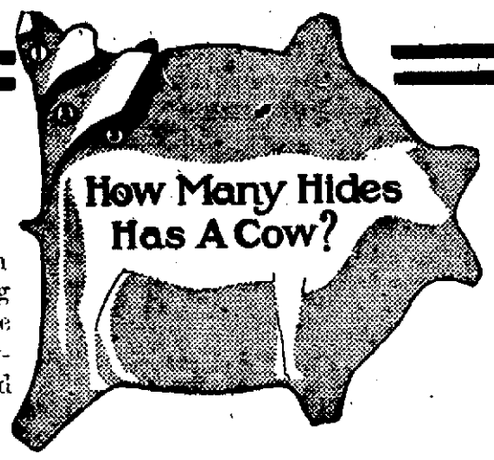
Craftsman Quality Fabrikoid

GUARANTEED FOR TWO YEARS

Looks like leather, but it is not leather, nor is it offered as an imitation leather. It stands in a class by itself. It is made of an especially strong fabric, coated with a durable flexible compound exactly duplicating the artistic appearance and luxurious feeling of the finest leather. Every Davenport covered with Craftsman Fabrikoid; is guaranteed by the maker and us to last TWO YEARS.



"One" Says Nature
"Three" Says Cunning

Besto Quality Fabrikoid

GUARANTEED FOR ONE YEAR

Leather manufacturers never give a day's guarantee on genuine leather. WHY BUY SPLIT LEATHER when you can purchase a fabric in Besto Fabricord that bears the guarantee of the DuPont Co., the largest of its kind in the world. Besto Fabrikoid comes both black and Spanish and every Davenport or Divan Bed in this sale is upholstered in this fabric. Special demonstration and sale for a few days of this wonderful fabric on steel interior Davenports. You better investigate this sale.

The Ideal Upholstery Material

Superior to Coated Split Leather

How Many Hides Has a Cow? You should know if you expect to buy Furniture covered in leather—"One" says "Nature," "Three' says cunning, and forthwith because the demand far exceeds the supply. Man craftily splits each single cowhide into several sheets. But remember this! There can be only one sheet grain leather. The rest are splits. Recognizing this fact, we buy no split leather for our upholstering. Instead we use Fabrikoid—that comes with a guarantee of one to two years, and we make good on any piece covered with this material. Tomorrow we start a special sale and

SOME OPPOSITION TO NEW BANK LAW

Likely to Develop When Congress Gets Into Operation.

By Gilson Gardner.

Washington, Nov. 4.—Opposition to the federal reserve banking system may find its expression in congress this winter. There is already talk of legislation which the federal reserve officials say would cripple the system, namely an act to relieve the national bankers from their liability under the federal reserve law requirement to deposit reserves in the federal reserve banks rather than in certain city banks which enjoyed them previous to the passage of the federal reserve act.

It is not generally known that the reserve law is not yet fully operative. A provision in the act deferred the transfer of reserves three years. This long period was urged in order that no shock might be felt by the business world on account of the withdrawal of large sums from city banks to federal reserve banks. The law requires that these deposits be made in four installments covering the three-year period. Two of these installments will have been completed on the 16th of November. Now it is suggested that congress will be asked to relieve the banks from making the other two deposits.

The reason is clear. Under the old law the banker was permitted to deposit a large part of his "reserve" in a bank in a reserve city. This bank in turn was permitted to deposit a large share of this reserve with a New York reserve bank. The result was that money, supposed to be on deposit with the country banker, or even in the western bank was really in eastern banks, in New York generally, where much of it was loaned on speculative stocks. It was this system which made possible the 1907 panic when the small correspondent banks could not get their money but were forced to use clearing house certificates in lieu of currency, the currency being tied up in the big eastern depositaries.

The federal reserve law was passed largely to cure this evil and while the big city banks have seemed to acquiesce and have found certain features of the law satisfactory, they naturally are not happy at the thought of letting go this money which for years has flowed in from the country banks and in their hands has made them huge profits. At the money trust hearing, one of the big New York bankers testified under oath that his bank's profits from these sources had been as high as 1,500 to 2,000 per cent. on the bank's capital stock.

One complaint made now is that some of the federal reserve banks are losing money. This is not true unless possibly in the case of one bank and it is claimed that any of the federal reserve banks could make money if their directors desired the bank to do so. The federal reserve banks all have tremendous sums at their disposal and as their capital stock is very small they can easily cover their running expenses and show a small profit by merely investing their deposits in municipal bonds which they are authorized by law to do. Their purpose in the theory of the law in any case is not to make big profits, but to be a reserve. Their stockholders are the member banks themselves, and these banks make the profit while the reserve banks serve as a vault in which accumulated reserves may safely be kept, to be used for the benefit of the stock-holding banks when occasion may arise. To demand that such banks make money is like a banker expecting a dividend from his vault.

There has been talk of reducing the number of reserve banks frim twelve to eight. There is no necessity for legislation to do this as the present law leaves this discretionary with the federal reserve board. It is believed that opposition to the reserve system is confined to bankers rather than to the business world which looks with favor on the idea of a monetary and banking system which has fortified against panics.

MRS. MARY A. SCHELE EXPIRES AT HOSPITAL

Life Long Resident of City Dies After an Extended Illnes.

Mrs. Mary Ann Schele, aged seventy-five years, a life long resident of Fort Wayne, died at 9:15 o'clock Friday morning at St. Joseph hospital, where she had been a patient for one week. She had been ailing for nearly three years, when she fell and sustained injuries to her lower limbs. Death was due to complications.

Mrs. Schele was the widow of Louis Schele, the well known brick contractor, who died sixteen years ago, since which time she had made her home with her son, Albert Schele, of 614 Brackenridge street.

The deceased had been a member of the Cathedral for over fifty years and was also a member of the Rosary and St. Vincent De Paul societies and of the Sacred Heart league. Three sons, William Schele, of Battle Creek; Charles, of New Castle, and Albert, of this city, survive her, as do three brothers, William and John Wilkinson, of this city, and Patrick Wilkinson, of Kalamazoo.

Funeral services Monday morning at 8:30 o'clock at the residence, 614 Brackenridge street, and at 9 o'clock at the Cathedral. Interment at the Catholic cemetery. Friends are kindly asked to omit flowers.

KEMP.

George Washington Kemp, aged twenty-four years, died at St. Joseph's hospital at 7:20 o'clock Friday morning following a surgical operation for liver trouble. He resided with his parents at No. 7 Edna street. The deceased was born and reared in Fort Wayne and attended the public schools.

Mr. Kemp was employed as a steamfitter at the Rolf plumbing shop for the past six months. Previous to that he worked for Derheimer Brothers. He was a member of Wayne lodge, No. 25, F. & A. M.

Besides the parents he is survived by three brothers, Olo, Harry and John Kemp; five sisters, Florence, Myrtle, Gertrude and Velma Kemp and Mrs. Carl Layman, all of this city.

Funeral services Monday afternoon at 2:30 o'clock at the residence and will be in charge of the Masons.

BUHRKUHL.

Mrs. Dora Buhrkuhl, widow of Henry Buhrkuhl, died Thursday evening at the home of her nephew and niece, Charles J. and Dora Scheiman, 314 East Jefferson street, at the age of 83 years. Death followed a brief illness due to pneumonia. She was widely acquainted, being known by everyone as a woman of lovable character.

Born in Germany she came to this country when yet a young lady and had resided here for over fifty years. She had been a member of St. Paul's Lutheran church ever since she lived in Fort Wayne and had always been active in all the affairs of the congregation.

Surviving relative include, one brother, A. E. Koester, of Greenbank, N. J.; and the following nephews and nieces: Henry Scheiman, of Grand Rapids; Fred, Charles and William Scheiman, of Fort Wayne; Miss Dora Scheiman, of Fort Wayne; Miss Minnie Koester, of Michigan, and Christian Koester, of St. Joe township.

Funeral services Saturday afternoon at 1:30 o'clock at the residence and at 2 o'clock at St. Paul's Lutheran church, Rev. Jacob Miller officiating. The services at the house will be private but friends may view the remains until 1 o'clock Saturday afternoon. Burial at Lindenwood. Please omit flowers.

BOESE.

William Boese, one of the oldest residents of Adams township, Allen county, died Thursday at his home following an illness due to infirmities of old age. Death was hastened by a stroke of paralysis and came at the advanced age of 87 years.

The deceased was born in Germany but came to this country when quite young. He resided in Fort Wayne for seven years during which time he was employed in helping to build the old Erie and Wabash canal. He then settled on a farm in Adams township where he resided until his demise. He was an highly successful farmer and was a charter member of the Rodenbeck church in Marion township.

His wife died nine years ago, but surviving he leaves the following children: Fred Boese, Mrs. C. Schlaudroff, Mrs. C. Koenig, William Boese, Charles Boese and Mrs. C. Brick. One brother, one sister, twenty-eight grandchildren and one great-grandchild also survive.

Funeral services Sunday afternoon at 1 o'clock, standard time, at the residence and at 1:30 o'clock at the church. Interment at the Saest cemetery.

KOWALSKI.

The infant son of Mr. and Mrs. John Kowalski died at the family home, 1311 Ohio street, at 12:45 o'clock Friday morning. Funeral will be held from St. Hyacinth Catholic church and interment will follow at the Catholic cemetery.

KOONTZ.

Mrs. Myrtle Koontz, wife of H. L. Koontz, of near South Whitley, died at 6:45 o'clock Friday morning at the Lutheran hospital at the age of forty years. Her new born son died Thursday morning and she passed away just twenty-four hours later.

The deceased was a member of the Christian church and besides the husband and parents is survived by three children, three sisters and two brothers.

The remains were shipped to South Whitley Friday afternoon by Peltier and funeral services will be held Sunday afternoon at Sidney.

NICE.

Peter Paul Nice, a well known farmer of near North Manchester, died at 2 o'clock Friday morning at Lutheran hospital at the age of 52 years following a brief illness. His wife and one daughter, Mrs. Wood, and one grandchild survive him.

SAYS EMPLOYERS ARE MAKING IT SUCCESS

Accident Prevention Big Feature of Workmen's Compensation.

Indianapolis, Nov. 5.—"The Indiana workmen's compensation act will succeed because the employers of the state are enlisting cheerfully and enthusiastically in the campaign for accident provision," said Samuel R. Artman, a members of the Indiana industrial board, in his address Wednesday before the Indianapolis Bar association in the federal court library. Mr. Artman upheld the act in all its parts as a foundation for the upbuilding of humanitarian business methods in Indiana. In part the speaker said:

"I believe that a more appropriate name for the act would be 'the workmen's conservation act.' Compensation in the sense of making good a loss is an absolute myth. The campaign of accident prevention has reached the point that it will pay, and the employers keenly recognize and appreciate the situation. I believe that the good effect in accident prevention—in human conservation will justify the Indiana workmen's compensation act.

"The act deals directly and primarily with the employer and the employe, and it deals with them in the relationship that grows out of personal injury of the employe due to an accident arising out of and in the course of his employment. The Indiana act stands alone in having the expression, 'every employer and every employe,' which gives the act unlimited coverage and makes it applicable to all except domestic servants, farm hands and casual laborers."

RESERVOIR EMPTIED AND GIVEN CLEANING

Only Small Accumulation of Slime and Leaves Found In It.

The work of voiding the waterworks reservoir on Lafayette street was completed at midnight and at 6 o'clock Friday morning the work of cleansing the big holder was begun, a city fire engine under direction of Assistant Fire Chief George Jasper being employed for the purpose. Superintendent Rose, of the waterworks department, who had charge of the work of emptying the reservoir and removing the debris from it, reported that but a small quantity of dead leaves and slime was found in the bottom and there were not so many worms in the bottom as it was expected would be found. From the time the reservoir was emptied until the fire engine was put to work water was forced with heavy streams into the container to cleanse the pipes and by morning was coming in clear. The work of refilling the reservoir was started after the fire engine had done its work. The mains in that part of the city will be thoroughly flushed and the board of works expects to bring an end to the plague of worms.

BOARD OF WORKS PROCEEDINGS.

Action Rescinded on Resolution to Put New Gutter on Main Street.

Ascertaining the Indiana improvement laws do not authorize the assessment of abutting property for such a purpose, the board of works Thursday evening rescinded all action on the resolution to construct new gutters along both sides of Main street from Barr to Court street. It was proposed to build a four-foot gutter of vitrified brick.

The Moellering Construction company submitted the only bid for paving the alley east of Broadway from Dayton avenue to the alley south and the alley south of Dayton from the alley east of Broadway to lot 20 of Wilson's addition. The firm was awarded the contract on its bid of $1.40 per lineal foot for concrete. For grading Webster street, from Darrow to Rudisill, these bids were received: W. H. F. Moellering, 66 cents per lineal foot; Fred Lutz, 68 cents; Harry L. McAfee, 72 cents; Grace Construction company, 72 cents; Moellering Construction company, 76 cents.

The board confirmed assessment rolls for the paving of Ruth and Begue streets and for sidewalks on the north side of Main street, Calhoun to Harrison, and on the south side of Putnam street, Andrews to Sherman.

TO DISCUSS WIRE ORDINANCE.

There will be a meeting of the council committee on rules, regulations and ordinances, Friday evening, to discuss the ordinance that proposes to license persons and firms that do electrical wiring. Objection to the proposed fee of $50 will probably result in it being reduced to $5.

SELECT SPY RUN SEWER ROUTE.

The board of works and city engineer have finally selected the route of the proposed Spy Run district main sewer. It will run parallel to the alley west of Spy Run avenue and will cross seventeen lots. Half of the owners of this property have agreed to give easement for the sewer.

IS STRONG FOR FORT WAYNE.

City Comptroller William C. Baade, who returned Friday from a trip to Evansville on private business, came back full of enthusiasm for Fort Wayne and her "second city" honors. Comptroller Baade says there are some real "live wires" among Evansville business men, but that the city is far behind Fort Wayne in material progress and improvements and he is stronger than ever for his home town and its fame.

HEARING IS CALLED OFF

(Continued from Page 1).

and power business in the city. He believes the traction company should devote its time in operating and giving the public efficient street car service. He believes that the traction company should spend its surplus revenue in improving its street car service and that it should not be taking the money earned in its street car service from the pockets of our citizens and use it in competition with the municipally owned electric plant. He will seek to procure all of the light and power business to the end that the traction company will leave the field. He promises that the surplus earnings of the lighting plant will be used in lighting the residence streets of the city so that all the residence streets shall be wholly lighted."

The mayor admitted that he had subscribed to such a statement. On cross examination he denied that he had entered into a conspiracy to bring about the present strike as alleged in the complaint, or that he has conspired in any way whatever to take advantage of the strike to secure business for the municipal lighting plant. He told of the efforts he had made to bring about a settlement of the trouble between the traction company and its former employes.

1,000 New Consumers.

At the hearing Thursday afternoon Mayor Hosey testified that during the month of October 1,000 new light consumers had been secured by the city, but emphatically denied that he had given instructions to the city solicitors to solicit from the traction company's consumers. He admitted, however, that such soliciting had been done not only since the strike, but ever since he had been in office. The mayor testified that soon after the strike was declared he had a conference with the manager of the city lighting plant and advised that no solicitation should be done that would lead the public to believe that the city was trying to get business from the traction company.

D. C. Denis, residing at 1002 Huestis avenue, testified that he had been asked by union men to change his lights from the traction company to the city. He admitted that the traction company's light had given entire satisfaction. He was told, he said, that he might lose his renters if he did not change.

J. W. Lowther, 501 East Lewis street, a barber on Broadway, told of a conversation he had heard to the effect that a paper had been circulated among the machinists employed at the Fort Wayne Electric works pledging them to take out the traction company's lights. He could give no names.

Motions for the dismissal of the application for injunction against the city, Mayor Hosey, local labor leaders and car men were filed in the federal court at Indianapolis Thursday afternoon. It is contended by the defendants that Judge Anderson does not have jurisdiction for the reason that the plaintiff, the United States Mortgage and Trust company, is a New York concern and Joseph C. Colgan, general organizer for the car men and one of the defendants, is a resident of Illinois. The motion was filed under the names of Mr. Colgan, Joseph D. Shaw, president of the Fort Wayne Federation of Labor; J. E. Hooper and Claude B. Huston, members of the car men's union, who are on strike. The same points were raised by attorneys for the car men, City Attorney Guy Colerick and Attorney Glenn Smiley, when the objection to the taking of depositions was made Thursday afternoon.

Mass Meeting Postponed.

The mass meeting which was to have been held Friday evening at the Majestic theater for the purpose of promoting the jitney bus company, has been postponed. The committee on arrangements, composed of J. B. LaTourrette, A. O. Castret and Clayton H. Johnson, has issued the following statement:

"Inasmuch as the car men's organization and organized labor in general have repeatedly asserted that they were willing to submit the points at issue in the car men's controversy to any fair-minded body of citizens and these same organizations, in their proposed transportation system of big "jitney busses" to be used and operated in competition with the street cars have mutually agreed that once having started to sell stock that there could be no settlement of this controvery, and inasmuch as the governor of the state has appointed such a committee of citizens to try to bring about a settlement of this, the questions at issue, we now postpone the proposed mass meeting called for the Majestic theater for Friday night, November 5, that no act of ours will in any way interfere with or embarrass this committee of citizens."

OPPOSES WILSON ON NATIONAL DEFENSE

(Continued from Page 1).

policy at this time? The president himself admits that there is no reason for a change.

"If we're not threatened by any nation, if our relations with all nations are friendly, if everybody knows that we're able to defend ourselves if necessary and if there is no fear among us, why is this time chosen to revolutionize our national theories and to exchange our policy for the policy of Europe? Why encourage the nations of Europe in their fatal folly by imitating them?

Menace to National Ideals.

"We are now spending more than $250,000,000 a year on preparedness—ten times as much as we are spending on agriculture—and I feel sure that the taxpayers are not in favor of increasing this sum at this time when a change is not only unnecessary, but a menace to our national ideals. There has not been a time in fifty years when there was less reason to add to the expense of the army and navy, for we are not only without an enemy, but our preparedness is increasing relatively as other nations exhaust themselves. And there never was a time and there never has been a time in our whole history when our duty to the world more imperatively demanded self-restraint and the counsels of peace.

"I hope the president will not be deceived by the atmosphere of the Manhattan club. That is the one place in the United States where the mammon-worshipping portion of the democratic party meets to exchange compliments—there is no group farther removed from the sentiment of the masses whether you measure that sentiment by economical, social or religious standards."

CONGRESSMAN CLINE HERE.

Congressman Cyrus Cline, of Angola, was a isitor in Fort Wayne Friday, calling on many of his friends.

WHITE FRUIT HOUSE SOLD BY RECEIVER

Bess Thompson White is Purchaser for Sum of $5,700.

In the superior court Friday the Citizens' Trust company as receiver of the White Fruit House reported the sale of the assets of the concern to Bess Thompson White for the sum of $5,700. The sale was approved and a bill of sale ordered given by the court. The receivership was brought about by a suit filed some weeks ago by Reid, Murdock & Co., wholesale grocers of Chicago. The purchaser of the Fruit House is the wife of James B. White, jr.

Says She Was Driven Away.

Alleging that she was driven away from the habitation of her husband's parents, where he makes his home, and was compelled to find refuge for herself and newborn infant at the residence of her sister, Daisy Neola Ryan has begun action in the superior court for divorce from William H. Ryan. They were married in 1911 and separated last month. The complaint charges cruel and inhuman treatment, detailing that the defendant called the plaintiff vile, indecent and obscene names and struck her, besides refusing to support the plaintiff and her child since the birth of the little one two months ago, and gave her no money to buy clothing. The asks the court to compel the defendant to pay money for her suit and support, and wants the custody of the baby. Emrick & Emrick are the plaintiff's attorneys.

Mrs. Whitbech Seeks a Divorce.

In the superior court Mabel W. Whitbech has sued Winfield Scott Whitbech for divorce and for the custody of two children, aged 3 years and 1 year respectively. She charges cruel and inhuman treatment, and says they were married Sept. 20, 1911, and on May 27, 1914, he left her without means of support. Harry H. Hilgemann is the plaintiff's attorney.

Baum Company in Good Condition.

The superior court has handed down a finding for the defendant in the suit of Henry Papier et al. vs. Baum & Co., for the appointment of a receiver. The finding of the court declares that the company is neither insolvent nor verging on such a condition, that it is meeting its obligations properly and that its books are in first-class condition and that there is no ground for the appointment of a receiver. The firm of S. Baum & Co. is a well known and substantial business concern and to prove its solid condition produced its books in court.

Says Wife Was Faithless.

Elmer Reed has begun suit in the superior court against Blanche Reed for divorce and charges her with being faithless to her marriage vows, naming one Robert Steeter. He says she was guilty in Chicago, October 10, and at other times, besides visiting winerooms with other men and drinking. They were married in April, 1914, and separated the 2nd inst. Hugh B. Olds is the plaintiff's attorney.

Notes of the Courts.

The last will and testament of the late William F. Crawford has been filed for probate. The decedent left his estate in its entirety to his widow, Hulda Amelia Crawford, who was named in the testament as executor.

The Indiana appellate court, in an opinion by Justice Moran, has denied the petition of appellee for a rehearing in the case of the Chicago & Erie railroad vs. Mitchell, administrator. The original opinion relates to the liability law of 1911 and appeal was taken from the Allen superior court.

The superior court has dismissed the suit of the First National bank vs. John Lerch and William Magley.

The suit of the Fort Wayne Motor company vs. William R. Fredericks has been dismissed from the superior court.

Charles Shuftlet has brought suit in the superior court against Obadiah Langford for $250, alleging that he contracted with the defendant to work for him, his compensation to be $25 a month, the right to cultivate a truck patch and occupy free of rent a certain house. He says the defendant forced him to move out and discharged him from employment. Frank M. Hogan is the plaintiff's attorney.

Edward J. Graff has brought suit in the superior court against Lewis Lopshire and others to quiet title to real estate. McAdams & Hartzell and William H. Shambaugh appear for the plaintiff.

In the circuit court Frank Huffman has sued the Ohio Electric Railway company for $500 damages, alleging that at 5 o'clock in the evening of October 2, last, the defendant's employes ran one of its interurban cars into the plaintiff's touring car at Maumee and Grant avenues, greatly damaging the automobile. It is alleged that no signals or other warning of the interurban car's approach was given. McAdams & Hartzell appear for the plaintiff.

The superior court has given judgment for $1,132 and decreed the foreclosure of a mortgage against the defendant in the suit of Hattie Myers vs. William J. Stuck, et al.

The suit of James P. Karr vs. John D. Rauch has been set for trial in the circuit court January 10.

The divorce suit of Ida Fry vs. Robert Fry has been dismissed from the superior court.

FORT WAYNE WOMAN DIVORCED.

In the Laporte county courts Mrs. Lucinda Kesterson, of Fort Wayne, has been granted a divorce from George Kesterson on a complaint that was well spiced. Intimacy with divers other women was alleged by the plaintiff. Mrs. Kesterson alleged domestic trouble for the past twenty-five years. Her husband now resides in Gary but formerly was a superintendent of the Indiana school for feebleminded in this city. The divorced wife resides at 140½ East Creighton avenue.

M'NAMARA CASE NOV. 8.

The county commissioners have granted the motion by counsel for Frank McNamara, applicant for transfer of a liquor license that the remonstrance against him be more specific and have fixed next Monday for a hearing. The remonstrance charges that McNamara is unfit to sell liquor and that he is attempting to procure a license for Charles C. Sthair, who was put out of business at 606 Knitters avenue by the commissioners some weeks ago. McNamara was Sthair's bartender.

TAX PAYMENT TOTALS $900,000.

The fall payment of taxes in Allen county will approximate $900,000, according to the totals so far completed by County Treasurer J. Herman Buster and his deputies. The work of making the totals is not yet completed, but has progressed far enough to indicate the amount collected. The delinquencies will be small.

LICENSED TO WED.

Albert F. Doctor, farmer, 19, and Beryl Roberts, 19.

WARREN MAY BE BIGAMIST

(Continued from Page 1).

Warren's return to Fort Wayne were received at the penitentiary, where they were believed to be those of Gifford, the escaped convict and fugitive. There seems to be little doubt of the identification.

The information received here states that Gifford, of Leavenworth, was employed as a barber and that he has a wife now in that city. This if true, will add the crime of bigamy to Warren's other transgressions and would serve to nullify his marriage to Beulah Youse, daughter of Mrs. Rebecca Youse, 250 West Main street, who supposed that she became Warren's lawful wife by a ceremony performed in Michigan City October 15 by Rev. O. L. Keplinger, chaplain of the Indiana state prison there.

Warren is now in jail in default of $2,000 bond for his appearance in the circuit court to answer a charge of issuing a fraudulent check here.

Chief of Police Lenz is awaiting further details from the prison authorities at Lansing, Kansas.

minister, whose remarks brought on the crisis, and to have demonstrated appreciation of the minister's force by appointing him aide de camp.

The Germans on the north Serbian frontier are not so fortunate in their attack but are slowly pressing back their opponents. The promised assistance for the Serbians is now materializing, according to advices from Saloniki and two divisions of British troops have arrived at Strumitza, joining the French.

German and Austrian officials, although indicating things are going well for the Teutons on the Russian front make it clear that they are now occupied chiefly with defending themselves against Russian attacks. Except in the way of counter attacks, their own initiative apparently has been spent. Particularly fierce Russian attacks are recorded along the Dvina and Stripa.

A dispatch from Athens to the Exchange Telegraph company, says that in the fighting in Babuna Pass the Bulgarians were defeated after three severe battles.

The correspondent also reports that the British legation at Athens has issued a statement to the effect that two British divisions are now approaching the Bulgarian front, and that other units are following.

ADVANCES ALONG LINE.

Berlin Sends Optimistic Report on Invasion of Berbia.

Berlin, Nov. 5.—By Wireless to Sayville.)—Advances all along the line by the Teutonic forces invading Serbia are announced in today's official statement by German army headquarters. The capture of 2,700 Serbians is reported.

Recapture of a trench northeast of Lemisnil in the Champagne district which the French had held since October 24, was officially announced by German army headquarters today. A counter-attack by the French against positions captured by the Germans to the north of Massiges failed with heavy losses to the attacking forces.

It is officially reported that the Bulgarians have completely defeated at a point northeast of Prilip the French forces which were landed at Saloniki. Part of the French contingent was routed and the others were made prisoners. The first of the French prisoners have arrived at Kusfendil.

CHECK FRESH ATTACKS.

French Claim Repulse of Germans at La Courtine.

Paris, Nov. 5.—(2:30 p. m.)—Between the river Aisne and the Oise German troops yesterday after having attempted to surprise the forces in the French trenches, directed very violent bombardment against the French positions.

In the Champagne district French forces have checked two fresh German attacks against the French trenches at La Courtine. This information was contained in the announcement given out this afternoon by the French war office.

Reports from the Serbian front indicate that determined resistance is still being offered to the Bulgarian forces which invaded the southern part of the country.

Bulgarian artillery violently bombarded advanced forts of Nish on the Nishava river Wednesday says a Saloniki dispatch to the Matin filed yesterday. They captured Nish-Kavola, a small town two hours march northeast of Nish.

DRUGGED; SENT ON JOURNEY.

Frankfort, Ind., Nov. 5.—Drugged mysteriously at Indianapolis, placed aboard a sleeper in a Big Four train, and finally awakening from his stupor to find himself in Kansas City, Mo., was the experience of R. B. Hayes, stepson of Henry Wilson, living at 400 West Armstrong street, this city. The young man has just reached home after his strange trip.

Hayes was in a depressed mental condition on reaching here, and could give few details of the trip. He was unable to account for the incident. No attempt was made to rob him, as he had only $1.25 and a watch when he arrived in Indianapolis last Friday. When he awakened in Kansas City he still had the money and the watch. Who placed him on the train and paid his fare is a mystery to Hayes. Hayes could not explain the manner in which he was drugged, except probably that opium was placed in his pipe. A physician who examined him said it was his opinion opium had been placed in his pipe, and lapse of memory resulted from smoking the doped tobacco.

WINONA AUCTION BEGINS.

Warsaw, Ind., Nov. 5.—The auction sale of the property of the bankrupt Winona assembly began here yesterday with 200 creditors present. The property is being disposed of according to the settlement plan agreed on when it was purchased with the purpose of reorganization by the old management. Winona's debts were about $900,000 and assets $100,000. Today's sales aggregated $400,000. Payment is to be made in claims.

BELL-RINGER MAKES RECORD.

Has Pulled Church Bell 755 Miles in Seventeen Years.

South Bend, Ind., Nov. 5.—Seventeen years as sexton at St. Patrick's Catholic church in this city, pulling the rope on the great bell at the church more than 700 miles in that time, is the unusual record which has just been completed by Charles S. Schubert. He has rung the bell for practically 7,900 meetings. He has averaged one meeting a day through the year and three times on Sunday, making an annual total of 420 services. In addition to this, Schubert has rung the bell three times a day for angelus. For each service he rings the bell twice. He averages ringing the bell six times on week days and nine on Sunday. Therefore, in a year, averaging twenty-five strokes to the pull for the 2,346 times he rings the bell annually he would give the bell 56,650 strokes. Now in each pull he jerks the rope four feet, making 234,600 feet annually or 3,988,200 feet or 755½ miles in seventeen years.

FINAL CURTAIN ON LITTLE BOBBIE SIMS

Colored Lad Who Rode Into Limelight on Freight is Back Home.

Their arrived in the mail at the office of Captain H. C. Stoll, of the Pennsylvania police department Tuesday morning a letter that is a final chapter in a little story of human interest enacted on the local division of the road this week.

The letter was addressed in a more or less regular hand to Detective James A. Jones. In the envelope were two letters, one from a small colored boy, glad to get back home, and the other from a la her grateful to have his youngster with him.

The first of the story dates back to the beginning of the week. Robert Sims lives in Chicago and is black as the ace of spades. He is eleven years old, undersized, soft-voiced and with the spirit of adventure within him.

Robert decided to see the world. So he hopped a high class fast Pennsylvania freight train in the Chicago yards, and started east. At Valparaiso Detective Jones saw him, and gently plucked him from his dangerous perch between a couple of cars.

Detective Jones wired the boy's father and sent him back to Chicago, after first showering upon him enough to make one small colored boy happy for life.

Here is the letter from the boy:

"Dear Jim: I got home safely and my father was at Englewood station, but I got off down their at the Union station and a detective met me and telegraphed to Englewood station to my father for him to come for me and he came down town for me, and him and I went home together and I was glad to get home and so was mother and father glad to see me back home. My father said I could come to Valpo, Ind., on my vacation. Yours Truly,

"Robert L. Sims."

The following are extracts from the father's letter:

"I desire to extend to you my sincere thanks for your aimable service in the intercepting and return of my boy. The boy is highly impressed with you and that impression proves your sterling worth." He closes by inviting Detective Jones to come to visit him and mildly announces that he will visit the officer at Valparaiso as soon as the opportunity presents itself.

VISITED JESSE PATTERSON.

C. R. Colmey Returns From Trip Over Peoria Division.

Road Foreman of Engines C. R. Colmey returned Friday from Decatur, Ill., where he was the guest of J. F. Patterson, superintendent of the Peoria division. Mr. Patterson left here several years ago to become superintendent of the division.

Mr. Colmey went over the track, station and bridge inspection of the division with Mr. Patterson and was his guest for several days. Superintendent Patterson has a snug little line and a busy one, too, as it runs through one of the best corn and coal countries of the central states.

TO INCREASE WORKING TIME.

Rolling Mills to Start Twenty-four Hour Trick.

Business at the Fort Wayne Rolling mills has increased to the point where it is advisable to increase the working hours and beginning next Monday the mills will be operated twenty-four hours per day for four days in the week and this may be increased to six days per week soon. Three eight hour shifts will be put to work at the mills. The increase is due to the receipt recently of some big orders for mill products. For two years the mills were operated on short time, working during the daylight hours only. The improvement commenced early in the fall and has steadily increased since.

NEW RETAINING WALL.

Work On Wabash Improvement is Progressing Rapidly.

A big gang of men is engaged on the new Wabash retaining wall on the south side of the tracks, between Taylor street and Fairfield avenue. The work is progressing rapidly and several of the sections are poured and set, and the work is being rushed to get through before winter sets in. It was the earth removed from this excavation that was used in the Harrison street bridge filling.

HAS HAND CRUSHED.

J. G. Roper, spring maker at the Pennsylvania company blacksmith shop, got a hand caught in a press at the shops yesterday afternoon late, and had the thumb terribly crushed. He will be off duty for some time as the result of the injury.

TRYTHALL IS RECOVERING.

J. Trythall, of the Pennsylvania shops, was about today for the first time since he was badly injured about the legs two weeks ago. He will not be able to return to work for several days at least.

ELECTRIC FIREMEN HAVE BLOWOTU.

The members of the voluntary fire companies at the Fort Wayne Electric works and the General Electric Lamp works enjoyed their first banquet and social of the season at the Fort Wayne Electric works last evening. The festivities began with a dinner at 6:30 o'clock in the assembly room, which everybody declared was the best ever. Near the close of the meal three of the men left the tables and soon afterwards an electric gong sounded the fire alarm and the men rushed back into the room, bearing miniature fire fighting apparatus and a house aflame with red bulbs and deposited them at the side of William Wurtle, the chief of the department. One model represented a hook and ladder company and the firemen set the ladders against the house which was afire. Two other companies with hose carts attached and strung the hose reproduced a real fire scene on the stage of the assembly room. The miniature apparatus which was the handiwork of E. J. Stroud, was presented to Chief William Wurtle after the flames were extinguished, President W. F. Melching making the presentation speech and Mr. Wurtle responding in his corresponding manner. Following this scene Factory Supt. E. A. Barnes made a short speech. Then F. G. Duryee, master of ceremonies, invited the "boys" to the club rooms, where the evening was spent in playing games.

JOHN DALMAN HERE.

John Dalman, a number of years ago assistant master mechanic in the Pennsylvania shops in this city, and now connected with "the steel trust," was a visitor at the local Pennsylvania offices yesterday.

INDUSTRIAL NOTES.

NEW HAVEN NEWS.

New Haven, Ind., Nov. 5.—Miss Mabel Robinett will spend the week-end with relatives and friends at Dunfee.

Mr. and Mrs. H. H. Grubb attended the wedding of their niece, Miss Violet Hursh, to Mr. Robert Martin, which took place at Auburn Tuesday. The bride has been a teacher in Adams township for the past two years and is quite well known in this community.

Miss Margaret Sturms was given a jolly birthday surprise party at her home Wednesday evening. The young people spent a most pleasant evening and at a late hour dainty refreshments were served. Miss Sturms received many pretty birthday remembrances from her guests, who were Misses Hazel Killworth, Helen Green, Mae Lenhart, Estella Albro, Mabel Robinett, Hazel Gorrell, Bertha Daniels, Marie Stark, Inez Sturms, Margaret Sturms, Messrs. Chris Ulmer, Harold Bandelier, Bert Guin, Marion Todd, Cornelius Helliworth, Ray Sumpton, Emory Liston, Lester Heine, Willis Miller, Roscoe Miller, Mr. and Mrs. L. Hiser, Mr. and Mrs. Chester Albro.

Mrs. Dr. Dawes, of Bozeman, Mont., is spending the latter part of the week with New Haven friends. Mrs. Dawes will be remembered here as Miss Nelle Park, who taught in the public schools here several years ago. She was called to her home in Bluffton last week by the death of her father.

Miss Evelyn Zurbuch, who is attending Sacred Heart academy, spent the week-end with her parents, Mr. and Mrs. John Zurbuch.

Mr. James Cameron will leave soon for Florida, where he will spend the winter.

Mr. and Mrs. Ira Butler have returned from a visit with relatives in Akron, Ohio.

An effort is being made by several of the young ladies here to organize a girls' basket ball team for the winter.

A masquerade surprise party was given at the home of Cornelius Hellworth Thursday evening in honor of his birthday anniversary.

Mrs. Barbara Timme and Miss Lizzie Timme, of Fort Wayne, called on friends here Thursday.

Edward Smith and family, of Warsaw, were guests of his father, Sam Smith and wife, the first part of the week.

NEW LIQUOR LAW UPHELD.

Florida Supreme Court Says Statute is is aVlid One.

Tallahasse, Fla., Nov. 5.—The Florida supreme court here has upheld provisions of the recently enacted state liquor law, which prohibits sale of liquor between 6 p. m. and 7 a. m., and forbids its sale in less than half pint quantities. According to representatives of some liquor interests the decision means discontinuance of approximately half the saloons in Florida unless it is upset by the United States supreme court.

"JUST ANYTHING" IS SUNSHINE BABY'S DIET

Mother of Prize Chicago -Youngster Tells How She Reared Him.

Chicago, Nov. 5.—Let him play in the sun, romp in the wind, frolic in the rain, teach him to love the out-of-doors; give him "just anything" to eat and let him sleep when he likes.

There it is—the recipe for a "sunshine baby." Not much science to it—and the family doctor might call it "moonshine," but it is the way Stacey Van Patten, jr., was brought up and Stacey's fame is now circling round the country as "The Sunshine Baby"—the baby unblemished by physical or mental flaw.

STACEY VAN PATTEN JR.

"My baby is truly a 'sunshine baby'" says Mrs. Stacey Van Patten of Chicago, the young mother. "The sun is his nurse, and the wind is his playmate, and with his coat and rubber boots on he loves to frolic in the rain. The weather man can't worry Stacey.

"When he was a mite of a baby I used to let him sleep on the porch. He loved the sun and he'd forget his playthings to watch it dance around his pillow, and he never cooed so sweetly as when the wind rocked his hammock. I kept him out of doors as much as I possibly could, and I let good Mother Nature take care of him; though I by no means neglected him. But I never fussed over him, never dieted him. What I eat, he eats—meat, potatoes, fish, everything—and a committee of five doctors who examined him at a recent baby show said he was physically perfect."

The "Sunshine Baby" is three years and three months old and he weighs 34 pounds, the normal weight for his age.

The great quantities of wood pulp that are being used constantly for newspapers and magazines, make it imperative to find substitutes for spruce pulp.

A British private escaped three bullets in an hour's fighting in France. One penetrated his poch, another the pack on his back, and a third destroying his rifle.

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. Meyer Bros. Drug Co., Dreier Drug Co., D. & N. Pharmacy, The Family Drug Store, and other good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE:—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

ODD FELLOWS GRAND LODGE THIS MONTH

Total Membership of the Order in Indiana is 84,932.

Members if the Independent Order of Odd Fellows are greatly interested in the semi-annual grand encampment meeting, to be held on November 16 and the grand lodge meeting to be held November 17 and 18 at Indianapolis. Fort Wayne members are particularly interested for the reason that Jesse Macbeth will be elected grand master.

Odd Fellows in Indiana will obtain many interesting bits of statistical information concerning their order, in addition to the current statistical reports, when the semi-annual statement from W. H. Leedy, grand secretary in Indiana, is completed for the sessions. In the report, which will cover the period from January 1 to June 30, 1915, Mr. Leedy has included many comparative statistics and one of the most interesting features will be a review of the last 25 years of the development of the order.

At the session of the grand lodge in 1890 Mr. Leedy was installed as grand master, and since then has been a prominent figure in the state organization, and his personal review of the last quarter of a century of Odd Fellowship in Indiana will be of great interest to all members of the lodge.

757 Active Lodges.

The report will show that on June 30 there were 757 active lodges in Indiana, with a total membership of 84,932, a net gain of 386 in six months. In 1890 the membership was only 33,000. In the first six months of the year 2,164 were initiated, 218 reinstated and 411 were transferred to Indiana lodges on cards from other states. There was 403 deaths and 478 transfers to lodges in other states, while 1,436 memberships were abated from other causes. In Indiana 28,186 members had the work of the grand lodge. Marion county led the state with 5,306 members, and Ohio county had the smallest membership, 57.

In six months relief benefits were paid to 5,664 members, to 168 widows and families and the sick benefits were for a total of 38,111 week. The payments made aggregated $195,960.59, bringing the total for the year ending June 30 to $362,563.02. The total resources of the order in Indiana were $4,252,527.40, of which $3,521,860.47 was represented by buildings and $702,879.35 by cemeteries and other realty.

Veteran Jewels Awarded.

Three veteran jewels were awarded in the six months to E. C. Clinton, of Alexandria, who was initiated July 1, 1896; to Fountain Harness, of Jeffersonville; who was initiated July 12, 1895, and to Jacob Schaninger, of Jeffersonville, who was initiated Sept. 6, 1865. Veteran Rebekah jewels were conferred on Alice Delong and Anna Klinginsmith, of New Augusta, and Della Shorte, of Monticello, all of whom have been Rebekas for 15 years.

In addition to the statistical reports the grand secretary's report will include recommendations to the grand encampment and to the grand lodge, which are not made public until after they have been given.

AFTER THE MOTOR RIDE USE MILK MASSAGE

After you've been on a long motor trip and the pores of your skin are full of dust, dirt and other poisons, don't scour and scrub your face with soap, but use a cleansing emollient milk massage, that will take out every particle of dust and dirt, and leave the skin soft, clear and white.

To prepare this massage, get two ounces of powdered bryol crystal from your druggist, add it to half a pint fresh milk and your milk bath is ready. Apply the milk bath freely to the face, arms and neck, massaging gently until it begins to roll out, keep on massaging until all the cream has rolled out and you will find that every particle of dirt, dust and grease has come out with it, leaving the skin soft and clear.—Advertisement.

MOUNT MAY BE PRESIDENT.

Report Is Rumely Stockholders Have Organized to Take Over Property.

Indianapolis, Nov. 5.—Since the decrees in federal court have been entered by Judge Anderson for the sale of the property of the M. Rumely and the Rumley Products Companies, Laporte concerns which went into bankruptcy last winter, the report of the selection of Finley P. Mount, receiver in both cases, as president of the new company which intends taking over the two plants, is again in circulation.

Mr. Mount's name frequently has been mentioned in connection with the position and it is generally believed that prominent creditors and stockholders of the two concerns have decided on him for the place. It is said an organization has been completed to take over the property and continue the business. Mr. Mount has closed his office in Indianapolis and has taken up permanent headquarters at Laporte.

In the final decrees, it is shown that the M. Rumely company has indebtedness to the amount of $11,000,000 and that the Rumely Products company's indebtedness totals $9,000,000.

WENT TO THE HOSPITAL.

C. E. Blanchard, postmaster at Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills were recommended to me and they completely cured me. I cannot speak too highly of them." Sufferers in every state have had similar benefit from this standard remedy for kidney and bladder ailments: It banishes backache, stiff joints, swollen muscles and all the various symptoms of weakened or diseased kidney. INDIANIANS WILL BE SUED.

District Attorneys Directed to Go After Money Owed to United States.

Washington, Nov. 5.—The department of justice has prepared instructions to District Attorney Frank C. Dailey, of Indiana, and other district attorneys in regard to bringing suits for the recovery of government money lent to Americans, who were stranded in Europe when the war broke out and who have failed to make settlement of the claims which the government has against them. Recently the treasury department made public a list of these claims, which included fifteen against persons who gave Indiana addresses.

At the department of justice it is stated that district attorneys will be instructed to investigate each case and wherever a person is found who is able to pay his claim, suit will be instituted in the name of the government, in the United States district court.

QUITS PHILIPPINE COMMISSION.

Gen. Riggs Unable to Agree With Governor General.

Baltimore, Nov. 5. Gen. Clinton L. Riggs, of this city, a member of the Philippine commission and secretary of commerce and police, today announced today that he had resigned his post and that his resignation had been accepted by the president. Gen. Riggs said that he took this step because he "found it impossible to submit my views and actions to the apparent wishes of the administration as expressed by the governor general."

How to Prvent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.—Advertisement.

TWO HANGINGS AT SAME HOUR.

San Francisco, Nov. 5.—Louis Bundy, who murdered and robbed a messenger in Los Angeles to get money for a present for a girl, and Earl Loomis, who murdered a Sacramento woman who resisted his attempt to rob her candy shop, were hanged simultaneously today, one at San Quentin and the other at Folsom penitentiary.

Work is rapidly advancing on the beautiful new modern home being built by Emmet Harper on Canal street.

The Alumni association of St. Augustin'es academy will conduct a sale of baked goods at Mme. Catherine's shop on West Wayne street on Saturday.

NEW HAVEN MAN IS BRUTALLY BEATEN

John R. Troutner, Assaulted by Roy Ladig, in Critical Condition.

An affidavit was sworn out Friday afternoon against Roy Ladig, of New Haven, charging assault and battery with intent to kill John R. Troutner, also of New Haven. It is said that on Thursday evening Ladig attacked Troutner and after knocking him down will a piece of iron pipe gave him a most brutal and unmerciful beating.

Troutner is said to be in a critical condition and Deputy Prosecutor S. A. Callahan Friday afternoon swore out an affidavit against Ladig, who will probably be arrested pending the outcome of Troutner's injuries. Prosecutor Callahan went to New Haven Friday afternoon to investigate the affair.

The assault is said to have been the result of a grudge Ladig held against Troutner for having once caused his arrest.

FIRES STRAWSTACK AND ATTACKS WOMAN

Vincennes, Ind., Nov. 5.—Fred Heacock is in jail here today, charged with arson and assault with intent to kill. Heacock was arrested by Sheriff Wolfe and a number of deputies as a result of an alleged attack on Mrs. Julia Gordon Snyder at the Snyder home seven miles south of this city. It is alleged that Heacock set fire to a strawstack on the Snyder farm and when Mrs. Snyder, attracted by the fire, opened a door of her home, he began shooting at her. Noah Snyder and Mrs. Gordon were married this week, and when Heacock read a report of the marriage, it is said, he went to the Snyder home with the intention of killing the woman. When placed in jail he attempted to commit suicide by butting his head against the bars of his cell.

VILLA MAY ATTEMPT TO CAPTURE A PORT

Washington, Nov. 5.—Confidential reports to the war department from official sources in Mexico indicate that Gen. Villa in his movement to Naco is carrying out part of a plan to strike from there through the interior to the Pacific coast to capture the port of Guaymas to get a base of supplies and then, after recouping his military strength, probably move on toward Mexico City. Villa's first plan was to get supplies at Agua Prieta if possible, but that it was planned long ago to move on to Naco, to Hermosillo and then on to the coast, where the American embargo on arms will not prevent the receipt of munitions.

MONUMENT IS UNVEILED.

Shaft Reared by D. A. R. to Putnam Revolutionary Dead.

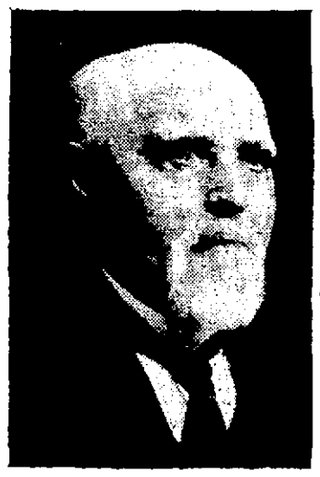
The Oldest Undertaker in the City



If we were to state in the following lines that we are the oldest and best known undertaking firm in the city, having the largest business building and stock, or the best embalmers and the most friendly funeral directors in the state, having never made an error in our line of business, we would not be stating the facts.

Although Mr. F. H. Scheumann is the oldest living undertaker in the city, the present firm of F. H. Scheumann & Son is but three years old, in which time we have made much headway. Installing motor service, removing our hearses to a firm where we can be furnished with the best of horses and coaches, classes our rolling stock with the best in the city. Leasing the entire building at 339 East Lewis street, where Mr. A. H. Scheumann and family reside, and erecting a garage in the rear has helped materially in giving prompt service.

Our place of business has been refinished and decorated throughout and we have refitted a 100 seating capacity chapel, which is always at your service. Our stock of funeral furnishings is selected from the best casket houses in the country and range from the most reasonable cloth-covered and hardwood to the best metalic caskets on the market, and are sold at prices which defy competition. Our services, from the art of embalming, conducting of funerals to the making of the headstake, are guaranteed to be absolutely satisfactory, or we make no charge for services.

To see a body prepared in our style takes away all horrors so many people have against embalming. Our work is never done behind locked doors and you never see any blood or any other substance of the body taken away later to be disposed of, all being scientifically embalmed without any mutilation, to be kept for an indefinite length of time, regardless of conditions of body or the season of the year.

Mrs. Elnora Scheumann, graduate of the Cincinnati College of Embalming, being the only practical lady assistant in the city, has won favor in all ladies' and children's cases she has taken care of.

By phoning No. 960 our service can be had, day or night.

MORE RIOTING IN CAR STRIKE.

Wilkesbarre, Pa., Nov. 5.—More rioting in the street car strike occurred here today when the Wilkesbarre Traction company resumed its operations of cars on two lines. Disorder broke out in the central part of the city at two different times. Stones, clubs and pieces of iron were hurled through car windows by strike sympathizers who numbered several thousand. State police and mounted city police rode into the crowds and dispersed them. Four arrests were made. Charges of inciting to riot have been lodged against the prisoners. By noon the trouble had subsided.

Beware of Cheap Substitutes.

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.—Advertisement.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Nov. 5.—Reports that the crop movement from first hands in the northwest showed a notable falling off, tended to rally the wheat market today after an early decline. After opening ⅛@¼c to ⅛@⅝c lower, with December and May both at $1.05 to $1.05¼, prices eased off a trifle more and then rose to well above yesterday's close.

The close was weak at ⅜@½c to ⅝c net decline.

Export business lifted corn. Opening prices, which ranged from ⅛c off to ¼c up, were followed by a moderate general advance.

The market, however, closed easy, ¼@⅜c to ⅜c@½c above yesterday's finish.

Oats hardened with corn.

Lack of demand had a depressing influence on provisions.

THE DAY ON WALL STREET.

New York, Nov. 5.—Metal shares led all other issues at the outset of today's trading, Anaconda, Chino and Utah Coppers selling at record prices, albeit initial gains were only fractional. U. S. Steel opened with 3,300 shares at 87⅝ up ¼ point. Bethlehem Steel was unchanged but soon gained 10 at 450, and other war issues were moderately higher. Rails were steady except Atchison, which lost 1⅝ points at 103⅝.

The market yielded to pressure before the end of the first hour, quotations then falling well under yesterday's final figures. Canadian Pacific lost three at 185¾ and other international shares were heavy. U. S. Steel and Coppers comprised the bulk of the early business. Early gains of two to three points in specialties were largely lost.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity (radius 20 miles): Fair tonight and Saturday; warmer Saturday.

For Indiana: Cloudy tonight, probably rain south portion; Saturday showers and warmer.

For Ohio: Fair tonight, somewhat cooler northeast portion; Saturday increasing cloudiness and warmer; probably rain south portion.

For Lower Michigan: Cloudy tonight and Saturday, probably rain; warmer Saturday.

WEATHER CONDITIONS.

During the last 24 hours the low pressure area moved from the upper lake region to the New England coast, causing light precipitation in the eastern portion of the lake region, upper Ohio valley, St. Lawrence valley and middle and New England states. Light showers occurred in California, Oregon and Washington. Fair weather prevailed in the interior states. In connection with high pressure over the upper lake region, lower temperatures have resulted in the western portion of the lake region and upper Mississippi valley. In the south and northwest temperatures have risen. Except in the St. Lawrence valley temperatures are generally above the seasonal average.
